§ 2-100. Party committees; provision for.

Party committees shall consist of a state committee, county committees, and such other committees as the rules of the party may allow.

§ 2-102. State committee; creation.

1. The members of the state committee of each party shall be elected from such units of representation as the state committee shall by rule provide. The number of members representing each unit may vary, but each member shall be entitled to an equal vote within his unit. Each member of the state committee shall be entitled to cast one vote unless the rules of the party shall provide otherwise.

2. Each member shall be, at the time of his election and continuously thereafter, an enrolled member of the party and a resident of the unit from which he is elected except as hereinafter provided.

3. To be eligible for election as a member of the state committee at the first election next ensuing after a readjustment or alteration of the units of representation becomes effective, a candidate must only have been a resident of the county in which the unit, or any part thereof, is contained for the twelve months immediately preceding the election.

4. The state committee may provide by rule for equal representation of the sexes on said committee. When any such rule provides for equal representation of the sexes, the designating petitions and primary ballots shall list candidates for such party positions separately by sexes.

5. The state committee may provide for the holding of a state convention and the election of delegates and alternate delegates thereto in any year and may empower such convention to adopt party platforms and policies and to transact such other business as it may prescribe.

§ 2-104. County committee; creation.

1. The county committee of each party shall be constituted by the election in each election district within such county of at least two members and of such additional members, not in excess of two, as the rules of the county committee of the party within the county or the statement filed pursuant hereto may provide for such district, proportional to the party vote in the district for governor at the last preceding gubernatorial election, or in case the boundaries of such district have been changed or a new district has been created since the last preceding gubernatorial election, proportional to the party vote cast for member of assembly or in the event there was no election for member of assembly, then proportional to the number of enrolled voters of such party in such district on the list of enrolled voters last published by the board of elections, excluding voters in inactive status. In a county in which no additional members are provided for by the rules of the county committee or the statement filed pursuant hereto the voting power of each member shall be in proportion to such party vote or, if the election district which such member represents was created or changed since the last election for member of assembly, proportional to such party enrollment. In a county in which additional members are so provided for, on the basis of the party vote or enrollment in election districts within such county, each member shall have one vote. Each member of a county committee shall be an enrolled voter of the party residing in the county and the assembly district from which or in the assembly district containing the election district in which such member is

elected except that a member of a county committee who, as a result of an alteration of assembly district lines, no longer resides within such assembly district may continue to serve for the balance of the term to which he was elected.

2. If, pursuant to section one of article thirteen of the constitution, such committee or a state convention of the party shall provide by rule for equal representation of the sexes on such committee, the rules of such committee relative to additional members, either from election districts or at large, shall be formulated and applied in such manner that the whole membership shall consist of an even number, equally divided between the sexes. When any such rule provides for equal representation of the sexes, the designating petitions and primary ballots shall list candidates for such party positions separately by sexes.

3. Notwithstanding the provisions of subdivision one of this section, a county committee of a party shall be legally constituted if twenty-five per centum of the committeemen required to be elected in such county, as provided in subdivision one of this section, have been elected.

§ 2-106. State and county committees; election of members.

1. Members of the state and county committees shall be elected at the primary election as herein provided.

2. Members of the state committee shall be elected biennially.

3. Members of county committees shall be elected biennially, except that to effect a transition from either odd to even or even to odd number year elections, a county committee may provide by an amendment to its rules filed with the board of elections at least four months before the date of the primary election at which the two year term of such committee is expiring, that the committee elected at such election shall be elected for a single, interim one-year term for members of such committee. No committee may effect such a change in the year of election more than once every ten years.

4. Members shall hold office until the next election at which members of the committee are elected.

§ 2-108. State and county committees; new party.

The state committee and county committees of a new political party, which meet prior to the first primary for which members of such party shall have become enrolled, shall be formed as provided by the rules of such party.

§ 2-110. Committees other than state and county; creation.

1. All committees other than state and county committees shall be formed in the manner provided for by the rules of the party.

2. In the city of New York there shall be the party positions of assembly district leaders or, if the rules of the county committee shall so provide, one assembly district leader and one associate assembly district leader. Outside the city of New York there shall be such positions when the rules of the county committee shall so provide. Such leaders shall be elected at primary elections as herein provided, within every county in such city for each assembly district, or for each part of an assembly district within such county as may be designated for the purpose in the rules of the county committee, and in every county of the state outside of such city where the rules so provide, for such assembly district or part thereof within such county as may be designated in such rules for the purpose. Such assembly district leaders or such assembly district leader and associate assembly district leader shall be of opposite sexes, if the rules of the county committee shall so provide, and shall be enrolled voters of the party residing within the assembly district and, if the rules of the county committee shall so provide, within the part of the assembly district for which they are to be elected, and shall be elected at the same primary election and for the same term as members of the county committee. When any such rule provides for equal representation of sexes, the designating petitions and primary ballots shall list candidates for such party positions separately by sexes. Each shall perform such duties, powers and functions as the rules of the county committee may prescribe. Vacancies in such positions shall be filled by the members of the county committee within the assembly district or part thereof, as the case may be, until the first primary election following the creation of such vacancy or vacancies for which the period for circulating designating petitions ends at least seven days after the creation of such vacancy or vacancies, at which time the successor or successors shall be directly elected as herein provided. Assembly district leaders and associate assembly district leaders shall automatically be members and shall have the right to participate

and vote in meetings of the county committee or any subcommittee thereof. The county committee may provide by its rules that the members of the state committee, elected in accordance with the provisions of this chapter, shall possess the duties, powers and functions of an assembly district leader or an associate assembly district leader. In such event the provisions of this section shall not apply to the members of the state committee but upon his election as a member of the state committee, such person shall be deemed to have also been elected as an assembly district leader or an associate assembly district leader.

3. To be eligible for election as assembly district leader or associate assembly district leader at the first election next ensuing after a readjustment or alteration of the units of representation becomes effective, a candidate must only have been a resident of the county in which the unit, or any part thereof, is contained for the twelve months immediately preceding the election.

§ 2-112. Committees; organization.

1. Every state committee shall within fifteen days after its election, every county committee shall within twenty days after its election, and all other committees shall within the time specified by party rules, meet and organize by electing a chairman, a secretary, a treasurer and such other officers as they may by their rules provide. Within three days after their meetings all state and county committees shall file in the office of the state board of elections a certificate stating the names and post office addresses of such officers. County committees and any other committee contained therein shall file a copy of such statement with their county board of elections.

2. Such officers shall be enrolled members of the party, but need not be members of such committees.

§ 2-114. Committees; rules of.

1. Each committee may prepare rules for governing the party within its political unit. Within ten days after the adoption of any rule or amendment thereto a certified copy thereof shall be filed by the state committee in the office of the state board of elections, and by the county committee in the office of the state board of elections, and in the office of the board of elections of the county. If a section or portion of such rules relate to the nomination of candidates for village office, such section or portion of such rules shall be filed in the office of the village clerk of all villages in which elections are conducted

by the village and in which the party makes any nominations for village office. No rule or amendment thereof shall be effective until the filing thereof in the office of the state board of elections. Such rules shall continue to be the rules for the committee until they are amended or new rules adopted.

2. Rules may be amended or new rules adopted from time to time by a majority vote of the members of the committee present at a meeting at which there is a quorum, provided a copy of the proposed amendment shall be sent with the notice of the meeting at which such amendment is to be proposed, such notice to be mailed not less than five days before such meeting to the post office address of each member of the committee.

§ 2-116. Committee [Committees]; removal of member.

A member or officer of a party committee may be removed by such committee for disloyalty to the party or corruption in office after notice is given and a hearing upon written charges has been had. The hearing shall be held by the committee, or a subcommittee thereof appointed for that purpose, which subcommittee shall report its findings to the full committee.

§ 2-118. Committees; vacancies, how filled and effect of change of boundaries.

1. In the case of the death, declination, enrollment in another party, removal from the unit or removal from office of a member of a committee, or the failure to nominate or elect a member, the vacancy created thereby shall be filled by the remaining members of the committee by the selection of an enrolled voter of the party qualified for election from the unit of representation in which such vacancy shall have occurred. When a state committee fills a vacancy pursuant to this subdivision, the chairman or secretary of such committee shall, within ten days after such vacancy is filled, file a certificate with the state board of elections setting forth the name, address, and unit of representation of the person so selected.

2. If the boundaries of any unit of representation be changed after the election of members of a state committee or assembly district leaders or associate assembly district leaders, the terms of members, assembly district leaders or associate assembly district leaders elected in such units of representation and the units of representation which such members, assembly district leaders or associate assembly district leaders represent shall continue

PARTY ORGANIZATION

until the next regularly scheduled election for such party positions and until their successors are elected.

3. The state board of elections, in accordance with subdivision four of section 3-100 of this title, shall enter into an agreement with the commissioner of motor vehicles whereby the department of motor vehicles will provide the state board of elections information to assist local boards of elections to verify a voter's identity pursuant to the federal Help America Vote Act of 2002.

3. The commissioner of motor vehicles shall enter into an agreement with the federal commissioner of social security whereby the social security administration will provide the commissioner of motor vehicles information to allow local boards of elections to verify a voter's identity pursuant to the federal Help America Vote Act of 2002.

4. In addition, the state board of elections, in accordance with subdivision four of section 3-100 of this title, shall enter into an agreement with other agencies within the state that have information relevant to the verification of a voter's identity whereby such agencies will provide the state board of elections information to assist local boards of elections to verify a voter's identity pursuant to the federal Help America Vote Act of 2002.

5. The information transmitted between the statewide voter registration list and other databases, as provided for in this section, shall be limited to the information which is contained in a voter registration application and is necessary to verify a voter's identity. The information contained in the statewide voter registration list shall not be used for non-election purposes.

§ 3-104. State board of elections; enforcement powers.

1. The state board of elections shall have jurisdiction of, and be responsible for, the execution and enforcement of the provisions of article fourteen of this chapter and other statutes governing campaigns, elections and related procedures.

2. Whenever the state board of elections or other board of elections shall determine, on its own initiative or upon complaint, or otherwise, that there is substantial reason to believe a violation of this chapter or any code or regulation promulgated thereunder has occurred, it shall expeditiously make an investigation which shall also include investigation of reports and statements made or failed to be made by the complainant and any political committee supporting his candidacy if the complainant is a candidate or, if the complaint was made by an officer or member of a political committee, of reports and statements made or failed to be made by such political committee and any candidates supported by it. The state board of elections, in lieu of making such

an investigation, may direct the appropriate board of elections to make an investigation. The state board of elections may request, and shall receive, the assistance of the state police in any investigation it shall conduct.

3. If, after an investigation, the state or other board of elections finds reasonable cause to believe that a violation warranting criminal prosecution has taken place, it shall forthwith refer the matter to the district attorney of the appropriate county and shall make available to such district attorney all relevant papers, documents, testimony and findings relevant to its investigation.

4. The state or other board of elections may, where appropriate, commence a judicial proceeding with respect to the filing or failure to file any statement of receipts, expenditures, or contributions, under the provisions of this chapter, and the state board of elections may direct the appropriate other board of elections to commence such proceeding.

5. The state board of elections may promulgate rules and regulations consistent with law to effectuate the provisions of this section.

§ 3-105. Administrative complaint procedure.

1. The state board of elections shall establish and maintain a uniform, nondiscriminatory administrative complaint procedure pursuant to which any person who believes that there is a violation (including a violation which has occurred or is occurring or is about to occur) of any provision of title three of the federal Help America Vote Act of 2002 (HAVA), may file a complaint.

2. Initially, any such complaint may be made orally, in person or by telephone, or in writing. Such complaints may be made to the state board of elections or with any local board of elections. A toll-free number shall be made available therefor for telephone calls to the state board of elections. Complaints shall be addressed by election officials expeditiously and informally whenever possible.

3. All formal complaints shall be filed with the state board of elections. All formal complaints shall be written, signed and sworn by the complainant. The complainant shall use a complaint form promulgated by the state board of elections. The state board of elections or a local board of elections shall assist any person with a disability who requests assistance to file a complaint. Complaints raising similar questions of law and/or fact may be consolidated by the state board of elections.

4. Upon the written request of the complainant, there shall be a hearing on the record, unless prior to the hearing, the state board of elections, in accordance with subdivision four of section 3-100 of this article, sustains the formal complaint as being uncontested. Any party to the hearing may purchase a transcript of such hearing.

5. The evidentiary standard applied to all formal complaints shall be a preponderance of the evidence.

6. Hearings shall be conducted by a panel of two commissioners of the state board of elections of opposite parties or senior staff members of opposite parties as selected by the commissioners of that party. If the panel does not agree to sustain the complaint, the formal complaint shall be deemed dismissed and shall constitute the determination of the panel.

7. The determination of the hearing panel will be final unless changed by the state board of elections pursuant to subdivision four of section 3-100 of this article, within ninety days of the filing of the formal complaint. A final determination shall be filed and published by the state board of elections within ninety days after the filing of the formal complaint, unless the complainant agrees to a longer period of time. When a violation has been found, the final determination shall include an appropriate remedy for any violation of Title III of the Help America Vote Act of 2002 (HAVA) found by the state board of elections. A final determination dismissing a formal complaint may be filed by any one member of the hearing panel.

8. Whenever a final determination of a formal complaint is not made within ninety days, or any other longer agreed upon time period, the state board of elections shall refer the formal complaint to an independent, alternative dispute resolution agency. Such hearings and determinations shall be conducted by the alternative dispute resolution agency pursuant to regulations promulgated by the state board of elections pursuant to subdivision four of section 3-100 of this article. Such agency shall have sixty days, from the expiration of the original ninety day time period, or any other longer agreed upon time period, to make a final determination. The state board of elections shall contract, pursuant to subdivision four of section 3-100 of this article with one or more such alternative dispute resolution entities for this specific purpose.

9. No provision of this section shall be construed to impair or supersede the right of an aggrieved party to seek a judicial remedy including a judicial remedy concerning any final determination made pursuant to

subdivision eight of this section. The state board of elections shall provide notice to all complainants of the provisions of this subdivision.

§ 3-106. Fair campaign code.

1. In addition to the powers and duties elsewhere enumerated in this article, the state board of elections, after public hearings, shall adopt a “fair campaign code” setting forth ethical standards of conduct for persons, political parties and committees engaged in election campaigns including, but not limited to, specific prohibitions against practices of political espionage and other political practices involving subversion of the political parties and process.

2. Copies of such code shall be sent to each candidate, political party or political committee, upon request, by the board of elections with which such candidate, party or committee is required to file statements of campaign financial disclosure pursuant to article fourteen of this chapter.

3. The state board of elections, on its own initiative, or upon complaint or otherwise, may investigate any alleged violation of the fair campaign code and, in appropriate cases, may apply for an order, as provided in this article.

4. In addition to any other civil or criminal penalty which may be provided for by law, the state board may impose a civil penalty, not to exceed one thousand dollars, upon any person found by the board, after a hearing, to have violated any of the provisions of such code.

5. Any such finding by the board may only be had after a hearing conducted by it upon reasonable written notice, as the board may determine, to such person and affording such person a reasonable opportunity to be heard and present and examine witnesses thereat.

§ 3-107. Powers and duties of the state board of elections respecting elections and crimes against the elective franchise.

Authority is hereby conferred upon the state board of elections to appoint a special investigator to take charge of the investigation of cases arising under the election law, and to appoint such additional special investigators and employees as it may deem necessary, and fix their compensation, within the limits of appropriation available therefor, and assign them to any election district or districts for the purpose of enforcing the

provisions of the election law. Moneys appropriated for carrying out the provisions of this section shall be paid out of the state treasury on the audit and warrant of the comptroller upon the certificate of the state board.

Such special investigators shall, when directed by the state board of elections, investigate qualifications of persons to register or vote and violations of the election law. Any such special investigator may:

1. Visit and inspect any house, dwelling, building, inn, lodginghouse, boarding-house, rooming-house, or hotel and interrogate any inmate, house-dweller, keeper, caretaker, owner, proprietor or landlord thereof or therein, as to any person or persons residing or claiming to reside therein or thereat.

2. Inspect and copy any books, records, papers or documents relating to or affecting the election or the registration of voters, or require the board or officer in charge thereof to furnish a copy of any such record, paper or document without charge.

3. Require any lodging-house, boarding-house or rooming-house keeper, landlord or proprietor to exhibit his register of the lodgers therein at any time to such special investigator.

4. Procure warrants of arrest and cause to be taken into custody the person or persons named in such process.

5. Go within the guard-rail at any polling place at any election.

Any such special investigator also shall have all of the powers of a peace officer as set forth in section 2.20 of the criminal procedure law, for the purpose of enforcing the provisions of this chapter.

Any person who neglects or refuses to furnish any information required by the election law or authorized herein, or to exhibit records, papers or documents herein authorized to be inspected or which are required to be exhibited, shall be guilty of a misdemeanor.

The state board or any of its special investigators shall have power to issue subpoenas or subpoenas duces tecum, administer oaths and examine witnesses under oath, for the purpose of investigating any matter within the jurisdiction herein prescribed for the purpose of aiding the state board in enforcing the provisions of the election law. Such subpoenas shall be issued in the name of the state board of elections. Such subpoenas may be served by any special investigator or by any police officer or peace officer who is acting pursuant to his special duties.

Any person who shall omit, neglect or refuse to obey a subpoena attested in the name of the state board of elections or who shall refuse to testify under or in pursuance thereof shall be guilty of a misdemeanor.

Any such special investigator may call upon any member of the police, sheriff, deputy sheriff, constable or other public officer, or any person, to assist him in carrying out the provisions of this section. Any such officer or person who shall fail to render the assistance so demanded or who shall wilfully hinder or delay such special investigator in the exercise of any power or the performance of any duty shall be guilty of a misdemeanor.

§ 3-108. Disaster; additional day for voting.

1. A county board of elections, or the state board of elections with respect to an election conducted in a district in the jurisdiction of more than one county board of elections, may determine that, as the direct consequence of a fire, earthquake, tornado, explosion, power failure, act of sabotage, enemy attack or other disaster, less than twenty-five per centum of the registered voters of any city, town or village, or if the city of New York, or any county therein, actually voted in any general election. Such a determination by a county board of elections shall be subject to approval by the state board of elections. If the state board of elections makes such a determination, it shall notify the board of elections having jurisdiction in that county that an additional day of election shall be held, which notice shall show: the nature of the disaster; the county, city, town or village affected thereby; the number of persons duly registered to vote therein at such general election; and the number of persons who voted therein at such general election.

2. The county board of elections shall thereafter set a date for an additional day for voting in the county, city, town or village affected by the statement, which shall not be more than twenty days after the original date of the general election and shall determine the hours during which the polls shall remain open on such additional day for voting; provided, however, that in any event the polls shall remain open for not less than eleven hours. The county board of elections shall publish notice thereof not less than twice in each week preceding the date for the additional day for voting, in newspapers as designated in this chapter, and shall notify all registered voters by mail. Such notice shall also direct attention to any change of polling places and shall contain such other and additional information as in the judgment of the board of elections shall be necessary and proper.

3. Official ballots shall be provided at public expense at each polling place for such additional day of election. In any election district in which voting machines were used upon the original day of voting, they shall be used for the additional day for voting. The original seal on such machines shall not be removed nor shall the machines be unlocked until the opening of the polls on the additional day for voting and the board of elections shall provide an additional seal to be used as soon as the polls are closed on such day.

4. Only those persons duly registered to vote upon the original date of the general election who did not vote on such date shall be entitled to vote on the additional day for voting. Voting on the additional day provided for in this section shall be accomplished solely by physically appearing at the polling place and nothing contained in this section shall be construed to extend the time set by law for casting or canvassing a military, absentee or special presidential ballot; provided, however, that nothing contained herein shall be deemed to invalidate any absentee, military or special presidential ballot duly received on the original date of the general election.

5. *A county board of elections, or the state board of elections with respect to an election conducted in a political subdivision in the jurisdiction of more than one county board of elections, may determine that, as the direct consequence of a fire, earthquake, tornado, explosion, power failure, act of sabotage, enemy attack or other disaster, the ability to make a filing with respect to any provision of this chapter was substantially impaired. Upon making such a finding, a county board of elections, or the state board of elections shall extend for a reasonable time the period for making such filing. An extension pursuant to this subdivision granted by a county board of elections shall be subject to the approval of the state board of elections if such extension is longer than one business day.*

{§ 3-108 was amended by ch. 394, Laws of 2008.}

§ 3-110. Time allowed employees to vote.

1. If a registered voter does not have sufficient time outside of his working hours, within which to vote at any election, he may, without loss of pay for up to two hours, take off so much working time as will, when added to his voting time outside his working hours, enable him to vote.

Matter in *italics* is new; matter in brackets [-] is old law to be omitted.

2. If an employee has four consecutive hours either between the opening of the polls and the beginning of his working shift, or between the end of his working shift and the closing of the polls, he shall be deemed to have sufficient time outside his working hours within which to vote. If he has less than four consecutive hours he may take off so much working time as will when added to his voting time outside his working hours enable him to vote, but not more than two hours of which shall be without loss of pay, provided that he shall be allowed time off for voting only at the beginning or end of his working shift, as the employer may designate, unless otherwise mutually agreed.

3. If the employee requires working time off to vote he shall notify his employer not more than ten nor less than two working days before the day of the election that he requires time off to vote in accordance with the provisions of this section.

4. Not less than ten working days before every election, every employer shall post conspicuously in the place of work where it can be seen as employees come or go to their place of work, a notice setting forth the provisions of this section. Such notice shall be kept posted until the close of the polls on election day.

Not more than two commissioners shall be registered voters of the same county.

4. No person shall be appointed as election commissioner or continue to hold office who is not a registered voter in the county and not an enrolled member of the party recommending his appointment, or who holds any other public office, except that of commissioner of deeds, notary public, village officer, city or town justice, member of a community board within the city of New York or trustee or officer of a school district outside of a city.

5. [Repealed]

6. An election commissioner shall not be a candidate for any elective office which he would not be entitled to hold under the provisions of this article, unless he has ceased by resignation or otherwise, to be commissioner

prior to his nomination or designation therefor. Otherwise such nomination or designation shall be null and void.

7. An election commissioner may be removed from office by the governor for cause in the same manner as a sheriff. Any vacancy so resulting shall be filled in a manner prescribed by this article for filling vacancies.

§ 3-202. Election commissioners; term of office.

1. The term of office of an election commissioner shall be two years beginning January first of each odd numbered year except that in the city of New York and the county of Schenectady the term shall be four years beginning on January first of each alternate odd numbered year. The county legislative body of any other county may determine that the commissioners of elections thereafter appointed shall serve for a term of four years. Such determination may be rescinded by a subsequent action of the county legislative body which shall take effect at the expiration of the terms of the commissioners then in office.

2. The local legislative body may, at any time, determine that the terms of office for commissioners shall be staggered and may make subsequent appointments so as to provide for staggered terms of office thereafter.

§ 3-204. Election commissioners; appointment.

Provided, however, that if a legislative body shall fail to appoint any person recommended by a party for appointment as a commissioner pursuant to this section, within thirty days after the filing of a certificate of recommendation with such legislative body, then the members of such legislative body who are members of the political party which filed such certificate may appoint such person. If none of the persons named in any of the certificates filed by a party are so appointed within sixty days after the filing of any such certificate, then such party may file another certificate within thirty days after the expiration of any such sixty day period recommending a different person for such appointment. If a party fails to file a certificate within the time prescribed by this section, the members of the legislative body who are members of such party may appoint any eligible person to such office.

5. If at any time a vacancy occurs in the office of any election commissioner other than by expiration of term of office, such vacancy shall be filled as herein provided for the regular appointment of a commissioner except that a person who fills a vacancy shall hold such office during the remainder of the term of the commissioner in whose place he shall serve. Certificates of party recommendation to fill such vacancy shall be filed not later than forty-five days after the creation of the vacancy.

§ 3-208. Election commissioners; salaries.

Each election commissioner in the same county shall receive an equal salary. The salary shall be an annual salary to be fixed by the county legislative body except that each commissioner of elections in the city of New York shall receive the sum of three hundred dollars for each day's attendance at meetings of the board or any of its committees, not to exceed thirty thousand dollars a year.

1. The election commissioners, at their first meeting after the first day of January of each year, shall organize as a board, electing one of their number as president, and one as secretary, and if there is a deadlock, the members shall draw lots for such places. The president and secretary shall not belong to the same party.

2. All actions of the board shall require a majority vote of the commissioners prescribed by law for such board.

3. The records of the board, and all papers and books filed in its office are public records. Minutes of all meetings shall show how each commissioner voted upon any resolution or motion. The board shall keep a record of its proceedings, of the number of voters registered and enrolled with each party for that year in each political subdivision or part thereof, data relating to the expenses connected with registration, enrollments and elections within the county or city and such other information relating to elections as this chapter or the state board of elections may prescribe.

4. (a) Each board of elections shall make an annual report of its affairs and proceedings to its local legislative body once every twelve months and no later than the last day of January in any year. A copy of said annual report shall be filed with the state board of elections.

(b) Said annual report, as required by paragraph (a) of this subdivision, shall include a detailed description of existing programs designed to enhance voter registration. Such report shall include a voter registration action plan which details the various activities and programs of each board, including a description of those steps which shall be taken in the future to increase registration opportunities, especially for those identifiable groups of persons historically underrepresented on the rolls of registered voters; and coordinate voter education programs with school districts, colleges and universities within the board's jurisdiction including voter registration of qualified applicants and instructional or extracurricular activities promoting participation in the electoral process.

(1) Each voter registration action plan shall provide for the designation by the board of a registration activities coordinator. Such designee shall be responsible for initiating contact with each school district, college and university within the area served by the board to request that such school district, college and university designate an administrative liaison who,

together with the registration activities coordinator, shall plan, prepare and implement voter education and registration programs to enhance electoral participation. The state board of elections shall promulgate rules and regulations providing guidelines for county board of election assistance to school districts, colleges and universities in the establishment of electoral participation programs.

(2) Each voter registration action plan shall set forth existing activities and planned programs designed to insure compliance with the requirements of subdivision two of section 5-210 of this chapter regarding the distribution of registration application forms.

(3) The state board of elections shall review the voter registration action plan submitted by each board of elections and assist in the development and implementation of local registration outreach services and activities.

5. The board of elections of the city of New York, upon the affirmative vote of six commissioners, may adopt rules authorizing a number of commissioners less than the total membership of the board to act on behalf of the board on matters required to be performed by boards of election pursuant to the provisions of this chapter, provided that such number shall be comprised of commissioners representing equally the two political parties entitled to representation on the board.

§ 3-214. Board[s] of elections; general office and branches, hours.

1. The board of elections in the city of New York shall maintain an office in the borough of Manhattan, which shall be the headquarters of such board, and an office in each borough of the city. Elsewhere, in each county, the county legislative body shall provide the board of elections for such county with proper and suitable offices.

2. Any board of elections may establish as many fixed branch offices as it deems necessary.

3. Each office shall be open at least every business day during usual business hours, except that each central board office shall be open for the receipt of papers at least between the hours of nine A.M. and five P.M. on the last day on which a paper may be filed with it and on such other days and hours as may be required herein. In each of the two calendar weeks before each general election, each office shall remain open on at least two business days until at least seven P.M. and on Saturdays from not later than nine A.M. until at least noon. In the city of New York, each office shall also remain open on

the Sunday before the general election from not later than ten A.M. until at least one P.M.

§ 3-216. Boards of elections; assistance to, records to be furnished it.

1. Any law enforcement agency whenever called upon by a board of elections, shall assist in the investigation of registrations and render all other practicable assistance in the enforcement of this chapter. The officer in charge shall detail to the service of the board of elections, upon its written request, such members or employees of the agency as may be necessary.

2. Every public officer shall be required to furnish to the board of elections, without charge, such copies of the official records in his custody, certified by him, as the board may require and as are appropriate and necessary for the performance of its duties.

§ 3-218. Subpoenas; power to issue by boards of elections.

1. The board of elections and any of the commissioners thereof may require any person to appear and attend before the board or a commissioner at an office of the board and be examined by the board or a commissioner as to any matter in relation to which the board is charged with a duty under this chapter, or in relation to violations of the elective franchise, and subpoenas may issue therefor.

2. When an oath is required or permitted by this chapter, any commissioner, or an employee of the board designated in writing by it, may administer such oath.

§ 3-220. Records and photostats; preservation and sale.

1. All registration records, certificates, lists, and inventories referred to in, or required by, this chapter shall be public records and open to public inspection under the immediate supervision of the board of elections or its employees and subject to such reasonable regulations as such board may impose, provided, however, that a voter's driver's license number, department of motor vehicle non-driver photo ID number and social security number shall not be released for public inspection. No such records shall be handled at any time by any person other than a member of a registration board or board of

inspectors of elections or board of elections except as provided by rules imposed by the board of elections.

2. The central file registration records shall be kept in locked filing cabinets in the office of the board of elections or, in the appropriate branch offices of the board of elections. Such records shall be taken from such file and handled only where necessary to make entries thereon or take other action in connection therewith as required by this article. The board of elections may cause to be made, photostatic copy or copies of the registration poll records of registered voters in any election district and shall cause such photostatic copies to be placed in one or more ledgers in the same manner and in the same order as the original registration poll records appear in the ledger or ledgers containing the registration poll records for such election district. Such photostatic records shall be open to public inspection, in lieu of the original registration records.

3. Registration records which have been mutilated or voided or which, following the refusal of a board taking registrations to permit an applicant to register, have been marked "Refused" shall be retained by the board of elections for at least two years. Upon destruction of any such records the board shall keep a file of the serial numbers of the records so destroyed. Reports of deaths shall be retained by the board of elections for two years. In January of each year, the board of elections may remove from its files and may destroy the check cards of persons whose registrations were cancelled more than two years previously.

4. Subsequent to the expiration of ten years after the receipt thereof or, in the case of registration records, subsequent to the expiration of two years after cancellation of the registration to which they relate, the board of elections, in lieu of preserving any of the records as hereinbefore provided, may preserve photostatic, microphotographic or photographic film copies thereof, and may destroy the original records and is authorized to do so in accordance with the provisions of article thirteen of the state finance law. If the board of elections maintains a computer readable registration record for each registered voter, which includes a copy of the entire registration poll record or application for registration of each such voter, the original poll record or application for registration may, with the permission of the state board of elections, be so destroyed subsequent to the expiration of two years after such copy is entered in the computer readable record. If such copies in the computer readable record do not include the backs of those registration poll records

which have been used at one or more elections, then all such poll records which have been used at one or more elections may, with the permission of the state board of elections, be so destroyed subsequent to the expiration of two years after such copy is entered in the computer readable record, or subsequent to the expiration of four years after the last election at which such poll record was used, whichever is later.

5. Any such photostatic, microphotographic or photographic film copy made pursuant to this section or any such computer readable record shall be deemed to be an original record for all purposes and, when satisfactorily identified, may be introduced in evidence in any judicial or administrative proceeding. An enlargement, facsimile or certified copy thereof shall, for all purposes, be deemed to be an enlargement, facsimile or certified copy of the original record and may likewise be introduced in evidence if the film copy or the computer readable record is in existence and available for inspection under direction of the court or administrative agency. The introduction in evidence of a film copy or a copy of a computer readable record, or an enlargement, facsimile or certified copy thereof, shall not preclude introduction of the original record.

6. All petitions, certificates, objections or papers filed or deposited with a board or officer before an election or primary and relating to designations or nominations, and all registers, books, statements, returns or papers so filed or deposited after registration, enrollment, election or primary at which they were used or to which they relate, not including, however, the voted, unused, protested, void or wholly blank ballots, shall be preserved by such board or officer for at least two years after the receipt thereof and until the determination of any action or proceeding touching the same or in which they are ordered to be preserved pending the action or proceeding and at the expiration of such time they may be either destroyed or sold. Lists of registered voters with computer generated facsimile signatures used in lieu of registration poll records at any election shall be preserved until the end of the fourth calendar year after the year of such election. In all jurisdictions, the original statements of results made by the state board of canvassers or a county or city board of canvassers and any original record specifying the name of a person declared to have been elected to a public office shall not be destroyed or sold but shall be preserved, as part of the records of such board or officer, until otherwise provided by law.

6-a. During the period prescribed by subdivision six of this section, no petition shall be removed from the office of the board of elections for copying or any other purpose except while in the custody, or under the supervision of a member or employee of such board or pursuant to court order.

7. Upon the sale of any property authorized by this section to be destroyed or sold, the proceeds shall be paid over as follows: If sold by the board of elections, the proceeds shall be paid into the county treasury, or, in the city of New York, into the city treasury. If sold by the clerk of a city, town or village, the proceeds shall be paid to its fiscal officer for its benefit. Proceeds of the sale of any such property in the office of the state board of elections shall be paid over as provided by law with respect to other state moneys in the hands of a state officer.

§ 3-222. Preservation of ballots and records of voting machines.

1. Except as hereinafter provided, voting machines shall remain locked against voting for a period of thirty days or until fifteen days before the next election, if such machines are needed for use at such next election. 2. Write-in ballots shall be preserved for two years after such election and the packages thereof may be opened and the contents examined only upon order of a court or judge of competent jurisdiction, or by direction of such committee of the senate and assembly if the ballots relate to the election under investigation by such committee, and at the expiration of such time, such ballots may be disposed of at the discretion of the officer or board having charge of them.

Provided, however, that such ballot boxes and such packages may be opened, and their contents and the absentee and military, special federal, special presidential and emergency ballots and ballot envelopes may be examined, upon the order of any court or justice of competent jurisdiction. Boxes and envelopes containing absentee, military and emergency ballots voted at a general or special election, for the office of member of the senate or assembly, packages of void, protested and wholly blank ballots, unopened absentee and military ballot envelopes and the packages of unused ballots, in connection with such election, also may be opened, and their contents and such envelopes also may be examined, by direction of a committee of the senate or assembly to investigate and report on contested elections of members of the legislature. Unless otherwise ordered or directed by such a court, justice or committee, such boxes shall be opened and their contents and such packages and the envelopes containing voted ballots and ballot envelopes shall be destroyed, at the expiration of the period during which they are required by the provisions of this section to be preserved, except that instead of being destroyed, they may be sold and the proceeds paid over in the manner provided with respect to the sale of books, records and papers pertaining to an election.

§ 3-226. Boards of elections; ownership, care, custody and control of voting machines.

1. Boards of elections shall direct the purchase, acquisition or lease of voting machines, of a kind authorized by law, which shall be selected by such board provided, however, nothing in this section shall preclude the state board of elections from distributing voting machines to boards of elections without charge. All voting machines, and appliances and equipment relating to or used in the conduct of elections shall be in the care, custody and control of the board of elections. Such board shall cause all necessary repairs and maintenance to be made and employ such help as may be necessary in making such repairs and in moving, setting up and caring for all election materials, equipment and appliances, including voting machines. 3. Any person designated to the additional inspectors list shall meet the requirements for regular election inspectors and may be removed in the same manner as any election inspector.

4. The state board of elections shall supply each board of elections with instructional material to be used in the preparation for such examinations and shall give each such board of elections uniform directions for the conduct of such examinations, which, it shall be the duty of the board to follow. Every such board may utilize additional materials selected by it in the course of instruction. No person taking such examination shall be permitted to know the questions or answers in advance or be given access to the answers during the examination. If such inspectors or clerks pass such examination, the board of elections shall certify the designated election inspector or poll clerk.

4. The county board of elections shall within two weeks notify those who have passed the examination, that they are certified to serve.

Unless such removal is for improper conduct, while such officer is actually on duty on the day of registration or election, it shall occur only after notice in writing to the officer to be removed. Such notice shall set forth clearly the reasons for his removal. Neglect to attend to the duties of the office shall be a cause for the removal of any such officer.

2. All such vacancies so created shall be filled in the same manner as the original appointment was made. Any election officer who shall at any time be appointed to fill a vacancy, shall have that fact stated in his certificate of appointment and shall hold office only during the unexpired term of his predecessor.

For administrative purposes, each county may establish one or more categories for the mileage allowance, based on the range of distance traveled, and pay the mileage allowance for that category.

§ 4-100. Election districts; creation and alteration.

1. The State of New York shall be divided into election districts which shall be the basic political subdivision for purposes of registration and voting as provided in this chapter.

2. The creation, consolidation, division or alteration of election districts shall be done by the legislative body of the city or town within which the election district is contained except in the cities of Buffalo and New York and the counties of Monroe, Nassau, and Suffolk. In the cities of Buffalo and New York, and the counties of Monroe, Nassau and Suffolk, and for any other town or city, upon the request of its legislative body, the creation, consolidation, division or alteration of election districts shall be done by the board of elections.

3. a. Each election district shall be in compact form and may not be partly within and partly without a ward, town, city, a village which has five thousand or more inhabitants and is wholly within one town, or a county legislative, assembly, senatorial or congressional district. Except as provided in paragraph b of this subdivision, election district boundaries, other than those boundaries which are coterminous with the boundaries of those political subdivisions mentioned in this paragraph, must be streets, rivers, railroad lines or other permanent characteristics of the landscape which are clearly visible to any person without the need to use any technical or mechanical device. An election district shall contain not more than nine hundred fifty registrants (excluding registrants in inactive status) or, with the approval of the county board of elections, not more than eleven hundred fifty registrants (excluding registrants in inactive status), but any election district may be divided for the convenience of the voters.

b. An election district in a city or town may divide a block, provided that the board of elections prepares an alphabetical list of all the streets in such city or town with the election district for each such street. If any such street is divided between two or more election districts, then such list must contain the lowest and highest street numbers in each such district and if the odd and even numbers on a street are in different districts, such list must contain separate listings for such odd and even numbers and if there are both odd and even numbers in such different election districts, such list must contain separate

PROCEEDINGS PRELIMINARY TO REGISTRATION 4-102

listings for such numbers. Copies of such lists shall be filed and kept open to public inspection in the offices of such board. One copy of each such list shall be delivered, upon request, to the state board of elections and to a person or officer designated jointly by the speaker of the assembly and the temporary president of the senate. Surplus copies shall be sold at cost.

4. Any election district must be realigned when the total number of registrants, excluding registrants in inactive status, at the time of the preceding general election, exceeds the maximum number permitted by this section by at least fifty registered voters.

5. Any creation, consolidation, division or alteration of election districts in any calendar year shall be made on or before February fifteenth, and shall take effect on April first, except that when required by the creation or alteration of a political subdivision, other than an election district, in which candidates are to be voted for at the next election, such creation, consolidation, division or alteration shall be made and shall take effect immediately upon creation or alteration of such political subdivision. No such creation, consolidation, division or alteration shall be made between February twentieth of a calendar year ending in seven and December first of a calendar year ending in zero unless required by the creation or alteration of a political subdivision.

6. In the event that a legislative body of a city or town fails to create, consolidate, divide or alter election districts by February sixteenth, when it is required to do so, pursuant to the provisions of this section, the board of elections of the county wherein such city or town is located, shall do so.

§ 4-102. Maps; congressional, senatorial, assembly and election districts.

1. The state board of elections, at the expense of the state, shall publish maps showing the county or counties contained in each of the congressional districts, senatorial districts and assembly districts of the state.

2. Where a portion of a county is contained in any congressional, senatorial or assembly district, the state board shall publish a map showing the portion of such county contained in each such respective district. Such map or maps shall show the extreme boundaries of the portion of the county so contained, as described by the street boundary and shall have printed thereon the names of the streets or public ways bounding the district; provided however, that where the extreme boundary consists of the boundary line of any

city, town or village, it shall be sufficient to so indicate, without showing or naming individual streets or public ways.

3. The state board shall also publish three individual maps of each borough of the city of New York, which shall show all of the congressional districts or parts thereof, all of the senatorial districts or parts thereof, and all of the assembly districts or parts thereof contained in such borough. Each such map shall show the extreme boundaries of the districts to which it refers, as described in the street boundary and shall have printed thereon the names of the streets or public ways bounding the district.

4. All such maps shall be to scale. Pertinent copies of such maps shall be filed and kept open to public inspection as follows: one in the office of the town or city clerk, except in the city of New York; one in the office of every board of elections, and each branch office, if any. Surplus copies if any, may be sold at cost and the proceeds remitted to the state board of elections. Whenever the boundaries of any congressional, senatorial, or assembly district are altered, the state board of elections shall publish revised copies of those maps affected by such boundary alteration and make the distribution required in this subdivision.

5. a. A map or separate maps of uniform scale of election districts within a town or ward, or, in the city of New York and the county of Nassau, within an assembly district, wholly within such city or county or within that portion of any assembly district within such city or county, shall be made by the board or body creating or altering the districts so that the map or maps on file at any time will show the existing election districts in such town, ward, assembly district, or the appropriate portion of such assembly district.

b. In a city, street corner numbers of the block or blocks defining the extreme boundaries of each election district shall be printed on the map or maps, within or outside the block line or lines, so as to show plainly the highest and lowest street numbers within the election district of every street bounding the district.

c. Copies of such maps or descriptions shall be filed and kept open to public inspection as follows: one in the office of the town or city clerk, except in the city of New York; one in the office and each branch office, if any, of the board of elections.

d. One copy of each map shall be delivered, upon request, to the state board of elections and to a person or officer designated jointly by the speaker of the assembly and the temporary president of the senate. Each time an

PROCEEDINGS PRELIMINARY TO REGISTRATION 4-104

election district boundary is changed a copy of the new map shall be sent to each such board, person or officer who has requested such maps. Surplus copies of maps of election districts in a city or town may be sold at cost and the proceeds paid to the county, city or town which incurred the expense of preparing the maps.

6. In a town, after the creation or alteration of any election district therein, the board of elections shall furnish to the inspectors of election in each election district, on the first day of registration or election occurring after such change, a map or description [description] showing such election district.

§ 4-104. Registration and polling places; designation of.

1. Every board of elections shall, in consultation with each city, town and village, designate the polling places in each election district in which the meetings for the registration of voters, and for any election may be held. The board of trustees of each village in which general and special village elections conducted by the board of elections are held at a time other than the time of a general election shall submit such a list of polling places for such village elections to the board of elections. A polling place may be located in a building owned by a religious organization or used by it as a place of worship. If such a building is designated as a polling place, it shall not be required to be open for voter registration on any Saturday if this is contrary to the religious beliefs of the religious organization. In such a situation, the board of elections shall designate an alternate location to be used for voter registration. Such polling places must be designated by May first, of each year, and shall be effective for one year thereafter. Such a list required to be submitted by a village board of trustees must be submitted at least four months before each general village election and shall be effective until four months before the subsequent general village election. No place in which a business licensed to sell alcoholic beverages for on premises consumption is conducted on any day of local registration or of voting shall be so designated. If, within the discretion of the board of elections a particular polling place so designated is subsequently found to be unsuitable or unsafe or should circumstances arise that make a designated polling place unsuitable or unsafe, then the board of elections is empowered to select an alternative meeting place. In the city of New York, the board of elections shall designate such polling places and alternate registration places if the polling place cannot be used for voter registration on Saturdays.

1-a. Each polling place shall have at least one entrance that provides access, by ramp or otherwise, to physically disabled voters, provided, however, that this requirement may be waived in writing by the county board of elections upon a petition to the board by the legislative body of the city or town designating such polling places showing good and sufficient cause. In the city of New York and in counties in which polling places are designated by the board of elections, the board shall specify in writing why it has determined that it is unable to comply with the provisions of this subdivision. Such petition, waiver, and written determination, as provided for in this subdivision, shall be filed in the office of the board and be available for public inspection. Such a waiver may be granted and filed or such a written determination may be filed only where the board of elections determines, with regard to each specific polling place for which a waiver is sought or a written determination is to be filed, (1) that an alternative accessible polling place is not reasonably available in the election district or a contiguous election district and that specific efforts were undertaken in cooperation with persons with disabilities who have contacted the legislative body of the city or town which requested such waiver or the board of elections which filed such written determination to locate such an alternative accessible polling place and such efforts are listed in the petition or written determination, (2) that compliance with the polling place accessibility requirements of this subdivision would require that unreasonable expenses be incurred and paid, pursuant to section 4-136 of this article and that specific information regarding expenses for compliance is listed in the petition or written determination, and (3) that substantial efforts will be undertaken in cooperation with persons with disabilities who have contacted the legislative body of the city or town which requested such waiver or the board of elections which filed such written determination during the period for which the waiver is effective to achieve compliance with the polling place accessibility requirements of this subdivision and that the specific substantial efforts to be undertaken to achieve compliance are listed in the petition or written determination. For purposes of this subdivision, the term "persons with disabilities" shall mean persons with disabilities who shall be entitled to vote in the election district for which a waiver is sought and service centers for independent living established pursuant to article twenty-three-A of the education law and other entities which represent the interests of persons with disabilities. A request for a waiver shall be filed at the same time that the list of polling places is submitted to or established by the board of elections. The

PROCEEDINGS PRELIMINARY TO REGISTRATION 4-104

board of elections shall forthwith prepare a list of all election districts for which a waiver is sought or a written determination filed. Such list together with all such petitions for waiver and written determinations shall be public records at the office of the board of elections. Not later than May seventh of each year, the board of elections shall mail a copy of said list by first class mail to every person who has made a written request for such list within the two preceding calendar years. The board of elections shall either grant or deny the waiver no later than June first of the year in which the request is made. The state board of elections shall promulgate regulations necessary to ensure proper execution of the provisions of this subdivision.

2. If the board of elections, after designating a polling place, and after sending written notice of such polling place to each registered voter, designates an alternative polling place, it must, at least five days before the next election or day for registration, send by mail a written notice to each registered voter notifying him of the changed location of such polling place. If such notice is not possible the board of elections must provide for an alternative form of notice to be given to voters at the location of the previous polling place.

3. A building exempt from taxation shall be used whenever possible as a polling place if it is situated in the same or a contiguous election district, and may contain as many distinctly separate polling places as public convenience may require. The expense, if any, incidental to its use, shall be paid like the expense of other places of registration and voting. If a board or body empowered to designate polling places chooses a public school building for such purpose, the board or agency which controls such building must make available a room or rooms in such building which are suitable for registration and voting and which are as close as possible to a convenient entrance to such building and must make available any such room or rooms which the board or body designating such building determines are accessible to physically disabled voters as provided in subdivision one-a. Notwithstanding the provisions of any general, special or local law, if a board or body empowered to designate polling places chooses a publicly owned or leased building, other than a public school building, for such purposes the board or body which controls such building must make available a room or rooms in such building which are suitable for registration and voting and which are as close as possible to a convenient entrance to such building, and must make available any such room or rooms which the board or body designating such building determines are accessible to physically disabled voters unless, not later than

thirty days after notice of its designation as a polling place, the board or body controlling such building, files a written request for a cancellation of such designation with the board or body empowered to designate polling places on such form as shall be provided by the board or body making such designation. The board or body empowered to so designate shall, within twenty days after such request is filed, determine whether the use of such building as a polling place would unreasonably interfere with the usual activities conducted in such building and upon such determination, may cancel such designation.

3-a. In cities with populations of more than one hundred thousand, any person or entity which controls a building for which a tax exemption, tax abatement, subsidy, grant or loan for construction, renovation, rehabilitation or operation has been provided by any agency of the state or any political subdivision thereof on or after the effective date of this subdivision shall agree to make available for registration and voting purposes the room or rooms in such building which the board or body empowered to designate polling places determines are suitable for registration and voting, are accessible to physically disabled voters and are as close as possible to a convenient entrance to such building. Notwithstanding any other provision of law, any agency of the state or any political subdivision thereof may deny a tax exemption, tax abatement, subsidy, grant or loan for construction, renovation, rehabilitation or operation to a building in any such city which is otherwise eligible for such exemption, abatement, subsidy, grant or loan if the person or entity which controls such building refuses to agree to make available for registration and voting purposes the room or rooms in such building which the board or body empowered to designate polling places determines are suitable for registration and voting, are accessible to physically disabled voters and are as close as possible to a convenient entrance to such building. The provisions of this subdivision shall not apply to buildings used solely for residential purposes which contain less than twenty-five dwelling units.

3-b. Any person or entity conducting any program, activity or service for which a loan, grant, contract, subsidy or reimbursement has been provided by any agency of the state or a political subdivision thereof on or after the effective date of this subdivision shall make available for registration and voting purposes the room or rooms under the control of such person or entity in a building in any such city in which such program, activity or service is conducted which the board or body empowered to designate polling places determines are suitable for registration and voting, are accessible to physically

PROCEEDINGS PRELIMINARY TO REGISTRATION 4-104

disabled voters and are as close as possible to a convenient entrance to such building. Any such person, organization or entity shall agree to facilitate the use of such room or rooms, to the maximum extent possible, by making efforts to obtain the permission and cooperation of any person or entity which controls the building in which such room or rooms are located. Notwithstanding any other provision of law, any agency of the state or any political subdivision thereof may deny a loan, grant, contract, subsidy or reimbursement to any such person or entity otherwise eligible for such loan, grant, contract, subsidy or reimbursement unless such person or entity agrees to make available for registration and voting purposes the room or rooms in such building which the board or body empowered to designate polling places determines are suitable for registration and voting, are accessible to physically disabled voters as provided in subdivision one-a of this section and are as close as possible to a convenient entrance to such building and agrees to facilitate the use of such room or rooms, to the maximum extent possible, by making efforts to obtain the permission and cooperation of any person or entity which controls the building in which such room or rooms are located.

3-c. Notwithstanding the provisions of subdivisions three-a and three-b of this section, no person, board, agency, body or entity shall be required to make available for registration or voting by persons other than the residents of such building, any room or rooms in a building, other than a publicly owned building, which contains correctional, health, mental hygiene, day care, drug or addiction treatment, or emergency services or other services for the public safety, or in a building used for religious services.

3-d. Notwithstanding any inconsistent provision of section 3-506 or section 4-134 of this chapter, and in the absence of a specific written agreement to the contrary, if the board or body empowered to designate polling places has authorized the use of a portable ramp, or ramp and platform, at a polling site for purposes of compliance with subdivision one-a of this section, the person or entity in control of a building or portion thereof in which such polling site is designated shall install, remove, store, and safeguard each such ramp, or ramp and platform, at such times and dates as may be required by the board or body empowered to designate polling places.

4. Where an election district is so situated or the only facilities available therein are such that public convenience would be served by establishing a polling place outside such district, the board or body empowered

by this chapter to establish election districts may designate a polling place in a contiguous district.

4-a. Notwithstanding any conflicting provisions of this section, the common council of the city of Little Falls may adopt a resolution determining that there is no building within an election district within such city available and suitable for the meetings for the registration of voters or for any election, or that for reasons of efficiency or economy it is desirable to consolidate the polling places for two or more, or all districts, in such city, in one place, regardless of whether or not such district adjoins the district to which such meeting or polling place is moved, and there may be as many distinctly separate election districts lawfully located in the same building as public convenience may require. Such a resolution shall be subject to the approval of the county board of elections. Every such building chosen shall meet all other requirements of this section and all federal requirements for accessibility for the elderly and the disabled.

5. (a) Whenever the number of voters eligible to vote in an election in any election district is less than one hundred, the polling place designated for such district may be the polling place of any other district which could properly be designated as the polling place of the first mentioned district pursuant to the provisions of this chapter, except that the polling place designated for any such district may be the polling place of any other district in such city or town provided that the distance from such first mentioned district to the polling place for such other district is not unreasonable pursuant to rules or regulations prescribed by the state board of elections and provided that the total number of persons eligible to vote in such other district in such election, including the persons eligible to vote in such first mentioned districts, is not more than five hundred. The inspectors of election and poll clerks, if any, of such other election district shall also act in all respects as the election officers for such first mentioned districts and no other inspectors shall be appointed to serve in or for such first mentioned districts. A separate poll ledger or computer generated registration list, separate voting machine or ballots and separate canvass of results shall be provided for such first mentioned districts, except that if the candidates and ballot proposals to be voted on by the voters of such districts are the same, the election districts shall be combined and shall constitute a single election district for that election. If the polling place for any election district is moved for any election, pursuant to the provisions of this subdivision, the board of elections shall, not later than ten nor more than

PROCEEDINGS PRELIMINARY TO REGISTRATION 4-104

fifteen days before such election, mail, by first class mail, to each voter eligible to vote in such election district at such election, a notice setting forth the location of the polling place for such election and specifying that such location is for such election only.

(b) Whenever the total number of voters eligible to vote in any primary or special election, in any two election districts whose polling places are regularly located in the same building, is less than four hundred, the board of elections may assign the inspectors of election of the election district which contains the greater number of such voters, to act also, in all respects, as the election officers of the other such election district and no other election officers shall be appointed to serve in or for such other election district at such primary or special election. A separate poll ledger or computer generated registration list, separate voting machine or ballots and separate canvass of results shall be provided for each such election district.

(c) Whenever all the candidates to be voted upon at a primary election, except a primary election in the city of New York, or all the candidates and ballot proposals to be voted upon at a special election, or at a school board election conducted by the board of elections, or at a general election in the city of New York in a year in which there is no election for electors of president and vice-president of the United States or governor of the state or mayor of such city, by the voters of any two or more election districts whose polling places are regularly located in the same building are identical, the board of elections may combine such election districts for that election, provided that the total number of voters eligible to vote in any such combined election district does not exceed one thousand two hundred in a primary election or does not exceed two thousand in a special election or a general election in the city of New York.

6. Each polling place designated, whenever practicable, shall be situated on the main or ground floor of the premises selected. It shall be of sufficient area to admit and comfortably accommodate at least ten voters at one time and to allow for the placement in such meeting place, of booths, furniture and equipment, as provided by law.

7. No polling place shall be located on premises owned or leased by a person holding public office or who is a candidate for public office at a primary or general election.

8. The amount paid to lease a polling place which meets the requirements of subdivision one-a of this section may be greater than the amount paid to lease a polling place which does not meet such requirements.

9. Whenever the board of elections shall determine that there is no building within an election district available and suitable for the meetings for the registration of voters or for any election, or that for reasons of efficiency or economy it is desirable to consolidate such meetings of one or more districts in one place, such board may designate a building for such purpose in an adjoining district in the same village, city or town and there may be as many distinctly separate meetings or polling places lawfully located in the same building as public convenience may require. Wherever possible, public schools, fire houses, municipal buildings or other buildings exempt from taxation shall be designated for such meetings and polling places. Such a determination shall be made only after notice to the chairpersons of the county committees of all political parties and reasonable opportunity for them to be heard.

§ 4-106. Certification of offices to be filled at general or special elections; state board of elections, county, city, village and town clerks.

1. The state board of elections shall, at least eight months before each general election, make and transmit to the board of elections of each county, a certificate stating each office, except county, city, village and town offices to be voted for at such election in such county.

2. Each county, city, village and town clerk, at least eight months before each general election, shall make and transmit to the board of elections a certificate stating each county, city, village or town office, respectively to be voted for at each such election. Each village clerk, at least five months before each general village election conducted by the board of elections, shall make, and transmit to such board, a certificate stating each village office to be filled at such election.

3. If any such office is for an unexpired term, the certificate shall so state. The state board of elections shall forthwith, upon the filing of a governor's proclamation ordering a special election, transmit to the board of elections in each county in which the special election is to be held, a notice of such proclamation and a certificate of the offices to be voted for at such special election.

PROCEEDINGS PRELIMINARY TO REGISTRATION 4-108

4. Within three days after the occurrence of any vacancy in an office required to be filled at the next general election or a general or special village election or other special election conducted by the board of elections, the state board of elections or the county, city, town or village clerk as is appropriate, shall file with the county board of elections, a certificate indicating the occurrence of the vacancy and the position which is to be filled.

§ 4-108. Certification of proposed constitutional amendments and questions.

1. a. Whenever any proposed amendment to the constitution or other question provided by law to be submitted to a statewide vote shall be submitted to the people for their approval, the state board of elections at least three months prior to the general election at which such amendment, proposition or question is to be submitted, shall transmit to each county board of elections a certified copy of the text of each amendment, proposition or question and a statement of the form in which it is to be submitted.

b. Whenever any proposal, proposition or referendum as provided by law is to be submitted to a vote of the people of a county, city, town, village or special district, at an election conducted by the board of elections, the clerk of such political subdivision, at least thirty-six days prior to the election at which such proposal, proposition or referendum is to be submitted, shall transmit to each board of elections a certified copy of the text of such proposal, proposition or referendum and a statement of the form in which it is to be submitted. If a special election is to be held, such transmittal shall also give the date of such election.

c. Such certified copy shall set out all new matter in italics and enclose in brackets, [], all matter to be eliminated from existing law, and at the bottom of each page shall be appended the words: Explanation: Matter in italics is new, to be added; matter in brackets [] is old law, to be omitted.

d. In addition to the text, such transmittal shall contain an abstract of such proposed amendment, proposition or question, prepared by the state board of elections concisely stating the purpose and effect thereof in a clear and coherent manner using words with common and everyday meanings.

2. The form in which the proposed amendment, proposition or question is to be submitted shall consist of only an abbreviated title indicating generally and briefly, and in a clear and coherent manner using words with common and every-day meanings, the subject matter of the amendment,

proposition or question. If more than one such amendment, proposition or question is to be voted upon at such election, each such amendment, proposition or question respectively shall be separately and consecutively numbered.

3. The attorney general shall advise in the preparation of such abstract and such form of submission.

§ 4-110. Certification of primary election candidates; state board of elections.

The state board of elections not later than thirty-six days before a primary election, shall certify to each county board of elections: The name and residence of each candidate to be voted for within the political subdivision of such board for whom a designation has been filed with the state board; the title of the office or position for which the candidate is designated; the name of the party upon whose primary ballot his name is to be placed; and the order in which the names of the candidates are to be printed as determined by the state board. Where an office or position is uncontested, such certification shall state such fact.

§ 4-112. Certification of nominations; state board of elections.

1. The state board of elections not later than thirty-six days before a general election, or thirteen days before a special election, shall certify to each county board of elections the name and residence of each candidate nominated in any valid certificate filed with it or by the returns canvassed by it, the title of the office for which nominated; the name of the party or body specified of which he is a candidate; the emblem chosen to distinguish the candidates of the party or body; and a notation as to whether or not any litigation is pending concerning the candidacy. Upon the completion of any such litigation, the state board of elections shall forthwith notify the appropriate county boards of elections of the results of such litigation.

2. The state board of elections, not later than seven days before the general election, shall certify to each county board of elections the name and residence of each write-in candidate for president and vice president of the United States who has filed a valid certificate of candidacy with it.

3. If a certificate of a nomination to fill a vacancy caused by death or disqualification is filed with the state board of elections, or a court order shall

change a nomination, after the state board has made its certifications to the county boards of elections, the state board shall transmit forthwith a statement of such nomination to the appropriate boards of elections.

§ 4-114. Determination of candidates and questions; county board of elections.

The county board of elections, not later than the thirty-fifth day before the day of a primary or general election, or the twelfth day before a special election, shall determine the candidates duly nominated for public office and the questions that shall appear on the ballot within the jurisdiction of that board of elections.

§ 4-116. Constitutional amendments and questions; publication of by state board of elections and secretary of state.

1. The secretary of state shall cause each concurrent resolution of the two houses of the legislature agreeing to a proposed amendment to the constitution that has been referred to the legislature to be chosen at the next general election to be published at least once in each of the three months next preceding such election. Such publication shall include the information that such amendment has been so referred.

2. The state board of elections shall publish once in the week preceding any election at which proposed constitutional amendments or other propositions or questions are to be submitted to the voters of the state an abstract of such amendment or question, a brief statement of the law or proceedings authorizing such submission, a statement that such submission will be made and the form in which it is to be submitted.

3. Publication required by subdivision two of this section shall be in one newspaper of general circulation in each county.

§ 4-117. Check of registrants and information notice by mail.

1. The board of elections, not less than sixty-five days nor more than seventy days before the day of the general election in each year, shall send by first class mail on which is endorsed "ADDRESS CORRECTION REQUESTED" and which contains a request that any such mail received for persons not residing at the address be dropped back in the mail, a communication, in a form approved by the state board of elections, to every

registered voter who has been registered without a change of address since the beginning of such year, except that the board of elections shall not be required to send such communications to voters in inactive status. The communication shall notify the voter of the days and hours of the ensuing primary and general elections, the place where he appears by his registration records to be entitled to vote, the fact that voters who have moved or will have moved from the address where they were last registered must re-register or, that if such move was to another address in the same county or city, that such voter may either notify the board of elections of his new address or vote by paper ballot at the polling place for his new address even if such voter has not re-registered, or otherwise notified the board of elections of the change of address. If the location of the polling place for the voter's election district has been moved, the communication shall contain the following legend in bold type: "YOUR POLLING PLACE HAS BEEN CHANGED. YOU NOW VOTE AT.....". The communication shall also indicate whether the polling place is accessible to physically disabled voters, that a voter who will be out of the city or county on the day of the primary or general election or a voter who is ill or physically disabled may obtain an absentee ballot, that a physically disabled voter whose polling place is not accessible may request that his registration record be moved to an election district which has a polling place which is accessible, the phone number to call for applications to move a registration record or for absentee ballot applications, the phone number to call for the location of registration and polling places, the phone number to call to indicate that the voter is willing to serve on election day as an election inspector, poll clerk, interpreter or in other capacities, the phone number to call to obtain an application for registration by mail, and such other information concerning the elections or registration as the board may include. In lieu of sending such communication to every registered voter, the board of elections may send a single communication to a household containing more than one registered voter, provided that the names of all such voters appear as part of the address on such communication.

2. Whenever a ballot proposal is to be submitted to the people for approval at any election, the board of elections may send to every registered voter, by the same mail containing the communication required by this section, a copy of the abstract of such ballot proposal.

3. Each year, in the month of December, the commissioners of every local board of elections shall file with the state board of elections, on a form

PROCEEDINGS PRELIMINARY TO REGISTRATION 4-118

provided therefor by such state board, a statement setting forth the approximate number of communications mailed pursuant to the requirements of this section and the approximate number of such communications returned by the post office. Such statement shall be sworn or subscribed to and bear a form notice that false statements made therein are punishable as a class A misdemeanor pursuant to section 210.45 of the penal law. The failure of a local board of elections to file such a certificate in any year, within the time prescribed, shall create a presumption that such board of elections did not mail such communications in such year. 4. The inspectors shall distribute to the voters applying for registration copies of the ballot proposals to be submitted to the voters at the ensuing election.

5. An inspector shall not remove or permit to be removed any registration record or blank from the locked ledger in which it is filed or to insert or permit to be inserted any such record or blank in such ledger. If a registration record blank is mutilated or voided or for any reason cannot be used, the board shall mark "Void" across the face of such blank and the blank of the same number in the other ledger of the same set.

6. The map or maps furnished in cities shall be posted in the polling place on the days of local registration.

7. There shall be no smoking in any place of registration in a church or school.

town or village committee of such political party or independent body, and delivered to and filed with one of the inspectors of election, appoint not more than two watchers to attend any meeting or meetings of the inspectors for an election district held for the registration of voters thereof.

2. Each watcher must be a qualified voter of the city or county in which he is to serve. Such watchers may be present at such place of registration from at least fifteen minutes before the commencement of such meeting until after the completion of the duties of the board of inspectors for that day of registration. Any watcher may examine any challenge list furnished by the board of elections.

§ 5-208. Transfer of registration and enrollment.

1. The board of elections shall transfer the registration and enrollment of any voter for whom it receives a notice of change of address to another address in the same county or city, or for any voter who casts a ballot in an affidavit ballot envelope which sets forth such a new address. Such notices shall include, but not be limited to, notices received from any state agency which conducts a voter registration program pursuant to the provisions of sections 5-211 and 5-212 of this title, that the voter has notified such agency of a change of address in the same city or county unless the voter has indicated that such change of address is not for voter registration purposes, notices of change of address from the United States Postal Service through the National Change of Address System, any notices of a forwarding address on mail sent to a voter by the board of elections and returned by the postal service, national or state voter registration forms, confirmation mailing response cards, United States Postal Service notices to correspondents of change of address, applications for registration from persons already registered in such county or city, or any other notices to correspondents sent to the board of elections by such voters.

2. Upon receipt of such a notice, the board shall compare the signature (if any) and other information with the signature and other information on the registration record on file. If such signature and other information appears to be correct, the board shall change the address of the voter in all the records of such board.

3. If such a notice is received at least twenty days before a primary, special or general election, such change of address must be completed before such election.

4. If such application for registration from a voter already registered in such county or city also reflects a change of enrollment, the board of elections shall treat such application as an application for change of enrollment pursuant to section 5-304 of this article.

5. As soon as practicable, after it transfers a voter's registration, the board of elections shall send the voter, by forwardable first class or return postage guaranteed mail, a notice advising him of the transfer in a form which is similar to the notice sent to new registrants pursuant to the provisions of section 5-210 of this title and which has been approved by the state board of elections. If the notice of change of address did not contain the voter's signature, such notice shall include a postage paid return card, in a form prescribed by the state board of elections, on which the voter may notify the board of elections of any correction of address, together with a statement on such notice and on the return card that the voter should return such card only if the address to which the notice was sent is not the voter's current address.

6. If a notice sent pursuant to subdivision five of this section is returned by the postal service as undeliverable and without a forwarding address, the board of elections shall return the registration of such voter to the original address, send such voter a confirmation notice pursuant to the provisions of subdivision one of section 5-712 of this title and place such voter in inactive status.

7. The board of elections shall preserve such notices of change of address for as long as registration records are otherwise required to be preserved or, if the computer readable records maintained by the board of elections include a complete copy of such notice, the board shall preserve the original notice for a period of at least two years or such longer period as the state board of elections may require.

8. If the board of elections receives notice of a change of address within such city or county from, or with respect to, a person who it determines is not registered in such county or city, it shall forthwith send such person a notice to that effect in a form approved by the state board of elections at the new address set forth in such notice of change of address, together with a voter registration form.

Any county board of elections receiving an application form from a person who does not reside in its jurisdiction but who does reside elsewhere in the state of New York, shall forthwith forward such application form to the proper county board of elections. Each board of elections shall make an entry on each such form of the date it is received by such board.

a naturalized citizen after the twenty-fifth day before a general election may personally register at the board of elections in the county of his or her residence and vote in the general election held at least ten days after such registration.

5. Statewide application forms shall be designed by the state board of elections, which shall conform to the requirements for the national voter registration form in the rules and regulations promulgated by the federal election commission and the federal Help America Vote Act, and shall elicit the information required for the registration poll record. 6. A person who willfully makes a material false statement in any application for registration and enrollment and/or transfer of registration and enrollment or special enrollment by mail, or who knowingly makes a false affirmation, or who offers or attempts to offer any application for registration and enrollment or transfer of registration and enrollment or special enrollment knowing that the applicant is not qualified to register or enroll, or transfer his or her registration and enrollment or to specially enroll, shall be guilty of a class E felony.

Matter in *italics* is new; matter in brackets [-] is old law to be omitted.

REGISTRATION AND ENROLLMENT OF VOTERS 5-210

7. Each county board of elections shall deliver a sufficient number of such uniform statewide application forms to each local post office within its county and keep such post office so supplied, with the request that the postmaster thereof make them available to the public for its use in participating in the electoral process.

8. Upon its receipt by the county board of elections, each application form shall be reviewed and examined by such board. If the application shall contain substantially all the required information indicating that the applicant is legally qualified to register and/or enroll as stated in his or her application, the county board of elections shall transfer all information on such application to the appropriate registration records. If requested by any member of the board, the application form of any voter, or group of voters, must be reviewed and examined by two such board members or two employees of the board representing different political parties. Such members or employees shall place their initials or other identifying information on the registration poll record of such voter or on a computer generated list of such registrations. Such lists shall be preserved in the same manner, and for the same time, as such registration poll records. If the application indicates that the voter does not have a driver's license or department of motor vehicles nondriver photo ID number or a social security number, the state board of elections shall, upon the transmission of voter information to the statewide voter registration list as required by section 5-614 of this article, assign such voter a unique identifier.

9. The county board of elections shall, promptly and in any event, not later than twenty-one days after receipt by it of the application, verify the identity of the applicant. In order to do so, the county board of elections shall utilize the information provided in the application and shall attempt to verify such information with the information provided by the department of motor vehicles, social security administration and any other lawful available information source. If the county board of elections is unable to verify the identity of the applicant within twenty-one days of the receipt of the application, it shall immediately take steps to confirm that the information provided by the applicant was accurately utilized by such county board of elections, was accurately verified with other information sources and that no data entry error, or other similar type of error, occurred. Following completion of the preceding steps, the county board of elections shall mail (a) a notice of its approval, (b) a notice of its approval which includes an indication that such board has not yet been able to verify the identity of the applicant and a request

for more information so that such verification may be completed, or (c) a notice of its rejection of the application to the applicant in a form approved by the state board of elections. Notices of approval, notices of approval with requests for more information or notices of rejection shall be sent by nonforwardable first class or return postage guaranteed mail on which is endorsed "ADDRESS CORRECTION REQUESTED" and which contains a request that any such mail received for persons not residing at the address be dropped back in the mail. The voter's registration and enrollment shall be complete upon receipt of the application by the appropriate county board of elections. The failure of a county board of elections to verify an applicant's identity shall not be the basis for the rejection of a voter's application, provided, however, that such verification failure shall be the basis for requiring county board of elections to take the additional verification steps provided by this chapter. The notice shall also advise the registrant of the date when his registration and enrollment is effective, of the date and the hours of the next regularly scheduled primary or general election in which he will be eligible to vote, of the location of the polling place of the election district in which he is or will be a qualified voter, whether such polling place is accessible to physically handicapped voters, an indication that physically handicapped voters or voters who are ill or voters who will be out of the city or county on the day of the primary or general election, may obtain an absentee ballot and the phone number to call for absentee ballot applications, the phone numbers to call for location of polling places, to obtain registration forms and the phone number to call to indicate that the voter is willing to serve on election day as an inspector, poll clerk or interpreter. The notice of approval, notice of approval with request for more information or notice of rejection shall also advise the applicant to notify the board of elections if there is any inaccuracy. The form of such mail notification shall be prescribed by the state board of elections and shall contain such other information and instructions as it may reasonably require to carry out the purposes of this section. The request for more information shall inform the voter that "THE FAILURE TO CONTACT THE BOARD OF ELECTIONS AND CORRECT ANY INACCURACIES IN THE APPLICATION OR PROVIDE REQUESTED ADDITIONAL INFORMATION MAY RESULT IN A REQUEST FOR IDENTIFICATION AT THE POLLS IN ORDER TO CAST A VOTE ON A VOTING MACHINE." If such notice is returned undelivered without a new address, the board shall forthwith send such applicant a confirmation notice pursuant to the

REGISTRATION AND ENROLLMENT OF VOTERS 5-210

provisions of section 5-712 of this article and place such applicant in inactive status. The state board of elections shall prepare uniform notices by this section as provided for in subdivision eight of section 3-102 of this chapter.

10. If the board of elections has been unable to verify the identity of the applicant within forty-five days of the application, the board shall mail a second request for more information to the applicant. This notice shall inform the voter that “THE FAILURE TO CONTACT THE BOARD OF ELECTIONS AND CORRECT ANY INACCURACIES IN THE APPLICATION OR PROVIDE REQUESTED ADDITIONAL INFORMATION MAY RESULT IN A REQUEST FOR IDENTIFICATION AT THE POLLS IN ORDER TO CAST A VOTE ON A VOTING MACHINE.” If the board of elections remains unable to verify the identity of the voter it shall so indicate with a notation next to the voter’s name in the registration list. Such a voter may provide information to assist the county board to verify his or her identity at any time and such notation shall be removed by the board of elections upon such verification.

11. If the county board of elections suspects or believes that for any reason the applicant is not entitled to registration and enrollment, it shall make inquiry in reference thereto. If the board of elections shall find that the applicant is not qualified to register and enroll, the application shall be rejected and the applicant notified of such rejection and the reason therefor, no later than ten days before the day of the first primary or general election occurring at least twenty-five days after the filing of the application.

12. Whenever the county board of elections is not satisfied from an examination of an application for registration and enrollment, or after its initial inquiry, that the applicant is entitled to such registration or enrollment, it may order an investigation through any officer or employee of the state or county board of elections, police officer, sheriff or deputy sheriff.

13. An affidavit or a signed statement by any officer or employee of the state or county board of elections or any police officer, sheriff or deputy sheriff, that such person visited the premises claimed by the applicant as his or her residence and interrogated an inmate, house-dweller, keeper, caretaker, owner, proprietor or landlord thereof or therein as to such applicant’s residence therein or thereat, and that he or she was informed by one or more such persons, naming them, that they knew the persons residing upon such premises and that the applicant did not reside upon such premises as set forth in his or her application, shall be sufficient authority for a determination by the board

that the applicant is not entitled to registration or enrollment; but this provision shall not preclude the board from making such other determination, as the result of other inquiry, as it may deem appropriate.

14. Notwithstanding the entry by the county board of elections on the registration poll record of the information contained on an application form prescribed by this section, such entry shall not preclude the county board of elections from subsequently rejecting the application if it is not satisfied that the applicant is entitled to register and enroll as provided by this section, provided that the applicant is notified of such rejection and reasons therefor no later than ten days before the day of the first primary or general election occurring at least twenty-five days after the filing of such application form.

15. a. The county board of elections shall keep a record of applications for registration as they are received and at least once each month, shall, upon request of the chairman of a political party in the county, give such chairman a complete list of the persons whose applications were approved together with their addresses and telephone numbers, and their election and assembly districts or wards, if any.

b. Not more than four times a year, on dates determined by the state board of elections, the county board of elections shall send to the chairman of each political party in the county a complete list of the persons whose applications were approved together with their addresses, their election and assembly districts or wards, if any, their party enrollments and an indication of whether such persons are eligible to vote in the primary elections to be held in that calendar year. Not more than twice a year, in even numbered years, on dates determined by the state board of elections, the county board of elections shall send a copy of such list to the state board of elections. In counties of over one hundred thousand population, each such list shall be, and in other counties each such list may be, cumulative and include the names of all such persons whose names do not appear in the annual enrollment lists last published by such board of elections, together with an indication of which such names did not appear on the previous list. Such lists may also include the names of those persons whose names do appear in the annual enrollment lists. Such lists shall be arranged in the same manner as the annual enrollment lists. Additional copies of such lists shall be available to the public at a charge not exceeding the cost of publication or reproduction.

No statement shall be made nor any action taken to discourage the applicant from registering to vote

3. If a participating agency provides services to a person with a disability at the person's place of residence, the agency shall offer the opportunity to complete a voter registration form at such place of residence.

4. Each participating agency shall provide to each applicant who does not decline to register to vote the same degree of assistance with regard to the completion of the registration application form as is provided by the agency with regard to the completion of its own form unless the applicant refuses such assistance.

6. The state board of elections shall coordinate and monitor the distribution of voter registration forms by those state agencies, departments, divisions and offices selected to participate in the program to maximize the efficient and non partisan distribution of voter registration information and

REGISTRATION AND ENROLLMENT OF VOTERS 5-211

The board shall also adopt such rules and regulations as may be necessary to require county boards and participating agencies to provide the state board with such information and data as the board deems necessary to assess compliance with this section and to compile such statistics as may be required by the federal elections commission.

7. Each participating agency, department, division and office that makes available voter registration forms shall prominently display promotional materials designed and approved by the state board of elections, informing the public of the existence of voter registration services.

Such voter registration application shall be designed so as to ensure the confidentiality of the source of the application. Included on each participating agency's application for services or assistance or on a separate form shall be:

(a) the question, "If you are not registered to vote where you live now, would you like to apply to register here today?"

(b) The [the] statement, "applying to register or declining to register to vote will not affect the amount of assistance that you will be provided by this agency."

(c) boxes for the applicant to check to indicate whether the applicant would like to register or decline to register to vote.

(f) the statement, “If you believe that someone has interfered with your right to register or decline to register to vote, your right to privacy in deciding whether to register or in applying to register to vote, or your right to choose your own political party or other political preference, you may file a complaint with the state board of elections (address and toll free telephone number).”

(g) a toll free number at the state board of elections that can be called for answers to registration questions.

9. Disclosure of voter registration information, including a declination to register, by a participating agency, its agents or employees, for other than voter registration purposes, shall be deemed an unwarranted invasion of personal privacy pursuant to the provisions of subdivision two of section eighty-nine of the public officers law and shall constitute a violation of this chapter.

10. The form containing the declination to register to vote shall be retained by the recipient agency for the same period of time as such agency retains the accompanying application for services or for such shorter period of time as may be approved by the state board of elections.

11. The participating agency shall transmit the completed applications for registration and change of address forms to the appropriate board of elections not later than ten days after receipt except that all such completed applications and forms received by the agency between the thirtieth and twenty-fifth day before an election shall be transmitted in such manner and at such time as to assure their receipt by such board of elections not later than the twentieth day before such election.

12. Completed application forms, when received by a participating agency not later than the twenty-fifth day before the next ensuing primary, general or special election and transmitted by such agency to the appropriate board of elections so that they are received by such board not later than the twentieth day before such election shall entitle the applicant to vote in such election provided the board determines that the applicant is otherwise qualified.

13. The state board of elections shall provide application forms for use pursuant to this section except that any agency which uses a form other than such registration form shall be responsible for providing such form. Forms which vary in design and or content from the form approved by the state board of elections may only be used with the approval of such board.

REGISTRATION AND ENROLLMENT OF VOTERS 5-212

Each agency head shall designate one person within the agency as the agency voter registration coordinator who will, under the direction of the state board of elections, be responsible for the voter registration program in such agency.

16. The state board shall develop and distribute public information and promotional materials relating to the purposes and implementation of this program.

17. Each agency designated as a participating agency under this section shall conduct a study and prepare a report to determine the feasibility, practicality and cost-effectiveness of designing their agency intake forms to serve also as voter registration forms that comply with state and federal law. Such study and report shall be completed by December 1, 1996. Copies of such reports shall be provided to the governor, the temporary president of the senate, the speaker of the assembly and the state board of elections. After submission of the report, participating agencies that determine that it is feasible, practical and cost-effective to have such forms also serve as voter registration forms shall do so upon the approval of the state board of elections. For each agency that determines it is feasible, practical and cost effective to use agency intake forms that serve also as voter registration forms, the state board of elections shall approve or disapprove such use within six months of the submission of the report by the agency.

§ 5-212. Motor vehicle registration.

1. In addition to any other method of voter registration provided for in this article, any qualified person may apply for registration and enrollment by application made simultaneously and integrated with an application for a motor vehicle driver's license, a driver's license renewal or an identification card if such a card is issued by the department of motor vehicles in its normal course of business.

2. The department of motor vehicles, with the approval of the state board of elections, shall design a form or forms which shall, in addition to eliciting such information as may be required by the department of motor vehicles for a driver's license, a driver's license renewal, a change of address notification or an identification card, serve as an application for registration and enrollment, or a registration necessitated by a change of residence. The cost of such forms shall be borne by the department of motor vehicles.

3. The voter registration portion of such forms:

(a) shall not require any information that duplicates the information required on the application for the driver license portion and shall require only such additional information, including the applicant's signature, as will enable election officials to assess the applicant's eligibility to register to vote, prevent duplicate registration and to administer voter registration and other parts of the election process.

(b) shall include a statement of the eligibility requirements for voter registration and shall require the applicant to attest by his signature that he meets those requirements under penalty of perjury.

(c) shall inform the applicant, in print identical to that used in the attestation section of the following:

- (i) voter eligibility requirements;
- (ii) penalties for submission of false registration application;
- (iii) that the office where applicant registers shall remain confidential and the information be used only for voter registration purposes;
- (iv) if the applicant declines to register, his declination shall remain confidential and be used only for voter registration purposes;

4. Included on the form or on a separate form shall be:

(a) the question, "If you are not registered to vote where you live now, would you like to apply to register here today?"

(b) boxes for the applicant to check to indicate whether the applicant would like to register or decline to register to vote.

(c) the statement in prominent type, "IF YOU DO NOT CHECK EITHER BOX, YOU WILL BE CONSIDERED TO HAVE DECIDED NOT TO REGISTER TO VOTE AT THIS TIME."

(d) the statement, "If you would like help in filling out the voter registration application form, we will help you. The decision whether to seek or accept help is yours. You may fill out the application form in private."

REGISTRATION AND ENROLLMENT OF VOTERS 5-212

(e) the statement, “If you believe that someone has interfered with your right to register or decline to register to vote, your right to privacy in deciding whether to register or in applying to register to vote, or your right to choose your own political party or other political preference, you may file a complaint with the state board of elections (address and toll free telephone number).”

(f) a toll free number at the state board of elections that can be called for answers to registration questions.

5. The form containing the declination to register to vote shall be retained by the department of motor vehicles for the same period of time as such department retains the accompanying application for services or for such shorter period of time as may be approved by the state board of elections.

6. The department of motor vehicles shall transmit that portion of the form which constitutes the completed application for registration or change of address form to the appropriate board of elections not later than ten days after receipt except that all such completed applications and forms received by the department between the thirtieth and twenty-fifth day before an election shall be transmitted in such manner and at such time as to assure their receipt by such board of elections not later than the twentieth day before such election. All transmittals shall include original signatures.

7. Completed application forms received by the department of motor vehicles not later than the twenty-fifth day before the next ensuing primary, general or special election and transmitted by such department to the appropriate board of elections so that they are received not later than the twentieth day before such election shall entitle the applicant to vote in such election provided the board determines that the applicant is otherwise qualified.

8. Disclosure of voter registration information, including a declination to register, by the department of motor vehicles, its agents or employees, for other than voter registration purposes, shall be deemed an unwarranted invasion of personal privacy pursuant to the provisions of subdivision two of section eighty-nine of the public officers law and shall constitute a violation of this chapter.

9. Application forms shall be processed by the board of elections in the manner prescribed by section 5-210 of this title or, if the applicant is already registered to vote from another address in such county or city, in the manner prescribed by section 5-208 of this title. The board shall send the

appropriate notice of approval or rejection as required by either subdivision nine of such section 5-210 or subdivision five of such section 5-208.

10. Strict neutrality with respect to a person's party enrollment shall be maintained and all persons seeking voter registration forms and information shall be advised that government services are not conditioned on being registered to vote.

11. No statement shall be made nor any action taken to discourage the applicant from registering to vote.

12. The department of motor vehicles shall provide to each person who chooses to register to vote the same level of assistance provided to persons in connection with the completion of the agency's own forms, unless such person refuses such assistance.

13. The state board shall adopt such rules and regulations as may be necessary to carry out the requirements of this section. The board shall also adopt such rules and regulations as may be necessary to require county boards and the department of motor vehicles to provide the state board with such information and data as the board deems necessary to assess compliance with this section and to compile such statistics as may be required by the federal elections commission.

14. The state board shall develop and distribute public information and promotional materials relating to the purposes and implementation of this program.

15. The state board shall prepare and distribute to the department of motor vehicles written instructions as to the implementation of the program and shall be responsible for establishing training programs for employees of the department of motor vehicles involved in such program.

16. The commissioner of motor vehicles shall take all actions which are necessary and proper for the implementation of this section. The commissioner of motor vehicles shall designate one person within the agency as the agency voter registration coordinator who will, under the direction of the state board of elections, be responsible for the voter registration program in such agency.

§ 5-213. Inactive status.

1. When a voter is sent a confirmation notice pursuant to the provisions of this article, the voter's name shall be placed in inactive status.

REGISTRATION AND ENROLLMENT OF VOTERS 5-214

2. The registration poll records of all such voters shall be removed from the poll ledgers and maintained at the offices of the board of elections in a file arranged alphabetically by election district. If such board uses computer generated registration lists, the names of such voters shall not be placed on such lists at subsequent elections other than lists prepared pursuant to the provisions of section 5-612 of this article but shall be kept as a computer record at the offices of such board.

3. The board of elections shall restore the registration of any such voter to active status if such voter notifies the board of elections that he resides at the address from which he is registered, or the board finds that such voter has validly signed a designating or nominating petition which states that he resides at such address, or if such voter casts a ballot in an affidavit envelope which states that he resides at such address, or if the board receives notice that such voter has voted in an election conducted with registration lists prepared pursuant to the provisions of section 5-612 of this article. If any such notification or information is received twenty days or more before a primary, special or general election, the voter's name must be restored to active status for such election.

4. As soon as practicable, after it restores a voter's registration to active status, the board of elections shall send the voter, by first class forwardable mail, a notice advising him of the restoration in a form which is similar to the notice sent to new registrants pursuant to the provisions of section 5-210 of this title and which has been approved by the state board of elections.

5. If the board of elections receives notice, which complies with the requirements of this article, that a voter in inactive status is residing at another address within the jurisdiction of such board, it shall transfer the registration and enrollment of such voter to such other address pursuant to the provisions of section 5-208 of this title.

§ 5-214. Registration cards for identification.

A board of elections may provide identification cards for use in any city or town in such county in which the board deems it necessary to facilitate voting. However, the failure of a voter to present such card shall not deprive such voter of the right to exercise the franchise, or any other right provided under this chapter.

§ 5-215. Veterans' absentee registration.

1. The board of elections in the county in which a veterans' hospital is located shall appoint a board of registration which shall attend each veterans' hospital between the hours of nine o'clock in the morning and five o'clock in the evening on the seventh Thursday before each general election and, in the event that it be necessary for the completion of its duties, on the seventh Friday before such election except that if any of the religious holidays of Yom Kippur, Rosh Hashanah, Simchas Torah, Shmini Atzereth or Succoth shall fall on such days, such registration shall be held on the next regular business day which does not fall on any of such religious holidays, and shall receive from inmates or patients therein, or their spouses, parents and children, the applications of such of them as desire and are qualified to be registered by absentee registration.

2. After the applicant completes and signs the application, or has it signed for him, it shall be deposited by or for him in an envelope and sealed. Before receiving the next application the board shall address the envelope to the board of elections in the county where the applicant resides and note upon a form provided for such purpose the date of the application, the name and residence address of the applicant and the name of the hospital at which the application was received.

3. At the end of each day each member of such board shall sign the form containing the list of applicants with their names and addresses and they shall, no later than the next day, return the list and the sealed envelopes to the board of elections in the county where such hospital is located.

4. The board of elections upon receipt of such applications shall immediately mail those applications that are addressed to another board of elections and shall process those applications addressed to it.

5. If a Veterans' Administration Hospital in which any veteran entitled to vote in this state is an inmate or patient, is located outside the State of New York, an application for an absentee ballot signed by such veteran or his spouse, parent or child accompanying or being with him, if a qualified voter and a resident of the same election district, shall constitute permanent personal registration.

6. All applications made and received pursuant to this section shall be processed in the manner provided herein for personal registration by mail.

7. The cost incurred by the county in which such veterans' hospital is located, for the registration of voters as herein provided, may be apportioned to

REGISTRATION AND ENROLLMENT OF VOTERS 5-218

the counties in which such voters reside in proportion to the number of applicants for such registration residing in such counties.

8. The board of elections shall not be required to send a board of central registration to each veterans' hospital in such county, pursuant to the provisions of this section, if, in lieu thereof, it shall provide such hospital with mail registration application forms in sufficient quantity so that each inmate or patient of such hospital who wishes to register will be able to do so. A complete application received from an inmate or patient whose residence is in a county other than the county in which the hospital is located shall be immediately transmitted to the appropriate board of elections.

§ 5-216. Registration; assistance to applicant.

1. If any person entitled to be registered shall declare to the board of inspectors that he is unable to read or write by reason of illiteracy or disability, the board shall provide assistance in registering. Such person shall, if unable to write, be excused from signing and the board shall enter the words "unable to sign" in each space reserved for his signature. The board shall also enter in the remarks space on the face of the registration records the reason for his inability to write his name.

2. If the applicant be a person who does not speak the English language, he may be assisted by a relative who can interpret for him. If the applicant registers with this assistance the board shall put in the remarks space of the registration forms the name and address, and the relationship, of the person so doing the interpreting and the interpreter shall sign his name in the remarks space.

3. If the registrant needs assistance with registration, he may also have the same assistance in order to mark the enrollment blank.

§ 5-218. Registration; challenges.

1. Any person who applies for registration may be challenged by any qualified voter, watcher, or inspector of election if such person has reason to suspect that the applicant is not qualified to be registered to vote.

2. When an applicant is challenged the person making the challenge must first state the reason for the challenge and complete the challenger's part of the challenge form. The board shall then administer to such applicant the following oath: "You do solemnly swear (or affirm) that you will give true

answers to the questions which may be put to you to establish your qualifications to register and vote". A member of such board shall then read to the challenged person the questions printed upon the form of the challenge affidavit which relate to the reason given for the challenge, and such other questions on the form as in its discretion it may deem appropriate, and shall enter in ink, opposite each question, the answer thereto given by such applicant. After answering, the applicant shall sign his name to such challenge affidavit. The inspector or member of such board who writes the answers shall enter in the place provided on the challenge affidavit, information identifying the person challenged and the name and address of the person challenging, and shall sign the certificate at the end thereof. The other inspectors present shall also sign such certificate at the end thereof.

3. The applicant shall be registered by the board if a majority of such board shall be satisfied with the answers of the registrant. If not satisfied, they shall notify him of the qualifications which they believe he lacks as a voter, and shall furnish him a duplicate of the challenge affidavit as completed. They shall also advise him of his right to apply to the board of elections for registration.

4. When a person who has been challenged is registered, the board shall enter in the remarks column the word "Challenged".

5. The state board of elections shall prescribe forms for challenge affidavits for use pursuant hereto, which forms shall elicit such information from the applicant as it deems appropriate.

§ 5-220. Registration; challenge after registered.

1. Any person may challenge the registration of a voter by executing and delivering to the board of elections or a board taking registrations, his affidavit that he has reason to believe that such voter's registration should be cancelled. Such affidavit shall contain the affiant's full name, residence, and business address, the name of his employer, the registration serial number of the person challenged and a recital of the reasons and the facts supporting affiant's belief that the person challenged lacks the qualifications for voting prescribed in this chapter and specified in such affidavit. The affidavit shall state if the reasons for challenge are based upon the affiant's personal knowledge, or upon information received from another person. If the affiant's belief is based upon information furnished by another, the affidavit shall recite the name of the person furnishing the information and the basis for his

REGISTRATION AND ENROLLMENT OF VOTERS 5-222

information. After the affiant has signed such affidavit a member of such board shall read to him and request him to sign the following oath, which shall be subscribed by such affiant: "I do solemnly swear (or affirm) that the foregoing statement made by me on (insert day, month and year) is a truthful disclosure of the reasons for my belief that the registered voter therein named is not qualified to continue to be registered in the election district in which he is now registered." If the affiant shall take and sign such oath, the members of the board shall sign their names as witnesses below the affiant's subscription to such oath. Each such affidavit shall be directed toward the challenge of only one registrant. The board shall give full assistance to any person desiring to execute such an affidavit. The board of elections shall furnish the necessary forms. Upon receipt of such affidavit the board of elections forthwith shall conduct an investigation of the voter's qualifications to remain registered in the same manner as provided for applications for personal registration by mail. Any person whose registration is so challenged shall be notified thereof by the board of elections by registered or certified mail within five days after the affidavit is received by it.

2. If the board of elections cannot complete its investigation, or cannot make a determination before the next election at which the registrant could vote, it shall place his name on a challenge list as a person to be challenged when voting.

§ 5-222. Statement of temporary absence.

1. A voter who has removed from his residence but who is still eligible to vote from that address for any of the reasons enumerated in this chapter shall, at the time of his registration, or at the time of his removal, or upon request of the board of elections, file with such board, in person or by mail, a statement of temporary absence.

2. Such statement shall set forth where the voter actually resides, where he claims to be legally domiciled, the nature of his occupation or employment, the name and address of his employer, or the school he attends, or the institution at which he is resident, the class to which he claims to belong and such other information as the board shall deem appropriate.

3. When such a statement is filed, the board of elections shall enter the words "Statement of temporary absence filed" in the "remarks" space on the face of such voter's registration poll record. The registration serial number

of the voter shall be placed on such statement and it shall be preserved with the other records of the board of elections.

4. The state board of elections may prescribe a form of statement of temporary absence.

§ 5-224. Registration of voters unlawfully denied the right to register.

1. If any voter applies personally for registration and is unlawfully denied the right to register, the county board of elections may, upon the application of the voter in person or by mail to such board within two weeks after the last day of registration, or within five days after the date of the voter's receipt of notice of the rejection of his application, upon proper proof, and upon such notice to the chairman of the county committees of the several parties as the board shall prescribe, direct that he be registered in the election district in which he is a qualified voter. The directions of the county board of elections shall be carried out by the board itself, by its clerks, or by the proper inspectors of elections, as the board may prescribe. The county board of elections shall make a final determination of such application not later than one week after the application is made by the voter.

2. If the board of elections has reason to believe that any applicant has been wrongfully denied the right to register, it shall notify him by mail and such person, upon application in person or by mail to the board of elections, within two weeks of the date of such notice, may be registered by the board of elections.

3. The board of elections shall make a final determination on such application not later than one week after it is made.

4. If any applicant is registered pursuant to the provisions of this section, such registration shall be deemed effective as of the date of the wrongful denial of the right to register.

§ 5-226. Registration; voter registered in wrong district.

1. If any voter has been registered in a wrong election district, the board of elections shall, if he is a qualified voter in any election district within the jurisdiction of such board, change his registration to the correct election district. The board of elections shall thereupon give immediate notice by mail

REGISTRATION AND ENROLLMENT OF VOTERS 5-228

to such voter that his registration has been corrected, and also the location of the polling place of the election district in which he is a qualified voter.

2. If such voter does not reside in any election district within the jurisdiction of the board, his registration shall be cancelled and he shall be notified of the cancellation and the reason therefor.

3. The board shall maintain a list of all such corrections and cancellations as a public record in its office and shall deliver a copy of such list to the chairman of each political party seven days before each election.

§ 5-228. Registration; certificates of local registration.

1. At the close of local registration, each board of inspectors shall mail, or, if the board of elections directs, shall deliver to the board of elections a certificate, signed by the members of such board, stating the name, present residence address of each registrant and such other information as the board of elections shall require and a certificate stating the name and address of each person whom the board refused to register for any reason other than that he was already registered, and, in each instance, the reason for such refusal. The names and addresses shall be entered on such certificates during the day of registration as the voters concerned are registered or refused registration.

2. At the end of each period of local registration, the board of inspectors shall sign a certificate containing a tabulation of the following information:

a. The total number of voters registered on each day of local registration;

b. The total number of voters registered during such period of registration;

c. Such other information as shall be deemed appropriate by the county board of elections and the state board of elections.

Such certificate shall be mailed or delivered to the board of elections as it may direct, by the board taking registrations. In any city having therein an office of the board of elections, the board of elections may direct that such certificate shall be delivered to the police at the place of registration or the nearest police stationhouse. In such event, the police shall forthwith deliver the certificate to the board of elections at its nearest office.

3. The state board of elections shall prescribe the form of the certificates required by this section.

§ 5-230. Local registration; disposition of records and supplies.

1. At the end of each day of registration, the chairman of each board of inspectors shall deliver the ledgers locked in the carrying case, if any, the flag and all other supplies to the police at the place of registration, or, if directed, to the officer charged by this chapter with the duty of delivering such articles to the board. The police or such other officer shall return all such articles on the next day of registration to the chairman of such board at the place of registration immediately prior to the opening hour for registration.

2. If allowed by the board of elections, at the end of each day of registration, the chairman may, after locking and sealing the same, leave the registration poll records in the custody of a member of the board of one political party and the corresponding central file registration records with a member of the board of the opposite political party and himself retain custody of all other articles, or securely store such other articles in the place of registration if the same be a public building.

3. If allowed by the board of elections, at the end of each day of registration, the registration poll records and all other articles may be securely stored in the place of registration if the same be a public building.

4. At the close of the last day on which any board of inspectors is authorized to take registrations such board shall seal the ledgers and lock them in the carrying case; enclose all keys in a sealed package and enclose all executed forms in a sealed package. The chairman of such board shall deliver the sealed material, unused forms and all equipment and material furnished by the board of elections to a person designated by the board of elections to take custody of these items. The person designated shall deliver all such articles to the board of elections within twenty-four hours after the polls close.

5. The members of each board taking registrations shall sign all seals and shall affix their signatures to each in such a manner that the article sealed cannot be opened without breaking their signatures.

6. Any person receiving such supplies from the board of inspectors shall give to the person delivering such supplies a receipt therefor, which, if a ledger carrying case is included, shall certify that such case was locked at the time he received it.

§ 5-302. Enrollment; completion.

1. Before placing the registration poll record in the poll ledger, the board shall enter in the space provided therefor on the back of such registration poll record the name of the party designated by the voter on his application form, provided such party continues to be a party as defined in this law. If such party ceases to be a party at any time, either before or after such enrollment is so entered, the enrollment of such voter shall be deemed to be blank and shall be entered as such until such voter files an application for change of enrollment pursuant to the provisions of this chapter. In the city of New York the board shall also affix a gummed sticker of a different color for each party in a place on such registration poll record immediately adjacent to such entry. The board shall enter the date of such entry and affix initials thereto in the space provided.

2. If the application form is for a voter who has changed his enrollment or a voter who has previously registered and not enrolled, then the board of elections shall compare the information and the signature appearing on each application form received with that on the registration poll record of the applicant and if found to correspond in all particulars shall, not earlier than the Tuesday following the next general election and not later than the thirtieth day preceding the last day for publishing enrollment lists, proceed in the

manner specified in subdivision one hereof to enter such enrollment on such voter's registration poll card.

3. If marks are found in more than one of the boxes or circles or if no marks are found in any of the boxes or circles of any application form, the voter who used the application form shall be deemed not to be enrolled, and the words blank or void shall be entered in the space reserved on his registration poll record for the name of a political party or in the computer files from which the computer generated registration lists are prepared. However if such application form sets forth the address of prior registration and such prior registration had not been previously cancelled, the party enrollment, if any, which is part of such prior registration shall be entered in such space on such registration poll record or in such computer files.

4. Registration poll records of voters whose registrations are not rejected by the board of elections shall forthwith be placed in the poll ledger or such voters' names shall forthwith be entered in the computer files from which the computer generated registration lists are prepared, except that the registration poll record of an otherwise qualified voter who registers after the twenty-fifth day before a primary election shall not be placed in such poll ledger such voters' names shall not appear on such a computer generated registration list until after such primary and except further that the registration poll record of a voter whose previous registration was cancelled pursuant to the provisions of this chapter after the previous general election and who registers pursuant to the provisions of this chapter after such cancellation shall not be placed in such poll ledger or such voters' names shall not appear on such a computer generated registration list until after the fall primary election, unless such voter has enrolled with the same party as the enrollment on the registration which was so cancelled.

The registration poll record of a voter who is not eligible to vote in a primary election but who is eligible to vote in a special election held before such primary election shall be placed in its regular place in the poll ledger or in a special section of such poll ledger for such special election as the board of elections, in its discretion, shall provide, or such name shall appear in its regular place on the computer generated registration list prepared for use in such special election. Such poll record shall be removed from such poll ledger or computer generated registration list immediately after such special election.

5. During the period preceding the ensuing primary election, the board of elections shall maintain as a public record a list of all enrollments

REGISTRATION AND ENROLLMENT OF VOTERS 5-304

entered, transferred or corrected, and not contained in the last published enrollment list. Such supplemental enrollment list shall contain the same information and shall be distributed in the same manner as the original enrollment list not later than the fifteenth day before the primary election.

§ 5-304. Enrollment; change of enrollment or new enrollment by previously registered voters.

1. A registered voter may change his enrollment in the manner prescribed by this section.

2. The term “change of enrollment” shall apply to applications by a registered voter already enrolled in one party to enroll in a different party, or to delete his enrollment in any party, or an application by a registered voter not enrolled in any party to enroll in a particular party.

3. A change of enrollment received by the board of elections not later than the twenty-fifth day before the general election shall be deposited in a sealed enrollment box, which shall not be opened until the first Tuesday following such general election. Such change of enrollment shall be then removed and entered as provided in this article.

4. Registered voters may apply for change of enrollment personally by mail to or by appearing before a county board of elections or by appearing before a board of inspectors. If the applicant has appeared in person and if the board finds that he is properly registered, it shall provide the applicant with an application form for voter registration by mail which shall be treated as an application for change of enrollment filed pursuant to this section. If the voter has applied personally by mail, the county board of elections shall mail him an application form for voter registration by mail as provided by this chapter. If a registered voter submits an application form for registration or enrollment as provided by this chapter, from the residence address from which he is then registered, and such form reflects a change of enrollment, the county board of elections shall treat such form as an application for change of enrollment filed pursuant to this section. If such application form also sets forth a new address within the same city or county, the board of elections shall also treat such form as an application for transfer of registration pursuant to section 5-208 of this article.

5. [Repealed]

§ 5-306. Enrollment; correction of.

1. If, after being regularly registered in an election district, a voter discovers he has made a mistake when enrolling, he may within one year from the date of his last registration apply to the board of elections of the county or city in which he resides for a correction of the mistake made by him when marking his enrollment blank, by filing his affidavit setting forth substantially as follows: how he is enrolled, and the town or city, election district, and when required, the ward or assembly district, in which he is registered, the street address, if any, from which he was registered, a statement, in substance, that his current enrollment blank was not marked correctly and that he did not intend to be so enrolled; the name of the party with which he did intend to enroll and which he desires to be entered on the registration records; a statement that he has been duly and regularly enrolled with the party whose name he desires entered on his registration records for at least five years immediately preceding the registration at which such mistake occurred or that he was not registered for all or part of such five year period; the county or counties and the addresses at which he resided when he was so enrolled; that he is in general sympathy with the principles of the party with which he requests to be enrolled and intends to support generally its nominees at the next general election, and a statement that he has not enrolled in any party or participated in any primary election or convention of any party during the past five years, other than the one with which he requests to be enrolled.

2. If the applicant's certificate or, the registration records in the office of such board show the applicant to have been registered during such five year period elsewhere in the state of New York the board shall require the applicant to produce a certified transcript of his enrollment, if any, in such other jurisdiction within the state accompanied with proof, by affidavit, showing his identity with the person whose name appears in such transcript. If the records of any board of elections within the state show the applicant to have been enrolled during such five year period in any party other than the one with which he requests to be enrolled, or to have been registered but not enrolled, the application for correction of enrollment shall be denied.

3. A voter may correct his enrollment pursuant hereto on any of the days the board is open for registration. A correction made during the twenty-five-day period preceding a primary election shall not be effective for such election.

REGISTRATION AND ENROLLMENT OF VOTERS 5-310

4. Where such application for correction of enrollment is approved, the board of elections shall enter the date of filing of the voter's affidavit along with the new party of enrollment in the spaces provided for entering enrollments on the back of his registration poll record or in the computer file from which the computer generated registration lists are prepared and the words "Enrollment Corrected" shall be entered in the remarks space therein. If requested by any member of the board, the correction of enrollment of any voter, or group of voters, must be approved by two such board members or two employees of the board representing different political parties. Such members or employees shall place their initials or other identifying information on the registration poll record of such voter, or on a computer generated list of such corrections of enrollment. Such lists shall be preserved in the same manner, and for the same time, as such registration poll records. The board shall file such affidavit in a file specially maintained for that purpose.

§ 5-308. [Repealed].

§ 5-310. Enrollment; forms of affidavits, mailing requirements.

1. The board shall prepare forms for the various applications and affidavits required under this title and, upon application, shall furnish a copy of the appropriate form to or for any voter desiring to use the same, and an additional copy if required. Copies also may be sold by the board, at cost, to any qualified voter.

2. Except when a voter is expressly required to file a paper in person, such paper may be filed either in person, by agent or sent by mail. Mailing within the state and within the times prescribed for filing shall be sufficient if the affidavit be received by the board. The postmark shall be sufficient proof of the date of mailing. If mailed outside of the state or if the postmark is omitted or illegible the affidavit must be received by the board within the times so prescribed for filing.

(a) Moved his residence outside the city or county in which he is registered.

(b) Was convicted of a felony disqualifying him from voting pursuant to the provisions of section 5-106 of this article.

(c) Has been adjudicated an incompetent.

(d) Refused to take a challenge oath.

(g) Personally requested to have his name removed from the list of registered voters.

(h) For any other reason, is no longer qualified to vote as provided in this chapter.

2. For the purposes of this section a personal request to be removed from the list of registered voters shall include the following:

REGISTRATION AND ENROLLMENT OF VOTERS 5-402

(c) A notice signed by the registrant which states that such registrant has moved to an address outside the city or county and that such change of address is for voter registration purposes.

(d) A notice from a board of elections or other voter registration officer or agency that such person has registered to vote from an address outside such city or county.

§ 5-402. Cancellation of registration; generally, notice to voter.

1. The board of elections shall cancel the registration of a voter when he is no longer qualified to vote or as required herein.

2. Whenever the board has reason to believe that a registered voter is no longer qualified to vote, it shall, before cancelling his registration, notify him, in a form approved by the state board of elections, by first class forwardable mail to the address from which he was last registered that he may appear before the board or answer in writing by mail, stating the reasons why his registration should not be cancelled. Such notice shall also state that if the voter does not appear or answer in writing within fourteen days after such notice is mailed, his registration will be cancelled. Such notice shall also advise the voter of his right to reregister pursuant to the provisions of this chapter and shall contain the phone number to call for the days and hours of local registration and the location of local registration places, the deadline for personal registration by mail for the next general election and the phone number to call to obtain additional applications for personal registration by mail. No such notice shall be required in order to cancel the registration of a voter who has made a personal request to be removed from the list of registered voters as defined by subdivision two of section 5-400 of this title or the registration of a voter whose name has been in inactive status for at least the period required by paragraph (f) of subdivision one of section 5-400 of this title or to cancel the registration of a voter who has died. Together with such notice of cancellation, the board shall mail to such voter a postage paid return card in a form approved by the state board of elections. Such card shall provide a place for the voter to set forth the reasons for his continued eligibility to vote in such county or city and to indicate his current address in the county or city and a statement that failure to return the card will result in cancellation of registration. The card shall also inform the voter of how to reregister if the voter has moved out of the county or city. If such registered voter shall fail to appear or answer in writing within such time or if, after he so appears or writes, the board is not satisfied that he is qualified to remain registered, the board shall cancel his registration.

3. The board of elections shall notify immediately every person whose registration is cancelled after such person has responded, in person or by mail, to a notice sent pursuant to subdivision two of this section, of the action taken and the reason therefor, by written notice to the address from which he was last registered. Such notice shall advise such persons either of their right to reregister or their right to apply to a court of law for reinstatement, whichever is appropriate.

4. Each board of elections shall, at least once a month, transmit to the appropriate board of elections, a list of the names, old addresses and new addresses of every voter whose registration was cancelled pursuant to the provisions of paragraph (a) of subdivision one of section 5-400 of this title because the voter moved to an address in the jurisdiction of the board to which the list is sent, unless the board of elections sending the list has received notice that the voter has already registered to vote from the new address.

§ 5-403. Rejection of ballot of unqualified voter; notice of action by board.

Whenever the ballot of any person, voted in an affidavit envelope in the manner prescribed by this chapter, is rejected under the provisions of this chapter on the grounds that such person is not a qualified voter of the election district wherein he sought to vote, or is not duly enrolled in the party in whose primary he sought to vote, the board of elections shall immediately notify such person by first class mail directed to the address given in his affidavit, of the rejection of his ballot, together with the reason therefore and the appropriate information on the times and places where he may register, re-register, enroll, or change or correct his enrollment. Where appropriate, a form of application for personal registration by mail shall be included with such notice.

§ 5-404. Cancellation of registration; cancellation of record.

1. The board of elections shall cancel a registration by marking the word "Cancelled" on the face of each of the voter's registration poll records, without obliterating any of the entries thereon, and shall enter the reasons for such cancellation on the face of such registration record or, if the board uses computer generated registration lists, entering such reasons in the computer records. If requested by any member of the board, the cancellation of registration of any voter, or group of voters, must be approved by two such

REGISTRATION AND ENROLLMENT OF VOTERS 5-500

board members or two employees of the board representing different political parties. Such members or employees shall place their initials or other identifying information on the registration poll record of such voter, or on a computer generated list of such cancellations. Such lists shall be preserved in the same manner, and for the same time, as such registration poll records.

2. The board shall supply a list of registration cancellations and reinstatements to the county chairman of any political party requesting same.

§ 5-406. [Repealed].

REGISTRATION RECORDS

| | |
|---------|---|
| Section | 5-500. Registration records; form and content. |
| | 5-502. Registration records; supplies and equipment. |
| | 5-504. Optional discontinuation of central file registration records. |
| | 5-506. Optional use of computer registration lists. |

§ 5-500. Registration records; form and content.

1. There shall be two records of the registration of each voter. Except as otherwise provided in this chapter, one record shall be sent, at the time of every election, to the polling place where the voter is entitled to vote, and shall be known as the “registration poll record”. Between elections it shall be kept in the main office or a branch office of the board of elections. The other record shall be kept constantly in such main office or branch office and shall be known as the “central file registration record”. The two types of records shall be prepared in different colors.

2. The face of each registration record, at or before its use, shall have entered at the top the name of the county in which it is to be used and a registration serial number, which shall be different for each voter but the same for the two records of each voter.

3. The central file registration records shall be printed on one side only, and shall be identical in substance, printing and arrangement with the face of the registration poll records.

4. The central file registration records and the face of the registration poll records shall contain a space for the voter's signature, preceded by the words, "The foregoing statements are true", and followed by the signature of the two members of the board of inspectors or central registration board by whom the voter is registered. In addition, there shall be spaces for the following entries, all of which shall precede the space for the voter's signature:

- a. Serial number assigned to voter and county of registration;
- b. The voter's surname, given name and initials of other names;
- c. The date of registration;
- d. The residence address at which the voter claims to reside and post office address, if not the same; and the number or designation of the room, apartment or floor occupied by the voter if he does not claim the entire building as his residence;
- e. The assembly district or ward and the election district in which such residence address is located;
- f. The length of the voter's residence in the county or city calculated to the time of the next general election;
- g. Whether the voter has previously voted or registered to vote and, if so, the approximate year in which he last voted or registered and his name and address at the time;
- h. His date of birth ;
- i. A space for the applicant to indicate whether or not he is a citizen of the United States;
- j. The gender of the voter (optional);
- k. The telephone number of the applicant (optional);
- l. Whether the voter was challenged;
- m. A space for the applicant to indicate his choice of party enrollment, with a clear alternative provided for the applicant to decline to affiliate with any party. [;]
- n. On the face of each registration record there also shall be spaces appropriately entitled, for entering information about the cancellation of registration, the date of such cancellation and the reason therefor, and the signature of the two members or employees of the board, representing different political parties by whom the cancellation was recorded;
- o. A space for "remarks" regarding other facts required by this chapter to be recorded or appropriate to identify the voter.

REGISTRATION AND ENROLLMENT OF VOTERS 5-502

5. On each registration poll record shall be spaces appropriately entitled and arranged for the voting record and signature of each voter. Each line above the last shall be reserved for the entries for each election at which the voter casts his vote. Such arrangement shall allow for the entry of the following information with reference to each election at which the registrant shall vote; the year, month and day of the election; the voter's number recorded on the public-counter, and the designation of the particular machine used if there be more than one in the district, if voting machines are used; the number on the ballot delivered and voted by the voter, if paper ballots are used; the signature of the voter; and the signatures or initials of the election inspectors by whom the voter is admitted to vote. On the last line at the bottom shall be a space for the voter's signature to be made at the time of registration.

6. On a different part of the registration poll record shall be spaces for recording the enrollment of the voter, changes in such enrollment, including, in each case, the number of the enrollment blank used, the date, the name of the party, appropriate remarks; and the initials of the board members who make any entry: [.]

7. The state board of elections shall prescribe the form of the record required by this section which may include any additional information it shall deem necessary. The state board may provide that the form of application for registration by mail may be used in lieu of the form prescribed by this section.

§ 5-502. Registration records; supplies and equipment.

1. The board of elections shall furnish in time for use by the boards of inspectors of election, the registration records, an American flag, a map or certified description of the election district, and the adjoining election districts, challenge affidavits, absentee voting applications, a list of voters who are currently registered in the election district, a list of those voters who have been cancelled in the last year with the reason for such cancellations, forms for statements of temporary absence, a sufficient number of copies of the ballot proposals to be submitted to the voters at the ensuing election, at least one copy of the instruction booklet for inspectors and all other forms and supplies required for the administration of the registration system as provided by this article.

2. The board of elections shall also maintain in its custody and control:

a. At the headquarters of the board, filing cabinets and ledgers sufficient in number and form to accommodate the records required by this article to be kept at such headquarters or office.

b. Carrying cases sufficient to carry to and from the registration places the ledgers, if any, and forms required by this chapter to be available for use at such places.

3. Each ledger and cabinet shall be equipped with a lock of such a nature that when the ledger or cabinet is locked it shall not be possible to remove any record or form which has been filed therein, or to file in it any other record or form. Each carrying case shall be equipped with a lock. Each carrying case lock and its key shall bear an identical distinctive identifying number.

4. Subject to the requirements of this article, the state board of elections shall prescribe the number of and the form, content, color and specifications of such registration records, lists, and check cards. It may require such other forms, supplies and equipment as it deems necessary to be furnished by the boards of elections and any other officer charged with equipping the places for taking registrations.

§ 5-504. Optional discontinuation of central file registration records.

1. Notwithstanding the provisions of this article to the contrary, a board of elections may apply to the state board of elections for permission to discontinue preparation, use and maintenance of central file registration records.

2. The state board of elections shall adopt regulations establishing the requirements which must be met by a board of election seeking such permission.

3. Such requirements shall include, but not be limited to the following:

a. The board of elections maintains a complete, current computer record of all registered voters.

b. At least one copy of such record is kept in a building other than the one in which the offices of the board of elections are located.

c. The board of elections maintains, as a public record, at the appropriate office of the board, a complete and current alphabetized list of all registered voters, including voters in inactive status, which contains next to

REGISTRATION AND ENROLLMENT OF VOTERS 5-506

each voter's name at least the following information: address, town or city, assembly district where appropriate, election district, registration serial number, party enrollment, date of registration, sex, date of birth and, if the voter is in inactive status, an indication of that fact.

d. A board of elections which has discontinued use of registration poll ledgers shall not be required to maintain such an alphabetized list of all registered voters if it has available for public use, a sufficient number of computer terminals from which such information can be obtained. Such terminals must have the capacity to display a series of names arranged in such alphabetical order without an inquiry for each such name having to be entered into the computer separately.

4. After such inquiry as it deems appropriate, the state board of elections shall approve the applications of those boards of elections whose systems meet the requirements established by this section and the regulations of the state board. Such boards may then discontinue preparation, use and maintenance of central file registration records.

5. If the state board of elections amends its regulations, a board of elections whose system was previously approved by the state board shall have a reasonable time to conform to the new regulation.

6. If the state board of elections determines on its own initiative, or upon investigation of a complaint, that the system being used by a board of elections is not in compliance with the requirements of this section and the regulations of the state board, it shall order such board of elections to comply forthwith.

7. If such a board of elections does not comply with the provisions of subdivision six of this section, the state board shall issue an order withdrawing permission to discontinue use of central file registration records and such board of elections shall be required to reinstitute use of such records on the first day of December following issuance of such an order.

§ 5-506. Optional use of computer registration lists.

1. Notwithstanding the provisions of this chapter to the contrary, a board of elections may apply to the state board of elections for permission to discontinue preparation, use and maintenance of registration poll records.

2. The state board of elections shall adopt regulations establishing the requirements which must be met by a board of elections seeking such permission.

3. Such requirements shall include, but not be limited to the following:

a. The board of elections maintains a complete, current, computer readable record for each registered voter which includes a reproducible signature, except that the record of the elections in which such voter has voted shall not be required to be maintained in such record for longer than the five previous calendar years. Such record may also include a copy of the entire registration poll record or application for registration of each such voter.

b. The board of elections maintains at least two copies of such computer readable records, which it stores in two different buildings.

c. The computer generated registration list prepared for each election in each election district shall be printed by a printer which meets or exceeds standards for clarity and speed of reproduction established by the state board of elections, shall be in a form approved by such board, shall include the names of all voters eligible to vote in such election and shall be in alphabetical order, except that, at a primary election, the names of the voters enrolled in each political party may be placed in a separate part of the list or in a separate list, as the board of elections in its discretion, may determine. Such list shall contain, adjacent to each voter's name, at least the following: street address, date of birth, party enrollment, year of registration, a computer reproduced facsimile of the voter's signature or an indication that the voter is unable to sign his name, a place for the voter to sign his name at such election and a place for the inspectors to mark the voting machine number, the public counter number and the number of any paper ballots given the voter.

d. The board of elections preserves, for as long as registration records are otherwise required to be preserved, the original application for registration or registration poll record of every registered voter filed in a manner which makes such records available for examination or, if the computer readable record for each registered voter maintained by the board of elections includes a copy of the entire registration poll record or application for registration of each such voter, the board of elections preserves the original of each such poll record or application in such a manner for a period of at least two years, or such longer period as the state board of elections may require, after such copy is entered in the computer readable record or if such computer readable records do not include the backs of those registration poll records which have been used at one or more elections, the board preserves the original of each such poll record for a period of at least two years after such copy is entered in such

REGISTRATION AND ENROLLMENT OF VOTERS 5-506

computer readable record or four years after the last election at which such poll record was used, whichever is later, or such longer period as the state board of elections may require.

4. After such inquiry as it deems appropriate, the state board of elections shall approve the applications of those boards of elections whose systems meet the requirements established by this section and the regulations of the state board. Such boards may then discontinue preparation, use and maintenance of registration poll records.

5. If the state board of elections amends its regulations, a board of elections whose system was previously approved by the state board shall have a reasonable time to conform to the new regulation.

6. If the state board of elections determines on its own initiative, or upon investigation of a complaint, that the system being used by a board of elections is not in compliance with the requirements of this section and the regulations of the state board, it shall order such board of elections to comply forthwith.

7. If such a board of elections does not comply with the provisions of subdivision six of this section, the state board shall issue an order withdrawing permission to discontinue use of registration poll records and such board of elections shall be required to reinstitute use of such records on the first day of December following issuance of such an order.

8. No computer tape, computer disc or other record which can be used to reproduce such computer generated facsimile signatures shall be sold or otherwise distributed other than for use by a board of elections or upon the order of a court of competent jurisdiction. However all other data contained on any such tape, disc or record shall be sold or otherwise distributed in the same manner as other records of the board of elections.

5-600**THE ELECTION LAW**

- 5-608. Replacement of registration and enrollment records; damaged, unusable or lost.
- 5-610. Registration records; new election district.
- 5-612. Registration records; use by town or village clerks and for school district, improvement district and fire district elections.
- 5-614. Statewide voter registration list.

§ 5-600. Registration records; filing of.

1. The board of elections shall keep all registration records, when not in use at the polls for an election, at its main office, or a branch office designated by it. Such records shall be kept in locked ledgers or locked filing cabinets and shall not be removed from the office or branch office of the board of elections, except that the registration poll records of all voters entitled to vote at an election shall be delivered as provided in this chapter to the appropriate election district polling places for use at such election.

2. The central file registration records shall be filed for the entire county using a system permitting location by name. Cancelled registration records shall be filed separately and shall be arranged in the same manner as current registration records.

3. The registration poll records shall be classified by election districts, the records for each election district being filed according to street, by number, and alphabetically within any address or in the discretion of the board of elections they may be filed alphabetically by name of voter.

4. Any registration record not completed because of the refusal of a board of inspectors to register an applicant shall be filed by the board of elections with the cancelled registration records as if the person affected had registered and his registration had been cancelled.

5. After receipt thereof from a board of inspectors at the close of a period of local registration, the board of elections, before removing any records or blank forms from any ledger containing registration records of voters registered during such period, shall compare such records and blanks with the certificate filed by such board of inspectors. It shall investigate any discrepancy between such returned material and the information contained on such certificate and if such discrepancy is not satisfactorily resolved, it shall, at the request of any commissioner, make a written report thereof in triplicate and send one copy of such report to the district attorney and one to the state board of elections and keep the third copy on file at its office as a public record. The

REGISTRATION AND ENROLLMENT OF VOTERS 5-601

board of elections shall then remove the records and blanks from the ledgers and shall file them as provided herein.

§ 5-601. Registration records; physically disabled voters.

1. A physically disabled voter whose polling place is located in a building that is not accessible shall be entitled to vote in any other election district whose polling place is located in a building which is accessible, provided that the candidates and ballot proposals on the ballot in such other election district are the same as those on the ballot in the election district in which such voter resides.

2. A written application by a disabled voter to have his registration record transferred to an election district which has an accessible polling place shall be valid for an election occurring more than fourteen days after it is received by the board of elections and, if the voter is permanently disabled, for all subsequent elections. Such application may specify the election district to which the voter wishes his registration records transferred.

3. The board of elections shall keep all such applications from permanently disabled voters on file at its office. Not later than twelve days before each election, the board shall transfer the records of each voter for whom it has such an application and who continues to be registered from the address on such application to an election district in the polling place specified in such application. If the application does not specify such an election district, or if the election district so specified is not one to which such records properly may be transferred for such election, the board of elections shall transfer such record to the election district among those to which it may properly be transferred for such election, which is located in the accessible polling place closest to the residence of the applicant.

4. If such registration records are in the form of registration poll records, the board of elections, before transferring any such registration record, shall make a photocopy thereof. Such photocopies shall be kept on file in the offices of such board in case such registration poll record is lost.

5. Upon removing such a registration poll record from a poll ledger, the board of elections shall insert in such poll ledger, at the place where such registration poll record was filed, a form giving the name and address of the voter, stating that the registration poll record was moved pursuant to the provisions of this section and giving the number of the election district to

which such registration poll record was moved and the location of the polling place for such election district.

6. If such registration records are kept in the form of computer generated registration lists, the board of elections at the time such registration record is transferred, shall cause to be entered on the computer generated registration at the place where such registration record would have appeared, the name and address of the voter but without the computer reproduced facsimile of the voter's signature and either a notation that such record was moved pursuant to the provisions of this section together with the number of the election district to which such record was moved and the location of the polling place for such election district or a notation stating where, in such computer generated registration list, such information is provided.

7. Not later than ten days before each election, the board of elections shall mail to each voter who has made application pursuant to the provisions of this section, by first class mail, information specifying the number and location of the election district to which his records have been transferred or that there is no election district to which such records may properly be transferred which is located in an accessible polling place.

8. If the board determines that there is no election district in an accessible polling place to which such voter's record may properly be transferred for a particular election, it shall treat the application of such voter as an application for an absentee ballot for such election and forthwith mail such absentee ballot to such voter at his residence address together with the notice required by subdivision seven of this section.

9. The board of elections shall compile a list, arranged by election districts of residence, of the names and addresses of all voters whose registration records have been moved pursuant to the provisions of this section and the number of the election district to which such registration record was moved. Not later than six days before election day, the board of elections shall send a copy of such list to the county chairman of each party. Such list shall be a public record at the office of such board of elections.

10. The state board of elections shall prescribe a standard form of application for use under this section and all forms necessary to carry out the provisions of this section.

REGISTRATION AND ENROLLMENT OF VOTERS 5-604

§ 5-602. Lists of registered voters; publication of.

1. After the last day of local registration and before the sixth day before the next ensuing general election in each year, the board of elections shall cause to be published a complete list of names and residence addresses of the registered voters for each election district over which the board has jurisdiction. The names for each election district may be arranged according to street and number or alphabetically. Each list shall be prepared in such a manner as to indicate the registrants whose names did not appear on the list of registered voters last published pursuant to the provisions of this section and the registrants who are in inactive status. The board of elections, in its discretion, may publish the names of the registrants in inactive status as a separate list. In lieu of publishing such a registration list, such board of elections may publish a complete list of the names and residence addresses of all registered voters whose names do not appear in the annual enrollment lists published in such year by such board, in the same form as such enrollment lists, and a list of the registered voters whose names appear in such annual enrollment lists but who have been placed in inactive status or whose registrations have been cancelled since the publication of such annual enrollment lists. Lists for all election districts in a ward or assembly district may be bound together in one volume.

2. The board of elections shall cause a list to be published for each election district over which it has jurisdiction.

3. The board of elections shall prepare such number of copies of such lists as it determines will be sufficient to meet the demand for such lists and shall send at least one copy of each such list to the state board of elections, and shall keep at least five copies for public inspection at each main office or branch of the board. Other copies shall be sold at a charge not exceeding the cost of publication.

§ 5-604. Enrollment lists; publication of.

1. The board of elections shall also cause to be published for each election district a complete list of the registered voters of each election district. Such list shall, in addition to the information required for registration lists, include the party enrollment of each voter. At least as many copies of such list shall be prepared as the required minimum number of registration lists.

Lists for all the election districts in a ward or assembly district may be bound together in one volume. The board of elections shall also cause to be published a complete list of names and residence addresses of the registered voters, including the party enrollment of each voter, for each town and city over which the board has jurisdiction. The names for each town and city may be arranged according to street and number or alphabetically. Such lists shall be published before the first day of April except that in a year in which any primary is held before the first day of July, such lists shall be published before the first day of March. The board shall keep at least five copies for public inspection at each main office or branch office of the board. Surplus copies of the lists shall be sold at a charge not exceeding the cost of publication.

2. Immediately after the publication of such lists the board shall send at least one true copy, duly certified, of each such list to the state board of elections.

§ 5-606. Lists; certification of.

1. The board of elections shall certify to the correctness of any transcript of original registration or enrollment entries, or of any part thereof, on the payment of one cent for every twenty names contained in the transcript.

2. The board of elections shall on request give to any enrolled voter a certificate of enrollment which shall specify the name of the party with which he is enrolled, the date of enrollment and the election district in which such voter is enrolled.

§ 5-608. Replacement of registration and enrollment records; damaged, unusable or lost.

1. If the registration or enrollment records of any voter shall be lost, mutilated, defaced or destroyed, the board of elections shall, except as provided in subdivision two hereof, require him to reregister or reenroll. Such reregistration or reenrollment shall be deemed to have taken effect as of the date of the original registration or enrollment.

2. If one or both of the registration records of the voter are still in the possession of the board of elections and it is possible therefrom to duplicate the lost or damaged record, the board of elections shall prepare a new record containing all the information required, using the original serial number, and

REGISTRATION AND ENROLLMENT OF VOTERS 5-610

shall paste photostatic copies of the voter's signature in each space on the new record where his signature was placed on the original record.

3. When the spaces for signature or for other entries, on a registration poll record are filled so as to render a record no longer usable, the board of elections shall prepare a second poll record. All pertinent information shall be copied from the original poll record on to the second poll record. The registration signature on the original poll record shall be photostated and pasted on the back in the space for the registration signature on the second poll record. Within the space reserved for remarks shall be imprinted "Record Continued--2nd Poll Record", or "3rd Poll Record", as appropriate.

4. The active but unusable poll record shall be kept in a special file for active continued registrations until such time as the next poll record may be cancelled, at which time the poll records are stamped "cancelled" and fastened together when placed in the cancellation file.

5. All mutilated or defaced registration records which are replaced by new records under the provisions of this section shall be stamped across the face with the words "Record Replaced", without obliterating any of the entries thereon and shall be kept on file by the board of elections.

6. If the records of an entire election district or a large segment thereof are lost, mutilated, defaced or destroyed, or are determined by the board of elections to be so inaccurate or incomplete as to be unusable, such board may, upon due notice, require re-registration of all qualified voters resident within such district. In such event, the board shall fix and determine additional days of local registration for such re-registration.

§ 5-610. Registration records; new election district.

When an election district is created, abolished or altered in any way, the board of elections shall do all things necessary to transfer the affected registration records to conform to the new plan of election districts and shall make all necessary changes in the designation of the election district and political subdivision on the registration record of each voter affected. At least twenty days before the next election, after such new plan of election districts has been effected, the board of elections shall mail a written notice to each affected registered voter notifying him of the designation of the new political subdivision, if any, and the number of the election district to which his registration record has been transferred, and if available, the address of his polling place.

§ 5-612. Registration records; use by town or village clerks and for school district, improvement district and fire district elections.

1. The board of elections shall, not later than the twentieth day before a special town election and not later than the seventh day before a village election conducted by the village clerk, provide a list of registered voters or shall place registration poll records in properly locked ledgers in the temporary custody of the town or village clerk for the purpose of permitting him to copy such records or to deliver such records for village election purposes to the board of inspectors of the several polling places in the election districts as provided by this chapter. The board of elections shall indicate on such list, or on a separate accompanying list, the names of those voters whose registration records have been marked “permanently disabled”. The names of voters in inactive status shall appear on a separate accompanying list. Voters listed in inactive status who appear at the polls to vote shall be challenged in the manner provided by section 8-504 of this chapter.

2. § 5-700. Checks on registration.

The board of elections shall permit only those persons to register or to remain registered who have the qualifications prescribed by this article.

§ 5-702. Voters' check cards; investigation.

1. The board of elections shall cause a bipartisan team of regular or special employees of such board to conduct an investigation of the qualifications to register and vote, or cause a voter's check card to be prepared for each voter who was registered after being challenged or who was challenged after registration and, if requested by any member of the board, for any other voter. The board shall forthwith deliver each such voter's check card to the head of the police department in the city, town or village in which the voter resides, or, if there be no such police department, to the sheriff or head of the police department of the county. The board shall make and retain an inventory list of all cards so delivered.

2. The head of the police department or sheriff, forthwith shall cause an investigation to be made to determine, in each instance, whether the registrant resides, and how long he has resided, at the address at which he claims a residence, and to check the facts relating to why the voter was challenged. Such investigation shall be completed within five days after receipt of such check cards. Each check card shall be signed with the title or rank, badge number, if any, and signature of the police officer, sheriff or deputy making the investigation, who shall note above such signature whether he personally interviewed the registrant and, if not, the full name of at least one other person whom he personally interviewed at the registrant's claimed residence or place of employment; the place, date and hour of such interview; the family relationship, if any, between the registrant and the person interviewed; and any reason he may have to believe that the registrant does not reside at the address given or does not possess the qualifications prescribed by this chapter for eligibility for registration. If he is satisfied that the registrant resides at such address and does possess such qualifications he shall write the word "valid" above his signature. If the officer charged with or actually making such investigation knows of his personal knowledge that the registrant is a qualified voter in the election district in which such registrant claims a residence, he may, without further investigation, endorse on such check card, above his title or rank, badge number, if any, and signature, the words "Valid; Personal knowledge." Such endorsement shall be considered for all purposes as a statement under oath by such officer that the registrant is qualified to vote from the residence claimed.

3. No later than the sixth day after receipt of such check cards from the board of elections the head of the police department or sheriff shall return them, in sealed wrappers and in each instance endorsed as required by subdivision two of this section, to the board of elections. Each wrapper shall contain all of the check cards for a single election district, alphabetically arranged in two groups. The first group shall contain all the check cards marked "Valid" or "Valid: Personal knowledge." The second group shall contain the remainder of such check cards. On the face of the wrapper such forwarding officer shall cause to be noted his name and the title of his office, the city, town or village, assembly district or ward, if any, and the election district of the cards in the wrapper, the total number of check cards marked "Valid" and "Valid: Personal knowledge", the number of other check cards, and the total of all check cards contained in such wrapper. With each such

wrapper the forwarding officer shall present to the board of elections a receipt, containing the information required to be stated on such wrapper. The original of such receipt shall be retained by the forwarding officer. The duplicate of such receipt shall be filed in the board of elections.

4. The board of elections forthwith shall compare such check cards for each election district with the inventory list prepared as directed by subdivision one of this section, the certificates executed by the registration board, the challenge affidavits executed in such district and returned to the board of elections and the registration cards of all applicants for whom check cards were executed and shall investigate any discrepancies.

5. The board of elections shall file all such check cards which are marked "Valid" or "Valid: Personal knowledge" in a separate file maintained by it for such purpose. Within such file, all cards shall be arranged by election districts and alphabetically within such districts.

6. The board of elections shall likewise file all such check cards which are not marked "Valid" or "Valid: Personal knowledge" in a separate file or ledgers maintained by it for such purpose.

7. If it appears from the check card that the registrant does not reside at the address from which he is registered, the board shall proceed in the manner prescribed by section 5-402 of this article.

8. 3. A notice of any party caucus held for making party nominations of candidates for town offices shall be given by proper party authorities by posting such notice in the public areas at the offices of the town clerk and the board of elections and filing a copy of such notice with such clerk and such board at least ten days preceding the day of the caucus and, either by newspaper publication thereof once within the town at least one week and not more than two weeks preceding the caucus, or by posting in ten public places in the town at least ten days preceding the day of the caucus. The notice shall specify the time and place or places, and the purpose of the caucus. There shall be a chairman and secretary, and there may be tellers, for each such caucus, and they shall take the constitutional oath of office before acting. No person shall participate in such a caucus for the nomination of candidates for town offices, unless he shall appear as an enrolled party voter on the transcript of

DESIGNATION AND NOMINATION OF CANDIDATES 6-118

enrollments from the registration poll ledger. Town caucuses described in this section shall be held at the expense of the party. Subject to the foregoing provisions, the county committee of the county containing a town may prescribe rules governing the conduct of party caucuses described in this section.

§ 6-110. Party nominations; public office.

All other party nominations of candidates for offices to be filled at a general election, except as provided for herein, shall be made at the primary election.

§ 6-112. [Repealed].

§ 6-114. Party nominations; special election.

Party nominations for an office to be filled at a special election shall be made in the manner prescribed by the rules of the party.

§ 6-116. Party nominations; election to fill a vacancy.

A party nomination of a candidate for election to fill a vacancy in an elective office required to be filled at the next general election, occurring after seven days before the last day for circulating designating petitions or after the holding of the meeting or convention to nominate or designate candidates for such, shall be made, after the day of the primary election, by a majority vote of a quorum of the state committee if the vacancy occurs in an office to be filled by all voters of the state, and otherwise by a majority vote of a quorum of the members of a county committee or committees last elected in the political subdivision in which such vacancy is to be filled, or by a majority of such other committee as the rules of the party may provide. A certificate of nomination shall be filed as provided for herein.

§ 6-118. Designation and nomination by petition.

Except as otherwise provided by this article, the designation of a candidate for party nomination at a primary election and the nomination of a candidate for election to a party position to be elected at a primary election shall be by designating petition.

§ 6-120. Designation and nomination; restrictions.

1. A petition, except as otherwise herein provided, for the purpose of designating any person as a candidate for party nomination at a primary election shall be valid only if the person so designated is an enrolled member of the party referred to in said designating petition at the time of the filing of the petition.

2. Except as provided in subdivisions three and four of this section, no party designation or nomination shall be valid unless the person so designated or nominated shall be an enrolled member of the political party referred to in the certificate of designation or nomination at the time of filing of such certificate.

3. The members of the party committee representing the political subdivision of the office for which a designation or nomination is to be made, unless the rules of the party provide for another committee, in which case the members of such other committee, and except as hereinafter in this subdivision provided with respect to certain offices in the city of New York, may, by a majority vote of those present at such meeting provided a quorum is present, authorize the designation or nomination of a person as candidate for any office who is not enrolled as a member of such party as provided in this section. In the event that such designation or nomination is for an office to be filled by all the voters of the city of New York, such authorization must be by a majority vote of those present at a joint meeting of the executive committees of each of the county committees of the party within the city of New York, provided a quorum is present at such meeting. The certificate of authorization shall be filed not later than four days after the last day to file the designating petition, certificate of nomination or certificate of substitution to which such authorization relates. The certificate of authorization shall be signed and acknowledged by the presiding officer and the secretary of the meeting at which such authorization was given.

4. This section shall not apply to a political party designating or nominating candidates for the first time, to candidates nominated by party caucus, nor to candidates for judicial offices.

§ 6-122. Designation or nomination; eligibility, restrictions.

A person shall not be designated or nominated for a public office or party position who (1) is not a citizen of the state of New York; (2) is ineligible

DESIGNATION AND NOMINATION OF CANDIDATES 6-126

to be elected to such office or position; or (3) who, if elected will not at the time of commencement of the term of such office or position, meet the constitutional or statutory qualifications thereof or, with respect to judicial office, who will not meet such qualifications within thirty days of the commencement of the term of such office.

§ 6-124. Conventions; judicial.

A judicial district convention shall be constituted by the election at the preceding primary of delegates and alternate delegates, if any, from each assembly district or, if an assembly district shall contain all or part of two or more counties and if the rules of the party shall so provide, separately from the part of such assembly district contained within each such county. The number of delegates and alternates, if any, shall be determined by party rules, but the number of delegates shall be substantially in accordance with the ratio, which the number of votes cast for the party candidate for the office of governor, on the line or column of the party at the last preceding election for such office, in any unit of representation, bears to the total vote cast at such election for such candidate on such line or column in the entire state. The number of alternates from any district shall not exceed the number of delegates therefrom. The delegates certified to have been elected as such, in the manner provided in this chapter, shall be conclusively entitled to their seats, rights and votes as delegates to such convention. When a duly elected delegate does not attend the convention, his place shall be taken by one of the alternates, if any, to be substituted in his place, in the order of the vote received by each such alternate as such vote appears upon the certified list and if an equal number of votes were cast for two or more such alternates, the order in which such alternates shall be substituted shall be determined by lot forthwith upon the convening of the convention. If there shall have been no contested election for alternate; substitution shall be in the order in which the name of such alternate appears upon the certified list, and if no alternates shall have been elected or if no alternates appear at such convention, then the delegates present from the same district shall elect a person to fill the vacancy.

§ 6-126. Conventions; rules for holding.

1. The time and place of meeting of a convention shall be fixed, within the times prescribed herein, by a committee appointed pursuant to the

rules of the state committee. The room designated for the meeting place of a convention shall have ample seating capacity for all delegates and alternates. Every convention shall be called to order by the chairman of the committee from which the call originates or by a person designated in writing for that purpose by such chairman, or, if he fails to make such designation, then, by a person designated in such manner as the rules of the party shall prescribe. Such chairman or person designated shall have the custody of the roll of the convention until it shall have been organized. No such convention shall proceed to the election of a temporary chairman or transact any business until the time fixed for the opening thereof nor until a majority of the delegates or respective alternates named in the official roll shall be present. The roll call upon the election of a temporary chairman shall not be delayed more than one hour after the time specified in the call for the opening of the convention, provided a majority of delegates, including alternates sufficient to make up such majority by substitution, are present. The person who calls the convention to order shall exercise no other function than that of calling the official roll of the delegates upon the vote for temporary chairman and declaring the result thereof.

2. The temporary chairman shall be chosen upon a call of the official roll. The committees of the convention shall be appointed by the convention, or by the temporary chairman, as the convention may order. Where only one candidate is placed in nomination for any office, the vote may be taken viva voce. When more than one candidate is placed in nomination for an office the roll of the delegates shall be called and each delegate when his name is called shall arise in his place and announce his choice, except that the chairman of a delegation from any unit of representation provided for by party rules, unless a member of such delegation objects, may announce the vote of such delegation. The convention may appoint a committee to nominate candidates to fill vacancies in nominations made by the convention and caused by the death, declination or disqualification of a candidate. The permanent officer shall keep the records of the convention.

3. [Repealed]

- (e) The name of the committee making the nomination.
- (f) A certified copy of the party rules describing the rule-making body and nomination process.
- (g) An affidavit containing a statement by the presiding officer and secretary of the committee that they are such officers and the statements in the certificate are true.

2. The certificate of nomination, with all required information contained therein, shall be filed in the same places and manner as provided for designating petitions, not later than seven weeks preceding the general election, or as otherwise provided herein.

3. After examination, no board or officer shall receive for filing any such certificate of nomination unless the above requirements have been fulfilled.

4. If there is any question or conflict relating to the rules or the rule-making body, rules which a majority of the candidates of such party who were nominated by petition for offices voted for by all the voters of the state at the general election at which the independent body became a party certify were duly adopted by a properly authorized body shall be deemed to be the rules. The certificate of such candidates describing the rule-making body shall be controlling.

4. The state board of elections shall prepare a sample form of a designating petition which meets the requirements of this section and shall distribute or cause such forms to be distributed to each board of elections. Such forms shall be made available to the public, upon request, by the state board of elections and each such board. Any petition that is a copy of such a sample shall be deemed to meet the requirements of form imposed by this section.

§ 6-134. Designating petition; rules.

1. A designating petition may designate candidates for nomination for one or more public offices or for nomination for election to one or more party positions or both, but designations or nominations for which the petitions are required to be filed in different offices may not be combined in the same petition. If two or more offices having the same title are to be filled for different terms, the terms of office shall be included as part of the title of the office.

2. Sheets of a designating petition shall be delivered to the board of elections in the manner prescribed by regulations that shall be promulgated by the state board of elections, provided, however, that the sheets of any volume of a petition shall be numbered. Such regulations shall be no more restrictive than is reasonably necessary for the processing of such petitions by the board of elections. Such regulations shall be binding on the boards of election in each county and in the city of New York. When a determination is made that a designating petition does not comply with such regulations, the candidate shall have three business days from the date of such determination to cure the violation.

3. If a voter shall sign any petition or petitions designating a greater number of candidates for public office or party position than the number of persons to be elected thereto his signatures, if they bear the same date, shall not be counted upon any petition, and if they bear different dates shall be counted in the order of their priority of date, for only so many designees as there are persons to be elected.

4. A signature made earlier than thirty-seven days before the last day to file designating petitions for the primary election shall not be counted.

DESIGNATION AND NOMINATION OF CANDIDATES 6-134

5. The use of titles, initials or customary abbreviations of given names by the signers of, or witnesses to, designating petitions or the use of customary abbreviations of addresses of such signers or witnesses, shall not invalidate such signatures or witness statement provided that the identity of the signer or witness as a registered voter can be established by reference to the signature on the petition and that of a person whose name appears in the registration poll ledgers.

6. An alteration or correction of information appearing on a signature line, other than the signature itself and the date, shall not invalidate such signature.

7. A signer need only place his signature upon the petition, and need not himself fill in the other required information.

8. Notwithstanding any other provision of this chapter, the failure to list a committee to fill vacancies or the failure to list at least three eligible voters as a committee to fill vacancies shall not invalidate the petition unless a vacancy occurs which, under law, may be filled only by such a committee.

9. A person other than the subscribing witness may insert the information required by the subscribing witness statement, provided that all subscribing witness information required above the subscribing witness' signature is inserted either before such subscribing witness signs the statement or in the presence of such subscribing witness.

10. The provisions of this section shall be liberally construed, not inconsistent with substantial compliance thereto and the prevention of fraud.

11. If the number of signatures on any petition sheet is understated in the witness statement, such petition sheet shall not be invalid solely because of such understatement, but such petition sheet will be deemed to contain the number of signatures indicated on such witness statement and the signatures at the end of such petition sheet that are in excess of the number so indicated shall be deemed not to have been filed.

12. A signature on a petition sheet shall not be deemed invalid solely because the address provided is the post office address of the signer provided that proof that such address is the accepted address of such signer is provided to the board of elections no later than three days following the receipt of specific objections to such signature.

13. In addition to the requirement for the signature, the printed name of the signer may be added, provided that the failure to provide a place to print

the name or failure to print a name if a space is provided shall not invalidate the signature or petition.

§ 6-136. Designating petitions; number of signatures.

1. Petitions for any office to be filled by the voters of the entire state must be signed by not less than fifteen thousand or five per centum, whichever is less, of the then enrolled voters of the party in the state (excluding voters in inactive status), of whom not less than one hundred or five per centum, whichever is less, of such enrolled voters shall reside in each of one-half of the congressional districts of the state.

2. All other petitions must be signed by not less than five per centum, as determined by the preceding enrollment, of the then enrolled voters of the party residing within the political unit in which the office or position is to be voted for (excluding voters in inactive status), provided, however, that for the following public offices the number of signatures need not exceed the following limits:

(l) For any county legislative district, five hundred signatures.

3. The number of signatures on a petition to designate a candidate or candidates for the position of delegate or alternate to a state or judicial district convention or member of the state committee or assembly district leader or associate assembly district leader need not exceed the number required for member of assembly, and to designate a candidate for the position of district delegate to a national party convention need not exceed the number required for a petition for representative in congress.

§ 6-137. [Repealed].

§ 6-138. Independent nominations; rules.

1. Independent nominations for public office shall be made by a petition containing the signatures of registered voters of the political unit for which a nomination is made who are registered to vote. The name of a person signing such a petition for an election for which voters are required to be registered shall not be counted if the name of a person who has signed such a petition appears upon another valid and effective petition designating or nominating the same or a different person for the same office.

2. Except as otherwise provided herein, the form of, and the rules for a nominating petition shall conform to the rules and requirements for designating petitions contained in this article.

3. a. The name selected for the independent body making the nomination shall be in English characters and shall not include the name or

part of the name or an abbreviation of the name or part of the name, nor shall the emblem or name be of such a configuration as to create the possibility of confusion with the emblem or name of a then existing party, or the emblem or name of an independent body selected by a previously filed independent nominating petition for the same office.

b. Notwithstanding the requirements of paragraph a of this subdivision, if the emblem or name selected for an independent body on any independent nominating petition is the same as that selected by any previously filed independent nominating petition for the same office, the board of elections with which such later petition was filed shall, not later than two days after the filing of such later filed petition, send notice of such duplicate selection of emblem or name by first-class mail, to the candidate for such office who was nominated by such later filed petition, and that the candidate to whom such notice is required to be sent may file with such board of elections, not later than seven days after such notice was mailed, a certificate selecting a different emblem or name.

c. A person who has been nominated or who expects to be nominated as the candidate of an independent body for the office of President of the United States at any election for such office may, not later than three days after the last day to file nominating petitions, file with the state board of elections, a special certificate which shall be irrevocable, stating that such person does not wish to permit candidates for any other office, except the office of Vice-President of the United States, to appear on the ballot with the same name and emblem as the independent body which has nominated or will nominate such candidate for the office of President.

d. Not later than seven days after the last day to file nominating petitions, the state board of elections shall notify each local board of elections of the name of each candidate for President of the United States who has filed such a special certificate, together with the name and emblem of the independent body selected on the petition which nominated such candidate.

e. If any candidate has been nominated for any other office by a petition which selected the same name or emblem for an independent body as the name or emblem selected on the petition which nominated a candidate for President of the United States who has filed a special certificate pursuant to paragraph c of this subdivision, the board of elections with which the petition nominating such candidate for such other office was filed shall, not later than ten days after the last day to file nominating petitions, send to each such

DESIGNATION AND NOMINATION OF CANDIDATES 6-140

candidate, by first class mail, notice that a special certificate pursuant to paragraph c of this subdivision has been filed and that the candidate to whom such notice is sent may file with such board of elections, not later than seven days after such notice was mailed, a certificate selecting a different name and emblem.

f. If such a petition shall not show an emblem, or if the petition shall fail to select a name for such independent body, or if pursuant to the provisions of paragraph b or paragraph e of this subdivision, a candidate shall fail to select another emblem or name for such independent body, the officer or board in whose office the petition is filed shall select an emblem or name or both to distinguish the candidates nominated thereby. The name and emblem shown upon such petition or selected by a candidate authorized to make such selection by paragraph b or paragraph e of this subdivision, or selected by an officer or board shall also conform to the requirements of this chapter with respect to names or emblems permitted to be selected by a party.

g. Nothing contained in this subdivision shall preclude a court of competent jurisdiction from rejecting an independent nominating petition if the court determines that fraud was involved in the selection of a name or emblem.

4. A signature made earlier than six weeks prior to the last day to file independent petitions shall not be counted. A signature on an independent petition for a special election made earlier than the date of the proclamation calling the special election shall not be counted.

§ 6-140. Independent nominations; form of petition.

1. a. Each sheet of an independent nominating petition shall be signed in ink, shall contain the following information and shall be in substantially the following form:

I, the undersigned, do hereby state that I am a registered voter of the political unit for which a nomination for public office is hereby being made, that my present place of residence is truly stated opposite my signature hereto, and that I do hereby nominate the following named person (or persons) as a candidate (or as candidates) for election to public office (or public offices) to be voted for at the election to be held on the day of, 20..., and that I select the name(fill in name) as the name of the independent body making the nomination (or nominations) and (fill in emblem) as the emblem of such body.

Ballots shall be provided for every election at which public or party officers are to be nominated or elected.

§ 7-102. Ballot; placing names and ballot proposals thereon.

1. The names of all candidates and the form of submission of all duly certified ballot proposals shall be printed upon the official ballot except that at

a primary election, no ballot proposals or names of candidates for uncontested offices or party positions shall be printed upon the official ballot.

2. In the event that two or more persons with identical names are designated as candidates for the same office or position at any primary election, a different number shall be included with the name of every candidate for such office or position on such ballot. Such number shall be in arabic numerals and shall be placed at the beginning of each such candidate's name. The board of elections with which the certificates or petitions of designation for such candidates are filed shall determine such numbers by lot not later than ten days after the last day to file such certificates or petitions upon at least five days written notice by first class mail to each such candidate. Such notice shall also contain information concerning the provisions of subdivision four of this section and the deadlines for filing the information provided for in such subdivision four.

3. a. In the event that a candidate in a primary election believes that the name of another candidate for the same office or position at such election is sufficiently similar to his so as to cause confusion among the voters, such candidate may, not later than five days after the last day to file the certificates or petitions of designation, file with the board of elections with which such certificates or petitions of designation are filed, a request that such board determine that such a sufficient similarity exists.

b. The board of elections shall meet to hear arguments on, and make a determination with respect to such a request, not later than seven days after the last day to make such request, upon five days written notice by first class mail to every candidate for such office or position. Such notice shall also contain information concerning the provisions of subdivision four of this section and the deadlines for filing the information provided for in such subdivision four.

c. If such board makes a determination that such a similarity exists, it shall forthwith assign a different number, which it shall determine by lot, to be included with the name of every candidate for such office or position on such ballot. Such number shall be in arabic numerals and shall be placed at the beginning of each such candidate's name.

4. a. If such board assigns numbers to candidates' names pursuant to the provisions of subdivision two or three of this section it shall also prepare for distribution at such election, a leaflet which contains biographical information on each such candidate, on one side of a single sheet of paper in the order of the numbers it has assigned to such candidates. If such leaflet is

published in a second language in addition to English, the two language versions shall appear on opposite sides of the same sheet of paper. Such biographical information may not exceed one hundred words and may only include such candidate's name, address, present and past public offices held, present and past occupations and employers, other public service experience, educational background and organizational affiliations.

b. Each candidate for an office or position for which such numbers are assigned may file with such board, not later than fourteen days after such determination, any or all of the information permitted by paragraph a of this subdivision in the form in which such candidate wishes such information to appear in such leaflet. If such board determines that such filing does not comply with the requirements of this subdivision, it shall notify such candidate forthwith by first class mail. Such candidate may file revised information with such board not later than ten days after such notice was mailed. If a candidate does not make a filing within the times prescribed by this paragraph, the words "no information supplied" shall appear next to his name on such leaflet.

2. The names of parties or independent bodies which contain more than fifteen letters may, whenever limitations of space so require, be printed on the ballot in an abbreviated form. In printing the names of candidates whose full names contain more than fifteen letters, only the surname must be printed in full. The officer or board charged with the duty of preparing the ballots shall request each such candidate to indicate, in writing, the shortened form in which, subject to this restriction, his name shall be printed. If no such indication is received from such candidate within the time specified in the request, such officer or board shall make the necessary determination.

3. The face of the ballot shall be completely covered with a protective covering of smooth, hard, transparent material so that it shall be impossible to alter the face of the ballot without removing or breaking such covering.

4. (a) The party emblem for each political party represented on the machine, and the party name or other designation, and a designating letter and

(b) When the same person has been nominated for an office to be filled at the election by more than one party, the voting machine shall be so adjusted that his name shall appear in each row or column containing generally the names of candidates for other offices nominated by any such party.

(c) If such candidate has also been nominated by one or more independent bodies, his name shall appear only in each row or column containing generally the names of candidates for other offices nominated by any such party and the name and emblem of each such independent body shall appear in one such row or column to be designated by the candidate in a writing filed with the officer or board charged with the duty of providing ballots, or if such person shall fail to so designate, the names and emblems of such independent bodies shall appear in such row or column as such officer or board shall determine.

(d) If any person shall be nominated for any office by one party and two or more independent bodies his name shall appear on the voting machine twice; once in the row or column containing generally the names of candidates for other offices nominated by such party, and once in the row or column containing generally the names of candidates nominated by the independent body designated by such person in a writing filed with the officer or board charged with the duty of providing ballots and in connection with the name of such person in such row or column shall appear the name and emblem of each independent body nominating him or, if such person shall fail to so designate,

6. Notwithstanding the provisions of subdivision five of this section, the name of a person who is nominated for the office of governor, or state senator, or member of assembly, shall appear on the ballot labels of the machine as many times as there are parties or independent bodies nominating him, and there shall be a separate voting and registering device at each place in which such name shall appear.

7. The machine shall be so adjusted that when levers or devices for voting, and slots or devices for write-in ballots, equal to the total number of persons to be elected to an office or position shall have been operated, all other such levers or devices for voting, and slots or devices for write-in ballots used in connection with that office or position shall be thereby locked. All levers or devices shall be locked in any space which does not contain the name of a candidate or a question to be voted on.

8. If any type of machine used in any county or city contains any feature, the use of which is neither required nor prohibited by the provisions of this chapter, the board of elections may, by resolution, require that one or more of such features shall be used in such county. Thereafter all machines of such type used in such county or city shall be operated in conformity with any such resolution. Any such resolution may thereafter be rescinded by such board and after being so rescinded may be re-adopted. Once re-adopted by any board of elections, such a resolution may not be rescinded again by such board.

9. The board of elections shall provide a card or printed slip to be placed in the card holder which shall have printed upon it in black ink for each party or independent row containing the names of candidates, the image of a

§ 7-106. Paper ballots; form of.

1. Paper ballots shall be printed on paper of a quality, size, color, and weight approved by the state board of elections.

2. All paper ballots of the same kind for the same polling place shall be identical. A different, but in each case uniform style and size of type, shall be used for printing the names of candidates, the titles of offices, political designations, and the reading form of all questions submitted. The names of candidates shall be printed in capital letters in black-faced type.

3. Each ballot shall be printed on the same sheet with a stub which shall be separated therefrom by a horizontal line of perforations extending across the entire width of the ballot. (4) To vote yes or no on a proposal make a single X or V mark in the square opposite your vote.

(5) Any other mark or writing, or any erasure made on this ballot outside the voting squares or blank spaces provided for voting will void this entire ballot.

(6) Do not overvote. If you select a greater number of candidates than there are vacancies to be filled, your ballot will be void for that public office or party position.

(7) If you tear, or deface, or wrongly mark this ballot, return it and obtain another. Do not attempt to correct mistakes on the ballot by making erasures or cross outs. Erasures or cross outs may invalidate all or part of your ballot. Prior to submitting your ballot, if you make a mistake in completing the ballot or wish to change your ballot choices, you may obtain and complete a new ballot. You have a right to a replacement ballot upon return of the original ballot.

6. Each such ballot shall be printed in sections in which the candidates' names, emblems and political designations, the ballot proposals and other requisite matter shall each be boxed in by heavy black lines. On the ballot shall be voting squares in which voters may make their voting marks. All voting squares shall be bounded by heavy black lines, the perpendicular lines to be not less than one-sixteenth of an inch wide. The voting squares and the spaces occupied by the emblem shall have a depth and width of five-sixteenths of an inch. No voting squares shall be provided in front of the blank spaces provided for a voter to write in a name.

7. The space for the title of an office shall be three-eighths of an inch, and the name of a candidate or for writing in a name, one-fourth of an inch, in depth. To the left of voting spaces which do not adjoin a vertical line dividing two parts, there shall be a heavy black vertical line approximately one-eighth of an inch in width. No voting space shall be provided in the space for writing in names. In such case, the space corresponding to a voting space shall be all black.

8. Below the names of the candidates for each office or position there shall be printed as many blank spaces, for writing in names of persons for whom the voter desires to vote, as there are persons to be nominated or elected.

9. In case the sections shall be so numerous as to make the ballot unwieldy if they are printed in one column, they may be printed in as many columns as shall be necessary, and in that case, in order to produce a rectangular ballot, blank sections may be used.

10. The names of parties or independent bodies which contain more than fifteen letters may, whenever limitations of space so require, be printed on the ballot in an abbreviated form. In printing the names of candidates whose full names contain more than fifteen letters, only the surname must be printed in full. The officer or board charged with the duty of preparing the ballots shall request each such candidate to indicate, in writing, the shortened form in which, subject to this restriction, his name shall be printed. If no such indication is received from such candidate within the time specified in the request, such officer or board shall make the necessary determination. No emblem shall occupy a space longer in any direction than the voting square to which it relates.

§ 7-108. Ballots; form for elections.

1. Upon ballots for a general election, the offices shall be listed in the customary order.

2. If two or more candidates are nominated for the same office for different terms, the term for which each is nominated shall be printed as a part of the title of the office.

3. In every instance where multiple casting of votes is permitted for two or more candidates for the same office or position, the instruction on the ballot or machine shall read "Vote for any", (the blank space to be filled with the number of persons to be nominated for the office or elected to the position).

§ 7-110. Ballots; form for ballot proposals.

Ballot proposals shall appear on the voting machine or ballot in a separate section. At the left of, or below or above, each proposal shall appear two voting levers or two voting squares, each at least one-half inch square. Next to the first lever or square shall be printed the word "Yes," and next to the second lever or square shall be printed the word "No." The proposals shall be numbered consecutively on the voting machine or ballot. The number of each proposal shall appear in front of its designation as an amendment, proposition or question in the following form: "Proposal one, an amendment; proposal two, a proposition; proposal three, a question".

§ 7-112. [Repealed].

§ 7-114. Ballots; form for primary election.

1. (a) The face of the official ballot for a primary election shall be divided into parts. Descriptive words to indicate the purpose of each part shall be printed at its head. Beginning at the left or top, the first part shall be entitled, and shall be for "Candidates for nomination for public office". The second part shall be entitled, and shall be for "Candidates for party positions." When necessary, a part may be divided into two or more columns or rows, but the names of all persons designated for the same office or party position shall be in the same column or row.

(b) In each part shall be printed the titles of the offices or party positions, as the case may be, for which the part is to be used, and under each such title shall be printed the names of the designated candidates for the office or position.

(c) Where a candidate for nomination for the same public office or for election to the same party position is designated by two or more petitions, his name shall be placed upon the ballot for the primary election but once as such a candidate.

(d) The ballot shall not contain a space for voting for candidates for uncontested offices and positions, and no ballot shall be printed for a party whose primary is uncontested unless a petition for opportunity to ballot has been filed.

2. (a) The paper ballot for a primary election shall conform to the form for paper ballots set forth in this article with respect to quality and weight of paper, perforated line, and number on the stub on the back of the ballot.

(b) On the back of the paper ballot, on the stub, immediately below the number, shall be the name of the party. On the back of the ballot and below the stub, and immediately to the left of the center of the ballot, and on the front of the ballot, below the perforated line, shall be printed, in addition to the other information required for paper ballots, the name and emblem of the party and the words "Official primary ballot."

(c) On the front of the stub, above the perforated line at the top of the paper ballot shall be printed the same instructions as on the general election ballot.

(d) The parts of the paper ballot below such heavy black horizontal line shall be separated by a heavy black vertical line or lines, one-fourth of an inch in width. Descriptive words to indicate the purpose of each part shall be printed at its head, below the heavy black horizontal line. Immediately below such captions shall be printed two light parallel horizontal lines approximately one-sixteenth of an inch apart, extending across each part.

(e) The names of candidates on paper ballots shall be numbered with arabic numerals printed in heavy faced type beginning with "one" for the first candidate named in the first part and continuing in numerical order to and including the last candidate named in the last part, except that where two or more candidates are to be elected to a party position, the names of candidates designated by each petition shall be grouped, and each group shall have but one number, which shall be printed opposite the approximate center of the group.

(f) The number of a candidate shall be printed on the paper ballot between the voting space and the name of the candidate. Each group shall have a bracket embracing the names in the group.

(g) Spaces containing names of candidates and for writing in names, and intervening spaces on the paper ballot, shall be separated by light horizontal lines. Names of candidates shall be printed in capital letters not less than one-eighth nor more than three-sixteenths of an inch in height.

(h) The paper ballots of no two parties shall be the same color, and the state board of elections shall select the color for each new party, and not later than twelve weeks before a primary election, shall transmit to each board of elections a certificate stating the colors so selected.

3. [Expires and repealed July 10, 2009~~8~~]

Notwithstanding any other provision of this chapter, in any county where the board of elections deems it necessary, due to reasons of ballot configuration and in order to efficiently administer the election, the ballot in a primary election:

(a) shall provide a slot or device to permit voters to write-in the name of an undesignated person with respect to each contested nomination for public office; and

(b) shall provide a slot or device to permit voters to write-in the name of an undesignated person with respect to only such election for party position for which a valid petition for an opportunity to ballot has been filed.

§ 7-116. Ballots; order of names on.

1. In printing the names of candidates on the ballot, the candidate or candidates of the party which polled for its candidate for the office of governor at the last preceding election for such office the highest number of votes, shall be row or column A or one and the candidates of the other parties shall be placed on such ballot in descending order of such votes.

2. The officer or board who or which prepares the ballot shall determine the order in which shall appear, below the names of party candidates the nominations made only by independent bodies. Such officer or board also shall determine the order in which shall be printed, in a section of such ballot the names of two or more candidates nominated by one party or independent body, for an office to which two or more persons are to be elected; provided, however, that any such candidate may, by a writing filed with such board or officer not later than one week after the adjournment of the convention or one week after the primary election nominating him, or otherwise not later than two days after the filing of the petition or certificate nominating him, demand that such order be determined by lot, and in that case such order shall be so determined, upon two days notice by mail given by such board or officer to each candidate for such office. The state board of elections shall perform the

duties required by this subdivision in all cases affecting nominations filed in its office.

3. The officer or board with whom or which are filed the designations for a public office or party position shall determine by lot, upon two days notice by mail given by such board or officer to each candidate for such office or position and to the committee, if any, named in the designating petition, the order in which shall be printed on the official primary ballot, under the title of the office or position, the names of candidates for public office, the names of candidates for a party position to which not more than one person is to be elected, and the groups of names of candidates for party position where two or more persons are to be elected thereto and any petition designates two or more persons therefor, provided, however, that whenever groups of names for more than one party position are designated by the same petition, the order in which they shall be printed on the official primary ballot shall be determined by a single lot. Candidates for delegate or delegates and alternate delegate or delegates to conventions designated by the same petition shall, for the purpose of this subdivision, be treated as one group. The names of candidates, if any, for a party position to which two or more persons are to be elected, who are designated by individual petitions and not in a group shall be printed below such group or groups, in such order between themselves, as such officer or board shall determine by lot upon the notice specified in this subdivision. The names within a group of candidates designated for party position by one petition shall be printed in the same order in which they appear in the petition, unless they appear in a different order on different pages of the petition, in which case their order within the group shall be determined by such officer or board by lot upon the notice specified in this subdivision. Candidates for members of a state committee designated by a single petition shall, for the purposes of this subdivision, be treated as one group. However, the notice to a committee of the drawing need not be mailed to more than five members, if there be that many, and as to offices or party positions for which designating petitions are filed with the board of elections of the city of New York the notice shall be given to the committees only.

3-a. The state board of elections shall prescribe the method, or two or more alternative methods, for making the determinations by lot required by subdivisions two and three of this section. Each county board of elections shall adopt one of such methods at least ninety days before any election to which such method shall apply.

4. If a vacancy in a designation or nomination be filled after the making, in the manner provided in this section, of a determination of the order in which the names of candidates for the office or position are to be printed, the name of the candidate designated or nominated to fill such vacancy shall be printed in the place so determined for the original candidate.

5. The titles of public offices shall appear on ballots for primary elections in the same consecutive order that they will appear on the general election ballot. The titles of the party positions shall appear in the following order: member of state committee, assembly district leader, associate assembly district leader, members of county committee in the city of New York, delegate or delegates to conventions, alternate delegate or delegates to conventions, and members of county committee in counties outside of the city of New York. Where, pursuant to the rules of the county committee, the party position involved is that of assembly district leader or associate assembly district leader for a part of an assembly district, such part shall be so indicated in the title on the ballot.

6. In the city of New York, the ballot on the voting machine for primary elections shall conform to the following additional provisions:

The names of the candidates designated for such public office or party position in the primary of a party shall be placed under the title of the office or position in the alphabetical order of their surnames, in the first or lowest numbered assembly district and election district of any political unit or subdivision within a county. If candidates' surnames are identical, their given or first name shall determine their order. Thereafter the names shall be rotated by election districts by transposing the first named candidate to the bottom of the order at each succeeding election district, so that each name shall appear first and in each other position in an equal number, as nearly as possible, of the election districts and except, further, that where two or more candidates are to be elected to the same party position, the names of candidates for such a position which appear on the same designating petition shall be grouped together on the ballot in the order in which their names appear on the designating petition and the group rotated alphabetically in relation to other groups or individual candidates according to the surname of the first person on the designating petition of such group. Groups of candidates for delegate and alternate delegate, and groups of candidates for male and female delegate and male and female alternate delegate to the same convention designated on the same petition shall be rotated together alphabetically in relation to other groups

or individual candidates according to the surname of the first person listed on such designating petition in the group of candidates for whichever of such delegate or alternate delegate positions will appear first on the voting machine. If the rules of a party committee provide for equal representation of the sexes among the members of a state committee elected from each unit of representation, elections for male and female members of such a committee from a single unit of representation shall be conducted as elections for two different party positions. Notwithstanding the provisions of this paragraph, if the board of elections has assigned numbers to the candidates for an office or position because of identical or similar names among such candidates, the names of such candidates shall be placed under the title of such office or position in the order of such numbers in such first or lowest numbered district, and the names shall not be rotated by election district. Such names shall appear in the identical order on each ballot in each election district.

County committee candidates or groups of candidates shall be printed within the first election district of each assembly district or part thereof, according to the priority of filing of designating petitions and they shall then be rotated by election district by placing the candidate or group of candidates designated in the same petition as the candidate or group of candidates which was printed first in an election district at the bottom of the order in the next succeeding election district in which a candidate or group of candidates designated in such petition appears on the ballot.

In cases where a name is added to or removed from the ballot by court order too late to make a complete adjustment to these requirements feasible, the name may be added at the bottom of the list of candidates in all election districts, or removed from the ballot in all election districts without changing the previously arranged order of other names and without invalidating the election. Any inadvertent error in the order of names discovered too late to correct the order of the names on the ballots concerned shall not invalidate an election.

Except where a contest or candidate is removed from the ballot by court order too late to make complete compliance with this paragraph feasible, the title of each public office or party position and the names of the candidates for such office or position appearing on any voting machine used for primary elections in the city of New York shall appear on such machine immediately adjacent to one another, either horizontally or vertically; and no blank spaces shall separate the names of candidates actually running for an office or party

position on such voting machine, and no blank spaces shall separate any two such offices or positions which appear on such voting machine in the same column or row.

§ 7-118. Ballots; facsimile and sample.

The board of elections shall provide facsimile and sample ballots which shall be arranged in the form of a diagram showing such part of the face of the voting machine as shall be in use at that election. Such facsimile and sample ballots shall be either in full or reduced size and shall contain suitable illustrated directions for voting on the voting machine. Such facsimile ballots shall be mounted and displayed for public inspection at each polling place during election day. Sample ballots may be mailed by the board of elections to each eligible voter at least three days before the election, or in lieu thereof, a copy of such sample ballot may be published at least once within one week preceding the election in newspapers representing the major political parties. One copy of such facsimile shall be sent to each school in the county, providing the ninth through the twelfth years of compulsory education, and in the city of New York to each such school in the city of New York, at least one week before each general election for posting at a convenient place in such school. The board of elections shall also send a facsimile ballot to any other school requesting such a ballot.

§ 7-120. Ballots; emergency use, to be furnished.

1. If any voting machine for use in any election shall become out of order during an election it shall, if possible, be repaired or another machine substituted as promptly as possible. In case such repair or substitution cannot be made, emergency ballots, printed or written, and of any suitable form, may be used for the taking of votes.

2. If the official ballots for an election district shall not be delivered within the time necessary to open the polls, or shall be lost, destroyed or stolen, or if the supply of official ballots shall be exhausted before the polls are closed, the board of elections, or at its direction, the town or city clerk, or the election inspectors of such district, shall cause emergency ballots to be prepared, printed or written, as nearly in the form of the official ballots as practicable. The inspectors shall use the ballots so substituted in the same manner, as near as may be, as the official ballots.

3. It shall be the duty of each board of elections to cause a sufficient number of emergency ballots to be placed at each polling place in which voting machines are used to be employed in the event the voting machines break down. At any time during the hour succeeding a breakdown, the inspectors of election may use such emergency ballots, and if such breakdown lasts more than one hour, such emergency ballots must be used. The sample ballots may be used for this purpose in full or reduced size.

§ 7-121. Ballots which are counted by machine.

A board of elections may provide, by resolution adopted at least two months before an election at which voting machines are used, that all ballots cast for such election, other than on the voting machines, shall be counted by a machine of a type approved by the state board of elections and that all ballots printed for use at such election may be printed and arranged in a manner which would permit them to be counted by such machine.

§ 7-122. Ballots; absentee voters.

1. (a) Ballots for absentee voters shall be, as nearly as practicable, in the same form as those to be voted in the district on election day, if any, except that ballots for primary elections shall omit the party position of ward, town, city or county committee and except further that such ballots need not have a stub, and shall have the words "Absentee Ballot", endorsed thereon.

(b) The names of candidates upon the ballot shall be printed in appropriate sections, with titles of offices, section numbers, emblems, voting squares, names of parties and political organizations and blank spaces for writing in names of persons not printed on the ballot. Such examination shall include a determination as to whether the machine or system meets the requirements of section 7-202 of this title and a thorough review and testing of any electronic or computerized features of the machine or system. Such report shall state an opinion as to whether the kind of machine or system so examined can safely and properly be used by voters and local boards of elections at elections, under the conditions prescribed in this article and the requirements of the federal Help America Vote Act. If the report states that the machine or system can be so used, and the board after its own examination so determines, in accordance with subdivision four of section 3-100 of this chapter, the machine or system shall be deemed approved, and machines or systems of its kind may be adopted for use at elections as herein provided. The voting machine or system shall be examined by examiners or testing laboratories to be selected for such purpose by the state board. Each examiner or laboratory shall receive compensation and expenses for making an examination and report as to each voting machine or system examined by him or it. Neither any member of the state board of elections nor any examiner or owner or employee of any testing laboratory, shall have any pecuniary interest in any voting machine or system. Any form of voting machine or system not so approved, cannot be used at any election.

1-a. [Expires and repealed July 1, 2010] A citizens' election modernization advisory committee is hereby established within the state board of elections. Such committee shall consist of the co-executive directors of the state board of elections, two local board of election commissioners appointed by the state board of election commissioners of one major party, two local board of election commissioners appointed by the state board of elections commissioners of the other major party, five members of disability rights' organizations, who shall be appointed by the state board of elections in accordance with subdivision four of section 3-100 of this chapter, at least one of whom shall be a representative from the Commission on Quality of Care and Advocacy for Persons with Disabilities and the New York State Independent Living Council, Inc., and the Disabled American Veterans, Department of New York, one member appointed by the temporary president of the senate and one member appointed by the speaker of the assembly and one member who shall be a representative of the New York State League of Women Voters. Such appointments shall be made within thirty days of the effective date of this subdivision and the state board of elections shall

immediately convene the committee. The committee shall have access to each machine or system submitted for examination and assist the state board of elections in the examination of the voting machines or systems pursuant to this section by recommending which machines or systems meet the requirements of section 7-202 of this title and the federal Help America Vote Act. The committee shall meet four times per year. The state board of elections shall take such recommendation into consideration when determining whether a machine or system meets the requirements of section 7-202 of this title and the federal Help America Vote Act.

2. When any change is made in the operation or material of any feature or component of any machine or system which has been approved pursuant to the provisions of this section, such machine or system must be submitted for such re-examination and reapproval pursuant to the provisions of subdivision one of this section as the state board of elections deems necessary.

3. If at any time after any machine or system has been approved pursuant to the provisions of subdivision one or two of this section, the state board of elections has any reason to believe that such machine or system does not meet all the requirements for voting machines or systems set forth in this article, it shall forthwith cause such machine or system to be examined again in the manner prescribed by subdivision one of this section. If the opinions in the report of such examinations do not state that such machine or system can safely and properly be used by voters at elections under the conditions prescribed by this article, the state board of elections shall forthwith rescind its approval of such machine or system. After the date on which the approval of any machine or system is rescinded, no machines or systems of such type may be purchased for use in this state. The state board of elections shall examine all machines or systems of such type which were previously purchased, to determine if they may continue to be used in elections in this state.

4. The state board of elections may authorize, for use on an experimental basis, one or more types of voting machine, system or equipment not previously approved by such board pursuant to the provisions of this section and may authorize a local board of elections to rent or borrow a limited number of one such type of machine, system or equipment for use in a primary, special, general or village election. Authorization for such use of such a machine, system or equipment may be given for all or part of any city, town or village for any such election.

5. The board shall deposit all fees collected pursuant to the provisions of subdivision one of this section to the credit of the voting machine and system examination fund established pursuant to section ninety-two-p of the state finance law.

§ 7-202. Voting machine or system; requirements of.

1. A voting machine or system to be approved by the state board of elections shall:

a. be constructed so as to allow for voting for all candidates who may be nominated and on all ballot proposals which may be submitted and, except for elections at which the number of parties and independent bodies on the ballot exceeds the number of rows or columns available, so that the amount of space between the names of any two candidates of any party or independent body in any row or column of such machine or system at any election is no greater than the amount of space between the names of any other candidates of such party or independent body at such election;

b. permit a voter to vote for any person for any office, whether or not nominated as a candidate by any party or independent body without the ballot, or any part thereof, being removed from the machine at any time;

d. if the voter selects votes for more than one candidate for a single office, except where a voter is lawfully entitled to vote for more than one person for that office, notify the voter that the voter has selected more than one candidate for a single office on the ballot, notify the voter before the ballot is cast and counted of the effect of casting multiple votes for the office, and provide the voter with the opportunity to correct the ballot before the ballot is cast and counted;

e. provide the voter an opportunity to privately and independently verify votes selected and the ability to privately and independently change such votes or correct any error before the ballot is cast and counted;

f. be provided with a "protective counter" which records the number of times the machine or system has been operated since it was built and a "public counter" which records the number of persons who have voted on the machine at each separate election;

g. be provided with a lock or locks, or other device or devices, the use of which, immediately after the polls are closed or the operation of the

machine or system for such election is completed, will absolutely secure the voting or registering mechanism and prevent the recording of additional votes;

h. be provided with sufficient space to display the information required herein, provided, however, in the alternative, such information may be displayed within the official ballot;

i. be provided with a device for printing or photographing all counters or numbers recorded by the machine or system before the polls open and after the polls close which shall be a permanent record with a manual audit capacity available for canvassing the votes recorded by the machine or system; such paper record shall be preserved in accordance with the provisions of section 3-222 of this chapter;

j. retain all paper ballots cast or produce and retain a voter verified permanent paper record which shall be presented to the voter from behind a window or other device before the ballot is cast, in a manner intended and designed to protect the privacy of the voter; such ballots or record shall allow a manual audit and shall be preserved in accordance with the provisions of section 3-222 of this chapter;

n. contain a device which enables all the election inspectors and poll watchers at such election district to determine when the voting machine or system has been activated for voting and when the voter has completed casting his or her vote;

o. permit the primaries of at least five parties to be held on such machine or system at a single election, and accommodate such number of multiple ballots at a single election as may be required by the state board of elections but in no case less than five;

q. permit inspectors of elections to easily and safely place the voting machine or system in a wheelchair accessible position;

r. ensure the integrity and security of the voting machine or system by:

(i) being capable of conducting both pre-election and post-election testing of the logic and accuracy of the machine or system that demonstrates an accurate tally when a known quantity of votes is entered into each machine; and

(ii) providing a means by which a malfunctioning voting machine or system shall secure any votes already cast on such machine or system;

s. permit alternative language accessibility pursuant to the requirements of section 203 of the Voting Rights Act of 1965 (42 U.S.C. 1973aa-1a) such that it must have the capacity to display the full ballot in the alternative languages required by the federal Voting Rights Act if such voting machine or system is to be used where such alternative languages are required or where the local board deems such feature necessary; and

t. not include any device or functionality potentially capable of externally transmitting or receiving data via the internet or via radio waves or via other wireless means.

2. The state board of elections shall approve, for use at each polling place at least one voting machine or system at such polling place which, in addition to meeting the requirements in subdivision one of this section, shall:

a. be equipped with a voting device with tactile discernible controls designed to meet the needs of voters with limited reach and limited hand dexterity;

c. be capable of being equipped with a pneumatic switch voting attachment which can be operated orally by gentle pressure or the creation of a vacuum through the inhalation or exhalation of air by the voter including, but not limited to, a sip-and-puff switch voting attachment.

3. The state board of elections may, in accordance with subdivision four of section 3-100 of this chapter, establish by regulation additional standards for voting machines or systems not inconsistent with this chapter.

4. Local boards of elections which obtain voting machines pursuant to this chapter may determine to purchase direct recording electronic machines or optical scan machines in conformance with the requirements of this chapter.

§ 7-203. Voting machines; requirement of use.

1. The board of elections shall provide a sufficient number of voting machines to fully equip all election districts within its jurisdiction. Such voting machines shall be used at all general, special and primary elections conducted pursuant to this chapter.

2. Notwithstanding any provision of law to the contrary, the state board of elections shall establish, in accordance with subdivision four of section 3-100 of this chapter, for each election, the minimum number of voting machines required in each polling place and the maximum number of voters that can vote on one voting machine. Such minimum number of voting machines shall be based on the voting machine in use, taking into account machine functionality and capability and the need for efficient and orderly elections and, in the case of a general or special election, the number of registered voters, excluding voters in inactive status, in the election district or, in the case of a primary election, the number of enrolled voters, excluding voters in inactive status, therein.

3. In the event that the board of elections shall not agree upon, or the county shall not execute a contract or contracts for the purchase of, the necessary voting machines, such contract or contracts shall be awarded, made and executed by the state board of elections, in accordance with subdivision four of section 3-100 of this chapter, on approval of the attorney general as to form. The expense of making and entering into such contracts, including the preparation and printing of specifications, and also all payments for voting machines to be made thereunder, shall be chargeable to the county, except in the city of New York where such expense shall be chargeable to such city, and it shall be the duty of the comptroller or other chief fiscal officer of the county or city, as the case may be, to pay the same upon the certificate of the officer making such contract, or upon the certificate of the state board of elections in the event that such contract be made by it. No provision of any charter or other law or ordinance governing the purchase of patented articles shall be deemed to apply to the purchase of voting machines pursuant to the provisions of this section. Nothing in this section shall be construed to prevent the state board of elections from distributing voting machines to boards of elections pursuant to other provisions of this chapter without charge.

4. The board of elections may purchase voting machines for use in demonstration and as extra machines within the county.

§ 7-204. Contracts for purchase of voting machines or systems.

1. All contracts for purchase of voting machines or systems of types approved by the state board of elections shall include, but not be limited to, requirements that the vendors provide assistance in training board of elections personnel in the operation of such machines or systems and any ancillary equipment, assistance in the conduct of all elections conducted during the first year in which each such machine or system is used and at least five years of service for all such machines or systems and ancillary equipment.

2. All such contracts shall also require the vendor to guarantee in writing to keep such machines and systems in good working order for at least five years without additional cost and to perform satisfactorily its training and service obligations under the contract and to give a sufficient bond conditioned to that effect.

3. The state board of elections, in consultation with the office of general services, shall issue regulations specifying the manner in which contracts must be drawn in order to comply with the provisions of this section.

4. Purchase contracts for purchase of voting machines or systems of types approved by the state board of elections may not become effective until a date at least ten days after copies of such contracts are received by the state board of elections unless, within such ten day period, such board of elections notifies the local board of elections which submitted such contract that such contract does not meet requirements of this chapter or the regulations of the state board of elections.

§ 7-205. Voting machines; use of at primaries.

1. The board of elections of any county outside the city of New York may adopt, and shall adopt when required by local law in any city or by action of the county legislative body in any county, the use of voting machines for contested primary elections in any or all parts of such city or county for any office or position for which such board is not required to use such machines. Wherever voting machines are used for primary elections, the board of elections having jurisdiction over elections in the city, county or town concerned shall issue directions for such use for each primary election which shall be in conformity with the provisions of this section and of all other applicable provisions of this chapter and which shall be binding on all election officials in the area involved.

2. Additional voting machines may be acquired for this purpose. If the voting machines used are equipped with a mechanism by which a voter of one party may be permitted to vote for any candidate of his own party but prevented from voting for any candidates of other parties, the same machines may be used for the primaries of all parties or of more than one party. In the use of such a machine an inspector assigned for the purpose by the board of inspectors shall set the machine before each voter enters the voting booth so that it can be operated only for candidates of the party in which the voter is enrolled. If the face of a single machine will not hold the candidates of all parties, two or more machines may be used in a single election district, but all the candidates of any one party for whose primary contests voting machines are used must appear on the same machine except as provided in subdivision five of this section.

3. If the voting machines are not thus adapted to use for the primary contests of more than one party on the same machine, a separate voting machine shall be provided for the primary contests of each party for which such voting machines are used. Voting machines of both types may be used in the same primary election in different election districts or in the same election district for different parties.

4. Wherever voting machines are used for primary elections, they shall be used in accordance with the following provisions of this section for all primary contests so far as the available supply of voting machines will permit, except that the use of voting machines in all contested primary elections in the city of New York shall be mandatory except as provided in subdivision five. Outside the city of New York, if the available supply of voting machines is insufficient to contain all primary contests, paper ballots shall be used insofar as necessary. If there are not enough voting machines to cover all election districts for all parties therein, preference shall be given in the use of machines, first to contests for nomination for public office over contests for election to party position and, second to the contests which are held in the greatest numbers of election districts. If a voting machine used for a party in a particular election district will not accommodate all the candidates of the party therein, as many as possible of the contests of such party shall be carried on the voting machine subject to the following priorities: first to contests for nomination for public office, and second to offices voted for in such party in the most election districts. Subject to these requirements, the board of elections of any county outside the city of New York shall designate which election

districts and which parties therein shall use voting machines for primary contests, and which contests shall appear on a voting machine when the machine will not accommodate all the contests of a party.

5. To provide an opportunity for voting for offices or party positions for which more candidates have been designated than can be accommodated on the voting machines, the board of elections may provide for the use of a separate paper ballot for such offices and positions when other offices and positions are voted for on voting machines by voters of the same party.

6. When voting machines are used for primary elections the provisions of the other sections of this article shall be observed so far as applicable, except that the provisions for party rows or columns and the use of party names and emblems for each individual candidate shall be disregarded. When primary candidates of more than one party appear on the same voting machine, the candidates of each party shall appear together on one part of the machine distinctly and prominently separated from the part or parts used for candidates of other parties and prominently labeled with the name of the party. When a voting machine is used for the primary candidates of one party only, the machine shall be prominently labeled with the name of that party.

7. The state board of elections shall have power to issue supplementary instructions for the use of voting machines in primary elections in accordance with the provisions of this section. Subject to such instructions and to the provisions of this section the board of elections shall have power to make all necessary or desirable provisions for such use.

§ 7-206. Testing of voting and ballot counting machines.

1. The state board of elections shall test every voting machine of a type approved after September first, nineteen hundred eighty-six and every ballot counting machine to insure that each such machine functions properly before such machines may be used in any election in this state.

2. Such testing shall include, but not be limited to, a verification of the authenticity and integrity of the resident vote tabulation programming in open, encrypted, compiled, assembled, or any other form, in each voting machine of such types, by comparison of such resident vote tabulation programming with the programming which was in the machine of such type which was approved for use in this state and the recording of at least eight hundred votes on each such voting machine and a sufficient number of votes

on each such ballot counting machine, by a method which may be mechanical or electronic, to determine if such machine accurately records such votes.

3. At least annually, the board of elections of each county in which any such voting or ballot counting machines are in use shall test each such machine in a manner prescribed by the state board of elections under conditions supervised by such state board. Such tests shall include, but not be limited to the tests required by subdivision two of this section.

§ 7-207. Voting and ballot counting machines; preparation of, party representatives.

1. It shall be the duty of the board of elections to cause the proper ballot labels to be prepared and placed on those voting machines which require ballot labels, to cause the machines and any removable electronic or computerized devices which operate such machines or record the vote thereon to be placed in proper order for voting, to examine all voting machines and all such electronic or computerized devices before they are sent out to the different polling places, to see that all the registering counters are set at zero, to cause a printed record of all the ballot label programming data, for each election, which is entered into each voting machine of a type approved after September first, nineteen hundred eighty-six, or which is entered into any removable electronic or computerized device which operates such machine or records the vote thereon, to be produced directly from the device on which such ballot label programming data was entered and to lock all voting machines so that the counting machinery can not be operated and to seal each one with a numbered seal.

2. (a) Before preparing or programming the voting and ballot counting machines and any removable electronic or computerized devices which operate such machines or record the vote thereon for any election, written notices shall be mailed to the chairman of the county committees of the major political parties, stating the times when and place or places where the machines and devices will be prepared or programmed; at which times and place or places, one representative of each of such political parties, certified by the respective chairmen of the county committees of such parties, shall be entitled to be present and see that the machines and devices are properly prepared and placed in proper condition and order for use at the election. The party representatives shall take the constitutional oath of office, which shall be filed in the office of the board of elections.

(b) It shall be the duty of such party representatives to be present at the preparation of the voting machines for election and see that the machines are properly prepared and that all registering counters are set at zero by examining such counters or by examining the printed or photographic record produced by such voting machine or by examining the printed record of the ballot label programming data on such machine. When the machines have been prepared for election, it shall be the duty of the custodian or custodians of voting machines and party representatives, to make a certificate in writing which shall be filed in the office of the board of elections, stating the number of machines, whether or not all the machines are set at zero, the number registered on the protective counter, and the number on the seal with which the machine is sealed.

3. No custodian or other employee of the board of elections shall in any way prevent free access to and examination of all voting machines that are to be used at the election, by the duly appointed party representatives. The board of elections and its employees shall afford the party representatives every facility for the examination of all voting machines and devices and the registering counters, the printed or photographic record of the counters or the printed record of the ballot label programming data on such machines, if any, the protective counters and the public counters of each and every voting machine. All such printed or photographic records shall be public records at the offices of the boards of elections.

4. It shall be the duty of the board of elections to cause such voting machine or machines, prepared as provided pursuant to this section to be delivered at each of the respective polling places in which they are to be used, at least one hour before the time set for the opening of the polls. After the machine has been delivered, it shall be set up in the proper manner for use at the election, and it shall be the duty of the local authorities to provide ample protection against tampering with the machines.

5. The party representatives shall be paid for their services an amount that shall be fixed by the board of elections, such amount shall, however, be approved by the governing body of the municipality wherein said machines are used and paid by such municipality.

§ 7-208. Escrow requirements.

Prior to the use of any voting machine or system in any election in the state, on or after September first, two thousand six, the state board of elections and the local board of elections using such voting machine or system shall:

1. Require that the manufacturer and/or vendor of such voting machine, system or equipment shall place into escrow with the state board of elections a complete copy of all programming, source coding and software employed by the voting machine, system or equipment which shall be used exclusively for purposes authorized by this chapter and shall be otherwise confidential.

2. Require that the manufacturer and/or vendor of such voting machine, system or equipment file with the state board of elections and the appropriate local boards of elections a waiver, prepared by the state board of elections, which shall waive all rights of the vendor or manufacturer to assert intellectual property or trade secret rights in any court of competent jurisdiction hearing a challenge to the results of any election and requesting that programming source coding, firmware, and software as well as voting machines or systems be tested by independent experts under court supervision and at the conclusion of such proceeding shall be sealed.

3. Require that the manufacturer and/or vendor of such equipment file with the state board of elections and the appropriate local boards of elections a consent to having and cooperating in the testing of any programming, source coding, firmware, or software, pursuant to an order of any board of elections or court of competent jurisdiction. Any such board or agent thereof shall be required to maintain the confidentiality of any proprietary material.

§ 7-209. Elimination of punch card ballots.

Notwithstanding any other provision of law, on or after September first, two thousand six, no punch card ballot or punch card voting system shall be used in any manner in the conduct of any election.

§ 8-102. Polls; opening of.

1. The inspectors of election, and clerks, if any, shall meet at the polling place at least one-half hour before the time set for opening the polls of election. The inspectors of election shall:

(a) See that the American flag is displayed.

(b) Cause the facsimile ballots and voter information posting to be posted conspicuously within the polling place.

(c) Cause the distance markers to be placed at a distance of one hundred feet from the polling place.

(d) Establish a guard-rail by delineating and marking out the voting area by a suitable means. The voting machine, ballots and all equipment shall be kept within such guard-rail.

(e) Place the books, ballots and sample ballots, blanks, stationery and supplies so that they will be ready and convenient for use.

(f) Affix or attach to their clothing and cause the clerks, if any, to affix or attach to their clothing the proper identification buttons, badges or emblems issued by the board of elections pursuant to the provisions of this chapter. The inspectors and clerks shall wear no other buttons, badges or emblems which are similar in design.

(g) See that the voting booths are supplied with pencils having black lead only.

(h) Unlock the ballot boxes, see that they are empty, allow them to be examined by the watchers present, and lock them up again in such a manner that the watchers and the persons just outside the guard-rail may see that the boxes are empty when re-locked.

(i) Inspect the voting machine to see that it is in good working order and has a curtain to preserve the secrecy of voting; inspect the screen of the voting booth; inspect the polling place to make certain there is no way that anyone can view any action of a voter inside the voting machine or booth; and affix a conspicuous notice, in the form prescribed by the state board of elections, in a prominent place in the machine or booth, instructing the voter that, in order to have his vote counted, he must leave the voting levers in a down position when he operates the handle to open the curtain. Such notice shall be printed in English and such other languages as the board of elections may determine to be appropriate.

(j) Announce that the polls are open for voting and the time when the polls will close.

2. The keys to the voting machine shall be delivered to the inspectors at least one-half hour before the time set for the opening of the polls, in a sealed envelope, on which shall be written or printed the number and location of the voting machine, the number of the seal, and the number registered on the protective counter, as reported by the voting machine custodian. The envelope containing the keys shall not be opened until at least one inspector from each of the two parties shall be present in the polling place and shall have examined the envelope to see that it has not been opened. Before opening the envelope, all the election officers present shall examine the number on the seal on the machine, also the number registered on the protective counter, and shall see if they are the same as the numbers written on the envelope containing the keys. If found not to agree, the envelope must not be opened until the voting machine custodian, or other authorized person, shall have been notified and shall have presented himself at the polling place for the purpose of re-

If the numbers on the seal and protective counter, are found to agree with the numbers on the envelope, the inspectors, except as hereinafter provided, shall open the doors concealing the counters and, before the polls are open, each inspector shall carefully examine every counter and see that it registers zero and allow the watchers to examine them. If the machine is provided with a device for printing or photographing candidate and amendment counters, the door concealing the counters shall not be opened and the inspectors shall instead carefully examine the printed or photographic record produced by the machine to see that each counter registers zero, and shall allow watchers to examine the printed or photographic record. The inspectors shall then sign a certificate showing the delivery of the keys in a sealed envelope, the number on the seal, the number registered on the protective counter, if all the counters are set at zero (000), if the public counter is set at zero (000), and if the ballot labels are properly placed in the machine. The machine shall remain locked against voting until the polls are formally opened, and shall not be operated except by voters in voting. If any counter is found not to register zero (000), the inspectors of election shall immediately notify the custodian who shall if practicable adjust the counters at zero (000), but if it shall be impracticable for the custodian to arrive in time to adjust such counters before the time set for opening the polls, the inspectors shall immediately make a written statement of the designating letter and number of such counter, together with the number registered thereon, and shall sign and post the same upon the wall of the polling place, where it shall remain throughout election day, and in filling out the return of canvass they shall subtract such number from the number then registered on such counter.

§ 8-104. Polls.

1. The American flag shall be kept displayed at each polling place throughout the election. Facsimile ballots, voter information posting and distance markers shall not be taken down, torn or defaced during the election. While the polls are open no person shall do any electioneering within the polling place, or in any public street, within a one hundred foot radial measured from the entrances designated by the inspectors of election, to such polling place or within such distance in any place in a public manner; and no political banner, button, poster or placard shall be allowed in or upon the

polling place or within such one hundred foot radial. While the polls are open no person shall consume any alcoholic beverages within the polling place.

1-a. The election inspectors shall conspicuously post in the polling place before the opening of the polls, a voter information posting, which shall include: (a) the sample ballot and instructions for the use of voting machines required pursuant to section 7-118 of this chapter; (b) information regarding the date of the election and the hours during which polling places will be open; (c) instructions on how to cast an affidavit ballot and a concise statement of a voter's right to such a ballot; (d) instructions relating to requirements for voting on voting machines by those registrants who must provide identification pursuant to the federal Help America Vote Act of 2002; (e) instructions for first-time voters; (f) a voter's bill of rights describing voter's rights under applicable federal and state law, including the right of accessibility and alternate language accessibility; (g) information pertaining to voting by paper ballot, including information about the consequence of casting an overvote, steps to prevent unintentional undervoting and spoiled ballots; (h) instructions on how to contact the appropriate officials if a voter's right to vote or right to otherwise participate in the electoral process has been violated; and (i) general information on federal and state laws regarding prohibitions on acts of fraud and misrepresentation. The state board of elections shall prescribe the form and content of the voter information posting, which may be comprised of one or more pages, provided each page shall be posted separately. The state board of elections shall prescribe an official version of such voter information posting for every language which appears on any general, primary or special election ballot in any election district in the state and for such other languages as such board, in its opinion, determines is appropriate. Such posting shall be used in all jurisdictions, and a separate posting shall be made by election inspectors for each language appearing on the ballot and for such additional languages as the board of elections may require. A board of elections may modify or supplement the voter information posting used in its jurisdiction to provide additional or local information; provided, however, any such modification or supplementation shall be submitted to the state board of elections for prior approval.

2. The boxes and all official ballots shall be kept within the guard-rail, and at least six feet therefrom, from the opening of the polls until the announcement of the result of the canvass and the signing of the inspectors' returns thereof. No person shall be admitted within the guard-rail during such

period except the election officers, authorized watchers, persons admitted by the inspectors to preserve order or enforce the law, and voters duly admitted for the purpose of voting; provided, however, that candidates voted for at the polling place may be within the guard-rail during the canvass.

3. The provisions of this chapter concerning the preservation of order and apprehension for crime on a day of registration, shall apply to a day of election, but a person taken into custody shall not be prohibited thereby from voting.

4. After a ballot box shall have been locked for the purposes of election, it shall not be opened until it is opened at the close of the polls for purposes of canvass. Each inspector shall be responsible personally for the custody of each ballot box and its contents from the time the election begins until the box is delivered, according to law, to the person entitled to receive it.

5. Voters entitled to vote who are on line or in the polling place at the time fixed by law for the closing of the polls shall be allowed to vote.

6. In the city of New York, during days of primary, general, special and community school board elections, at each premises wherein a polling place or places are located, at least one police officer or peace officer designated by the police commissioner of such city pursuant to the provisions of article two of the criminal procedure law shall be assigned for duty from the opening until the closing of the polls. Additional police officers or peace officers may be assigned as is deemed appropriate by the police commissioner of such city.

§ 8-106. Polling places; attendance for educational purposes.

1. Notwithstanding any inconsistent provision of law, in order to facilitate education and participation in the electoral process, a number of students in grades eight to twelve, inclusive, not to exceed four at any one time in any polling place, may enter any polling place between twelve o'clock noon and three o'clock p.m. for the purpose of observing the activities taking place therein and, when allowed by the inspectors, for the purposes of subdivision two of this section, provided there is proper parental or teacher supervision present, and provided further, any such student who in any way interferes with the orderly process of voting shall not be allowed to remain in the polling place.

2. Notwithstanding any inconsistent provision of law, each board of elections may provide a spare voting machine inside any polling place or in a

CONDUCT OF ELECTIONS

room adjacent to any polling place for the educational use of students in grades eight to twelve, inclusive. Each such board shall establish procedures for the use of the machine including, but not limited to, location and preparation of the machine and duties of the machine tenders. At least four weeks prior to an election, each board intending to provide a voting booth for the educational use of students shall notify each school district within its jurisdiction of the location of the spare voting machine. Upon such notice, but not later than two weeks prior to such election, each school district intending to utilize the spare voting machine made available for educational use as herein provided shall notify the board of such intention. Any ballot used in connection with such spare voting machine shall be in the form prescribed by section 7-118 of this chapter for facsimile or sample ballots.

3. Notwithstanding any inconsistent provision of law, in order to facilitate education and foster early participation in the electoral process, any persons younger than the age of sixteen on election day shall be permitted to accompany a duly qualified voting parent or guardian into the appropriate polling place and voting booth for the specific purpose of observing that parent or guardian vote, and for the general purpose of observing the electoral process. Any voting parent or guardian permitting a child to accompany them while voting shall provide appropriate supervision so as not to allow a child to interfere with the orderly process of voting.

TITLE II

ELECTION INSPECTORS

Section 8-202. Board of inspectors; conduct of.

§ 8-202. Board of inspectors; conduct of.

1. The chairman of the board of inspectors theretofore appointed shall continue to act as such, and the inspectors shall act as a board, and a majority thereof shall decide questions. Two inspectors who are not of the same political faith shall have charge of the registration poll ledgers or computer generated registration lists, subject to inspection thereof by any inspector and his participation in the decision of any question. Of the inspectors in charge of the registration poll ledgers or computer generated registration lists, one shall be assigned to the duty of comparing the signatures of voters. Inspectors shall

be assigned to the foregoing duties by majority vote of the board of inspectors, before the opening of the polls. Such assignments shall be by lot if a majority cannot agree. The duties of an inspector or clerk may be changed during the day. If there be clerks, the board of inspectors may direct a clerk, who is not otherwise engaged, to perform any duty of an inspector of the same party, except to vote upon a question to be decided by such board. Where an oath is required or permitted by this article at any election, any inspector may administer it. Where voting machines are used, one clerk or inspector shall attend each voting machine.

2. The exterior of the voting machine and every part of the polling place shall be in plain view of the election inspectors and watchers. The voting machine shall be placed at least four feet from the table used by the inspectors in charge of the poll books. The guard-rail shall be at least three feet from the machine and the table used by the inspectors, and shall have openings to admit voters to and from the machine. The voting machine shall be so located in the polling place that, unless its construction requires otherwise, the ballot labels on the face of the machine can be seen plainly by the election inspectors and the party watchers when the machine is not in use by voters. The election inspectors shall not themselves be, or allow any other person to be, in any position or near any position, that will permit one to see or ascertain how a voter votes, or how he has voted nor shall they permit any other person to be less than three feet from the machine while such machine is occupied. The election inspector or clerk attending the machine shall inspect the face of the machine after each voter has cast his vote, to see that the ballot labels are in their proper places and that the machine has not been injured or tampered with. During elections the door or other covering of the counter compartment of the machine shall not be unlocked or opened or the counters exposed except by a member of the board of elections, a voting machine custodian or any other person upon the specific instructions of a member of the board of elections[.]

| Section | 8-300. | Voting; manner of. |
| | 8-302. | Voting; verification of registration. |
| | 8-303. | Initial voter identification. |
| | 8-304. | Voters; signature identification. |

CONDUCT OF ELECTIONS

8-302

- 8-306. Voters; assistance to.
- 8-308. Voting; voting machine write-in.
- 8-310. Voting; paper ballot, delivery to voter.
- 8-312. Voting; paper ballots, marking and casting.
- 8-314. Voting; primary election, missing enrollment record.
- 8-316. Ballots; mutilated or spoiled.

§ 8-300. Voting; manner of.

1. The inspectors shall admit within the voting area only two voters at a time for each voting machine or voting booth and shall ascertain whether each such voter is entitled to vote. If he is found to be entitled to vote, he shall be admitted within the voting machine or booth and be permitted to vote.

2. The operating of the voting machine by the voter while voting or the marking of his ballot shall be secret and obscured from all other persons except as provided by this chapter in cases of voting by assisted voters or in cases of children under the age of sixteen accompanying their voting parents or guardians.

3. No voter shall remain within a voting machine longer than a reasonable amount of time and if he or she shall refuse to leave after the lapse of such time, he or she shall be removed by the inspectors.

§ 8-302. Voting; verification of registration.

1. At all elections held pursuant to the provisions of this chapter two inspectors representing different political parties shall act together at all times in supervising the use of the registration records and in verifying the rights of persons to vote on the basis of such records.

2. The voter shall give his name and his residence address to the inspectors. An inspector shall then loudly and distinctly announce the name and residence of the voter.

2-a. (a) If a voter's name appears in the computer generated registration list with a notation indicating that the voter's identity was not yet verified as required by the federal Help America Vote Act, the inspector shall require that the voter produce one of the following types of identification before permitting the voter to cast his or her vote on the voting machine:

(i) a driver's license or department of motor vehicles non-driver photo ID card or other current and valid photo identification;

(ii) a copy of a current utility bill, bank statement, government check, paycheck or other government document that shows the name and address of the voter.

(b) If the voter produces an identification document listed in paragraph (a) of this subdivision, the inspector shall indicate so in the computer generated registration list, the voter will be deemed verified as required by the federal Help America Vote Act and the voter shall be permitted to cast his or her vote on the voting machine.

(c) If the voter does not produce an identification document listed in paragraph (a) of this subdivision, the voter shall only be entitled to vote by affidavit ballot unless a court order provides otherwise.

3. (a) If an applicant is challenged, the board, without delay, shall either enter his name in the second section of the challenge report together with the other entries required to be made in such section opposite the applicant's name or make an entry next to his name on the computer generated registration list or in the place provided at the end of the computer generated registration list.

(b) A person who claims to have moved to a new address within the election district in which he is registered to vote shall be permitted to vote in the same manner as other voters unless challenged on other grounds. The inspectors shall enter the names and new addresses of all such persons in either the first section of the challenge report or in the place provided at the end of the computer generated registration list and shall also enter the new address next to such person's address on such computer generated registration list. When the registration poll records of persons who have voted from new addresses within the same election district are returned to the board of elections, such board shall change the addresses on the face of such registration poll records without completely obliterating the old addresses and shall enter such new addresses and the new addresses for any such persons whose names were on computer generated registration lists into its computer records for such persons.

(c) A person who claims a changed name shall be permitted to vote in the same manner as other voters unless challenged on other grounds. The inspectors shall either enter the names of all such persons in the first section of the challenge report or in the place provided at the end of the computer generated registration list, in the form in which they are registered, followed in parentheses by the name as changed or enter the name as changed next to such

voter's name on the computer generated registration list. The voter shall sign first on the registration poll record or on the computer generated registration list, the name under which the voter is registered and, immediately above it, the new name, provided that on such a computer generated registration list, the new name may be signed in the place provided at the end of such list. When the registration poll record of a person who has voted under a new name is returned to the board of elections, such board shall change his name on the face of each of his registration records without completely obliterating the old one, and thereafter such person shall vote only under his new name. If a voter has signed a new name on a computer generated registration list, such board shall enter such voter's new name and new signature in such voter's computer record.

(d) If an applicant requests assistance in voting and qualifies therefor, the board shall provide assistance as directed by this chapter, and shall without delay either enter such applicant's name and the other entries required in the third section of the challenge report or make an entry next to such applicant's name on the computer generated registration list or in the place provided at the end of the computer generated registration list.

(e) Whenever a voter presents himself and offers to cast a ballot, and the address at which he claims to live is in the election district in which he seeks to vote but no registration poll record can be found for him in the poll ledger or his name does not appear on the computer generated registration list or his signature does not appear next to his name on such computer generated registration list or his registration poll record or the computer generated registration list does not show him to be enrolled in the party in which he claims to be enrolled, he shall be permitted to vote only as hereinafter provided:

(i) He may present a court order requiring that he be permitted to vote. At a primary election, such a court order must specify the party in which the voter is permitted to vote. He shall be required to sign his full name on top of the first page of such order, together with his registration serial number, if any, and his name and the other entries required shall then be entered without delay in the fourth section of the challenge report or in the place provided at the end of the computer generated registration list, or, if such person's name appears on the computer generated registration list, the board of elections may provide a place to make such entry next to his name on such list. The voter shall then be permitted to vote in the manner otherwise prescribed for voters

whose registration poll records are found in the ledger or whose names are found on the computer generated registration list; or

(ii) He may swear to and subscribe an affidavit stating that he has duly registered to vote, the address in such election district from which he registered, that he remains a duly qualified voter in such election district, that his registration poll record appears to be lost or misplaced or that his name and/or his signature was omitted from the computer generated registration list or that he has moved within the county or city since he last registered, the address from which he was previously registered and the address at which he currently resides, and at a primary election, the party in which he is enrolled. The inspectors of election shall offer such an affidavit to each such voter whose residence address is in such election district. Each such affidavit shall be in a form prescribed by the state board of elections, shall be printed on an envelope of the size and quality used for an absentee ballot envelope, and shall contain an acknowledgment that the affiant understands that any false statement made therein is perjury punishable according to law. The voter's name and the entries required shall then be entered without delay and without further inquiry in the fourth section of the challenge report or in the place provided at the end of the computer generated registration list, with the notation that the voter has executed the affidavit hereinabove prescribed, or, if such person's name appears on the computer generated registration list, the board of elections may provide a place to make such entry next to his name on such list. The voter shall then, without further inquiry, be permitted to vote an emergency ballot provided for by this chapter. Such ballot shall thereupon be placed in the envelope containing his affidavit, and the envelope sealed and returned to the board of elections in the manner provided by this chapter for protested official ballots, including a statement of the number of such ballots.

3-a. The inspectors shall also give to every person whose address is in such election district for whom no registration poll record can be found and, in a primary election, to every voter whose registration poll record does not show him to be enrolled in the party in which he wishes to be enrolled a copy of a notice, in a form prescribed by the state board of elections, advising such person of his right to, and of the procedures by which he may, cast an affidavit ballot or seek a court order permitting him to vote, and shall also give every such person who does not cast an affidavit ballot, an application for registration by mail.

3-b. In every election district in which the candidates for any office or position in a primary election have been assigned numbers by the board of elections because of identical or similar names, the inspectors shall also give to every person eligible to vote in such primary, a copy of a leaflet prepared by the board of elections which contains biographical information about such candidates.

3-c. At the time that an individual casts an affidavit ballot, the appropriate state or local election official shall give the individual written information that states that any individual who casts an affidavit ballot will be able to ascertain under the system established under subdivision four of section 9-212 of this chapter whether the vote was counted, and, if the vote was not counted, the reason that the vote was not counted.

4. At a primary election, a voter whose registration poll record is in the ledger shall be permitted to vote only in the primary of the party in which such record shows him to be enrolled unless he shall present a court order pursuant to the provisions of subparagraph (i) of paragraph (e) of subdivision three of this section requiring that he be permitted to vote in the primary of another party, or unless he shall present a certificate of enrollment issued by the board of elections, not earlier than one month before such primary election, pursuant to the provisions of this chapter which certifies that he is enrolled in a party other than the one in which such record shows him to be enrolled, or unless he shall subscribe an affidavit pursuant to the provisions of subparagraph (ii) of paragraph (e) of subdivision three of this section.

5. Except for voters unable to sign their names, no person shall be permitted to vote without first identifying himself as required by this chapter.

§ 8-303. Initial voter identification.

1. Applicability. Each board of elections, in a uniform and nondiscriminatory manner, shall require a voter to meet the requirements of subdivision two of this section if:

- (a) the individual registered to vote in a jurisdiction by mail on or after January first, two thousand three; and
- (b) the individual has not previously voted in an election for federal office in the jurisdiction of the board of elections.

2. Requirements.

(a) In general. An individual meets the requirements of this subdivision if the individual:

(1) in the case of an individual who votes in person:

(i) presents to the appropriate election inspector, clerk or coordinator a current and valid photo identification; or

(ii) presents to the appropriate election inspector, clerk or coordinator a copy of a current utility bill, bank statement, government check, paycheck, or other government document that shows the name and address of the voter; or

(2) in the case of an individual who votes by mail, submits in the outer envelope with the envelope containing the ballot:

(i) a copy of a current and valid photo identification; or

(ii) a copy of a current utility bill, bank statement, government check, paycheck, or other government document that shows the name and address of the voter.

(b) Fail-safe voting.

(1) An individual who desires to vote in person, but who does not meet the requirements of subparagraph one of paragraph (a) of this subdivision, may cast an affidavit ballot, and notwithstanding this section of law, such affidavit ballot shall be duly cast and counted, even though such individual does not meet the requirements of subparagraph one of paragraph (a) of this subdivision, provided such individual casting such ballot is an otherwise eligible voter pursuant to law, provided further that such ballot otherwise complies with the requirements of law.

(2) An individual who desires to vote by mail but who does not meet the requirements of subparagraph two of paragraph (a) of this subdivision may cast such a ballot by mail and such ballot shall be duly cast and counted, notwithstanding this section, provided the voter is determined to be an eligible voter and provided further that such ballot otherwise complies with the requirements of law.

3. Inapplicability. Subdivisions one and two of this section shall not apply in the case of a person:

(a) who registers to vote by mail and submits as part of such registration either:

(1) a copy of a current and valid photo identification; or

(2) a copy of a current utility bill, bank statement, government check, paycheck, or government document that shows the name and address of the voter;

(b) (1) who registers to vote by mail and submits with such registration either:

- (i) a driver’s license or a department of motor vehicles non-driver photo ID number; or
 - (ii) at least the last four digits of the individual’s social security number;
- and
- (2) with respect to whom a local board of elections matches the information submitted under subparagraph one of this paragraph with an existing state identification record bearing the number, name and date of birth of such voter; or
- (c) who is:
 - (1) entitled to vote by absentee ballot under the Uniformed and Overseas Citizens Absentee Voting Act (42 U.S.C. 1973ff-1 et seq.);
 - (2) provided the right to vote otherwise than in person under section 3 (b) (2) (B) (ii) of the Voting Accessibility for the Elderly and Handicapped Act (42 U.S.C. 1973ee-1 (b) (2) (B) (ii)); or
 - (3) entitled to vote otherwise than in person under any other federal law.

§ 8-304. Voters; signature identification.

1. A person before being allowed to vote shall be required, except as provided in this chapter, to sign his name on the back of his registration poll record on the first line reserved for his signature at the time of election which is not filled with a previous signature, or on the line of the computer generated registration list reserved for his signature. The two inspectors in charge shall satisfy themselves by a comparison of this signature with his registration signature and by comparison of his appearance with the descriptive material on the face of the registration poll record that he is the person registered. If they are so satisfied they shall enter the other information required for the election on the same line with the voter’s latest signature, shall sign their names or initials in the spaces provided therefor, and shall permit the applicant to vote. Any inspector or inspectors not satisfied shall challenge the applicant forthwith.

2. If a person who alleges his inability to sign his name presents himself to vote, the board of inspectors shall permit him to vote, unless challenged on other grounds, provided he had been permitted to register without signing his name. The board shall enter the words “Unable to Sign” in the space on his registration poll record reserved for his signature or on the line of the computer generated registration list reserved for his signature at such

election. If his signature appears upon his registration record or upon the computer generated registration list the board shall challenge him forthwith, except that if such a person claims that he is unable to sign his name by reason of a physical disability incurred since his registration, the board, if convinced of the existence of such disability, shall permit him to vote, shall enter the words "Unable to Sign" and a brief description of such disability in the space reserved for his signature at such election. At each subsequent election, if such disability still exists, he shall be entitled to vote without signing his name and the board of inspectors, without further notation, shall enter the words "Unable to Sign" in the space reserved for his signature at such election.

3. The voter's signature made by him upon registration and his signature made at subsequent elections shall be effectively concealed from the voter by a blotter or piece of opaque paper until after the voter shall have completed his signature.

4. In any case where a person who has heretofore voted has placed his voting signature on the back of his registration poll record on the first or any succeeding line or lines at the time or times of an election, instead of on the last line of the space thereon required to be reserved for such voting signatures and on any lines next running upward therefrom, the inspectors of election shall obliterate such misplaced signature or signatures, initial the obliteration and require such voter to sign his name again in the correct place on such registration poll record.

5. Any person who has heretofore registered and who at such time placed his or her registration signature on the back of the registration poll record otherwise than in the space required to be provided therefor at the bottom of such poll record, shall, before being permitted to vote at any election thereafter, subscribe a new registration signature for himself on the last line at the bottom of such poll record, and, at the same time, if the inspectors of election are satisfied that the signatures were made by the same person, obliterate his original registration signature placed elsewhere than on the bottom of such record. Such obliterations may be made by crossing out the signature so as to completely efface the same or by affixing thereover a piece of gummed tape of a size sufficient only to cover such signature and of a type adequate to fully conceal the same.

§ 8-306. Voters; assistance to.

1. A voter who states under oath to the board of inspectors that he requires assistance may be assisted in the manner and subject to the conditions and requirements provided for in this section.

2. A board of inspectors of election shall assist any voter:

(a) who informs such board, under oath, that he cannot read and therefore requires assistance, or

(b) who cannot even with the aid of glasses see the names printed on the official ballot, or

(c) who is so physically handicapped that he cannot do what is needed at that election to turn down the levers or use a write-in slot on a voting machine, or mark a paper ballot, or

(d) who, unless aided by another person, cannot enter a voting booth.

3. Any voter who requires assistance to vote by reason of blindness, disability or inability to read or write may be given assistance by a person of the voter's choice, other than the voter's employer or agent of the employer or officer or agent of the voter's union. A voter entitled to assistance in voting who does not select a particular person may be assisted by two election inspectors not of the same political faith. The inspectors or person assisting a voter shall enter the voting machine or booth with him, help him in the preparation of his ballot and, if necessary, in the return of the voted ballot to the inspectors for deposit in the ballot box. The inspectors shall enter in the remarks space on the registration poll card of an assisted voter, or next to the name of such voter on the computer generated registration list, the name of each officer or person rendering such assistance.

4. An election officer or other person assisting a voter shall not in any manner request or seek to persuade or induce the assisted voter to vote any particular ticket, or for any particular candidate, or for or against any particular ballot proposal, and shall not keep or make any memorandum or entry of anything occurring within the voting booth and shall not, directly or indirectly, reveal to any other person the name of any candidate voted for by such voter, or which ticket he has voted, except when required pursuant to law to give testimony as to such matter in a judicial proceeding.

5. A person other than an inspector, who assists a voter in voting, shall make an oath before entering the booth that he "will not in any manner request, or seek to persuade or induce the voter to vote any particular ticket or for any particular candidate, and that he will not keep or make any

memorandum or entry of anything occurring within the booth, and that he will not, directly or indirectly, reveal to any person the name of any candidate voted for by the voter, or which ticket he had voted, or anything occurring within the voting booth, except when required pursuant to law to give testimony as to such a matter in a judicial proceeding.”

6. If a voter makes any false representation to obtain assistance in voting, he shall be punishable therefor as prescribed by law.

7. For the instruction of voters, there may be so far as practicable, in each polling place, a mechanically operated model of a portion of the face of the voting machine. Such model, if furnished, shall be located during the election on the inspectors' table or in some other place which the voters must pass to reach the machine. Each voter, before entering the machine, shall, upon request, be instructed regarding its operation and such instruction illustrated on the model and the voter given opportunity personally to operate the model. The voter's attention shall also be called to the facsimile ballot so that the voter can become familiar with the location of the ballot proposals, if any, and the location of the respective offices to be filled at the election. If any voter, after entering the voting machine booth and before the closing of such booth, shall ask for further instructions concerning the manner of voting, two inspectors of opposite political faith shall give such instructions to him. No inspector or other election officer or other person instructing a voter, shall, in any manner, request, suggest or seek to persuade or induce any such voter to vote any particular ticket, or for any particular candidate or for or against any particular ballot proposal. After giving such instructions, the inspectors shall retire and such voter shall then close the booth and vote as in the case of an unassisted voter.

8. In no event shall an inspector or any other person enter a voting machine or booth for the purpose of giving instructions to a voter, after the voter has closed such booth, except as permitted herein.

9. Any voter requesting a sample ballot shall be furnished one if available and he may take it away from the polling place.

§ 8-308. Voting; voting machine write-in.

1. Ballots voted for any person whose name does not appear on the machine as a nominated or designated candidate for public office or party position are referred to in this article as write-in ballots.

2. No write-in ballot shall be voted for any person for any office whose name appears on the machine as a nominated or designated candidate for the office or position in question; any write-in ballot so voted shall not be counted.

3. A write-in ballot must be cast in its appropriate place on the machine, or it shall be void and not counted.

4. A write-in ballot may also be cast by the use of a name stamp.

§ 8-310. Voting; paper ballot, delivery to voter.

If paper ballots are being used, one of the clerks, or if there be no clerks the inspector assigned to the duty of delivering ballots, shall deliver to the voter one paper ballot or set of paper ballots, in the numerical order of the ballot or set, beginning with number one, and shall at the same time announce, loudly and distinctly, the number on the stub or stubs thereof. If the ballots are in sets, they shall be delivered in sets. If a new ballot or set of ballots be lawfully delivered to the same voter, a similar announcement shall be made as to the number of the stub or stubs of each new ballot or set delivered. Each ballot, when delivered, shall be folded in the proper manner for voting, which is: first, by bringing the bottom of the ballot up to the perforated line, and second, by folding both sides to the center or toward the center in such manner that when folded the face of each ballot shall be concealed, and the printed number on the stub and the indorsement on the back of the ballot shall be visible, so that the stub can be removed without removing any other part of the ballot and without exposing any part of the face of the ballot below the stub, and so that when folded the ballot shall not be more than four inches wide. The number on each ballot or set of ballots so delivered, as printed on the stub or stubs, shall be entered forthwith opposite the name of the voter in the proper place in the registration poll record or next to his name on the computer generated registration list. No person other than an inspector or clerk shall deliver to any voter within the guard rail any ballot, and they shall deliver only such ballots as the voter is legally entitled to vote, other than sample ballots.

§ 8-312. Voting; paper ballots, marking and casting.

1. On receiving his ballot, the voter forthwith and without leaving the inclosed space shall retire alone, unless he be entitled to assistance in voting, to an unoccupied voting booth and mark his ballot, using a pen having blue or

black ink or a pencil having black lead. He shall not occupy a booth more than five minutes if other voters are waiting to occupy it. If the voter wrongly marks, defaces or tears a ballot or one of a set of ballots, he may successively obtain others, one set at a time, not exceeding three sets in all, upon returning to the inspectors or clerks each set of ballots already received.

2. When the voter shall have prepared his ballot or ballots, he shall leave the booth with each ballot folded so as to conceal the face thereof but to show the indorsement and facsimile of the official signature on the back, and keeping the same so folded, shall proceed at once to the inspector in charge of the ballot box, and shall offer such ballot or ballots to such inspector. If the ballot or ballots are properly folded, and have no mark or tear visible on the outside thereof, except the printed number on the stub and the printed indorsement on the back, and if such number is the same as that entered in the registration poll record, as the number on the stub or stubs of the official ballot or set of ballots last delivered to him, such inspector shall receive such ballot or ballots, and after removing the stub or stubs therefrom in plain view of the voter, and without removing any other part of the ballot, and without unfolding the ballot or in any way exposing any part of the face of the ballot below the stub, shall deposit each ballot in the proper ballot box for the reception of voted ballots of the kind so received, and the stubs in the box for detached stubs.

3. Upon voting, the voter forthwith shall pass outside the guardrail, unless he is a person authorized to remain for other purposes than voting.

4. When a person shall have received a paper ballot from any clerk, or inspector, as hereinbefore provided, he shall be deemed to have commenced the act of voting, and if, after receiving such official ballot, he shall leave the space inclosed by the guard-rail before the deposit of his ballot in the ballot box, as hereinbefore provided, he shall not be entitled to pass again within the guard-rail for the purpose of voting, or to receive any further ballots.

5. No ballot without the official indorsement shall be allowed to be deposited in the ballot box except for emergency ballots as provided for herein. No person to whom any paper ballot shall be delivered shall leave the space within the guard-rail until after he shall have delivered back all such ballots received by him either to the inspectors or to the clerks.

§ 8-314. Voting; primary election, missing enrollment record.

If a registered voter marked an enrollment blank, but his enrollment as so indicated was not entered or entered incorrectly, he nevertheless shall be permitted to vote at the primary election, with the party under whose name he marked such blank, if he produces a certificate of the board of elections that he marked an enrollment blank, specifying the party, and that the entry of his enrollment on the registration poll record was omitted or incorrectly entered by inadvertence or mistake and he is qualified to vote at the primary election in the party set forth in such certificate. In such a case the board of elections shall issue such certificate on demand. The inspectors shall then and there enter the enrollment on the record.

§ 8-316. Ballots; mutilated or spoiled.

If a ballot is found to be defective or mutilated before it is delivered to the voter, its stub and the stubs of all other ballots in the set shall be detached immediately and placed in the box for stubs, by the clerks, or if there are no clerks by the inspector assigned to the duty of delivering ballots, and all the ballots of that set immediately shall be marked “cancelled”, and placed in the box for spoiled and mutilated ballots. If a voter returns a ballot as defective, mutilated, defaced, or wrongly marked, he shall also return all the other ballots of the set, if any, and such clerks or inspector shall likewise remove their stubs, placing all the stubs in the box for stubs and all the ballots of the set in the box for spoiled or mutilated ballots, first marking the ballots “cancelled”. In each case, the voter shall receive another ballot or set of ballots, unless not entitled thereto.

7. Printed forms of applications for absentee ballots in accordance with the requirements of this section shall be provided by the board of elections. An appropriate number shall be retained by the board of elections for the purpose of furnishing an application form to each qualified voter who applies therefor before the board of elections, either in person or by mail, and an appropriate number shall be delivered to each board of inspectors on registration days with the election supplies, and the board of inspectors shall retain the completed and unused applications and return them to the board of elections with their election supplies and an appropriate number shall be available for distribution to officers of political parties, county clerks, city, town and village clerks, colleges, libraries, hospitals, nursing homes, senior citizens centers and any other convenient distribution source which is approved by the local or state board of elections and which requests such forms.

8. The provisions of this section for absentee voting in primary elections shall not apply to the party positions of members of the ward, town, city or county committee.

9. The state board of elections shall prescribe a standard application form for use under this section. The use of any application form which substantially complies with the provisions of this section shall be acceptable and any application filed on such a form shall be accepted for filing.

§ 8-402. Absentee voting; review of application by board of elections.

1. Upon receipt of an application for an absentee ballot the board of elections shall forthwith determine upon such inquiry as it deems proper whether the applicant is qualified to vote and to receive an absentee ballot, and if it finds the applicant is not so qualified it shall reject the application after investigation as hereinafter provided.

2. The county board of elections, whenever it is not satisfied from an examination of an application for an absentee ballot that the applicant is entitled to such a ballot, may order an investigation through any officer or employee of the state or county board of elections, police officer, sheriff or deputy sheriff, or a special investigator appointed by the state board of elections pursuant to the provisions of this chapter and, if it deems necessary, may exercise the powers to issue subpoenas and administer oaths which are conferred upon it by this chapter.

3. An affidavit or a signed statement executed by any person authorized to conduct an investigation pursuant to this section which indicates that the applicant for an absentee ballot meets or fails to meet any of the requirements entitling the applicant to same shall be sufficient authority for a determination by the board as to the applicant's right to an absentee voter's ballot, but shall not preclude the board from making such other determination as it shall deem proper. Such affidavit or statement shall contain sufficient information to permit verification of the information contained in the statement and identification of the source.

4. Any investigation shall be concluded and determination made as to all applicants not later than the day before the election for which a ballot is first requested, or if such ballot is to be sent by mail, such determination shall be made at a time which will afford sufficient time for the transmission of the ballot to the voter, one secular day for the voter to mark such ballot and

execute the statement of absentee voter, and time for the return of such ballot to the board of elections by the deadline for its receipt. If the board can not complete its investigation within the time provided for herein, it shall, if it finds the voter to be duly registered, deliver to such applicant an absentee ballot.

5. If the board shall determine that the applicant is not entitled to an absentee ballot it shall immediately notify the applicant, giving him the reason for such rejection.

6. In the case of a primary election, the board shall deliver only the ballot of the party in which the records of the board of elections show the applicant to be enrolled. In the event a primary election is uncontested in the applicant's election district for all offices or positions except the party position of member of the ward, town, city or county committee, no ballot shall be delivered to such applicant for such election; and the applicant shall be advised why he is not being sent a ballot.

7. The board shall keep a record of applications for absentee ballots as they are received, showing the names and residences of the applicants, and their party enrollment in the case of primary elections, and, as soon as practicable shall, when requested, give to the chairman of each political party or independent body in the county, and shall make available for inspection to any other qualified voter upon request, a complete list of all applicants to whom absentee voters' ballots have been delivered or mailed, containing their names and places of residence as they appear on the registration record, including the election district and ward, if any, and in the city of New York and the county of Nassau, the assembly district, and their party enrollment in the case of primary elections.

§ 8-404. Absentee voting; hospitalized veterans, special provisions.

1. After entering upon the registration records, the application for registration of an inmate or patient of a veterans' administration hospital as to whom the medical superintendent or medical head of such hospital has attested that he expects that he will not be discharged prior to the day following the next general or special village, primary, special, general or New York city community school board district or city of Buffalo school district election, and the application for registration by the spouse, parent or child of such inmate or patient, accompanying or being with him or her, if a qualified voter and a resident of the same election district, the board of elections, without further

investigation and without further application by the applicant, shall send to him at such hospital an absentee ballot and shall record in the signature column on the back of his permanent personal registration poll record that such ballot has been sent.

(a) Any voter who is duly registered and whose registration records are marked "Hospitalized Veteran" or "Hospitalized Veteran's Relative" need not thereafter make application for an absentee ballot. Sixty days before each election, the board of elections shall compile and send a list to each veterans' administration hospital of all inmates and patients of veterans' administration hospitals who appear by the records of such board to be "hospitalized veterans" entitled to receive absentee ballots at each such hospital pursuant to the provisions of this section. Each veterans' administration hospital shall no later than fifteen days following the receipt of such list, return it with notations made thereon showing whether the inmate or patient continues to be confined therein or has been discharged therefrom. Upon the receipt of such returned list from each veterans' administration hospital with the proper notations showing that a "hospitalized veteran" continues to be confined in such hospital, the board of elections, by mail addressed to such "hospitalized veteran" at his last known hospital address and by mail addressed to such "hospitalized veteran's relative" at his last known address shall send an absentee ballot for the ensuing election to such "hospitalized veteran" and such "hospitalized veteran's relative" an absentee ballot in the same manner as provided herein for a qualified voter entitled to an absentee ballot because of permanent disability. The board shall record on the back of his registration poll record in the space reserved for his signature at such election, the fact that such ballot has been sent.

(b) If the returned list from a veterans' administration hospital contains a notation showing that a "hospitalized veteran" is no longer an inmate or patient at the veterans' administration hospital where he is recorded as staying, or if such letter containing an absentee voter's ballot for a "hospitalized veteran" or a "hospitalized veterans' relative" is returned by the post office as undeliverable, the board of elections shall ascertain whether the "hospitalized veteran" or "hospitalized veteran's relative" is residing at the address given on his registration records as his permanent address. If he is residing there, the board shall not send him any further absentee ballots unless he applies therefor in the regular way. If he is not residing at the place of residence given on his registration records but the board ascertains that he has

been transferred to another veterans' administration hospital, the board shall cause a central board of registration to make the necessary changes of temporary address on his registration records and shall continue sending him absentee ballots at the veterans' administration hospital where he is staying. If he is not residing at the place of residence given on his registration records and the board cannot ascertain that he has been transferred to another veterans' administration hospital, the board shall cancel his registration. Whenever a registration is cancelled pursuant hereto notice shall be mailed to the veteran or his relative at his permanent residence address and last temporary address.

2. The board of elections shall furnish to each party county chairman in such county a list of the names and residence addresses of the hospitalized veterans and hospitalized veterans' relatives to whom absentee ballots have been sent.

3. Such ballots shall be mailed, voted, returned, counted, and canvassed as provided in this chapter for other absentee voters' ballots.

§ 8-406. Absentee ballots, delivery of.

If the board shall find that the applicant is a qualified voter of the election district containing his residence as stated in his statement and that his statement is sufficient, it shall, as soon as practicable after it shall have determined his right thereto, mail to him at an address designated by him, or deliver to him, or to any person designated for such purpose in writing by him, at the office of the board, such an absentee voter's ballot or set of ballots and an envelope therefor. If the ballot or ballots are to be sent outside of the United States to a country other than Canada or Mexico, such ballot or ballots shall be sent by air mail. However, if an applicant who is eligible for an absentee ballot is a resident of a facility operated or licensed by, or under the jurisdiction of, the department of mental hygiene, or a resident of a facility defined as a nursing home or residential health care facility pursuant to subdivisions two and three of section two thousand eight hundred one of the public health law, or a resident of a hospital or other facility operated by the Veteran's Administration of the United States, such absentee ballot need not be so mailed or delivered to any such applicant but, may be delivered to the voter in the manner prescribed by section 8-407 of this chapter if such facility is located in the county or city in which such voter is eligible to vote.

§ 8-407. Voting by residents of nursing homes, residential health care facilities, facilities operated or licensed, or under the jurisdiction of, the department of mental hygiene or hospitals or facilities operated by the Veteran's Administration of the United States.

1. The board of elections of a county or city in which there is located at least one facility operated or licensed, or under the jurisdiction of, the department of mental hygiene, or a facility defined as a nursing home or residential health care facility pursuant to subdivisions two and three of section two thousand eight hundred one of the public health law or an adult care facility subject to the provisions of title two of article seven of the social services law, or a hospital or other facility operated by the Veteran's Administration of the United States shall provide that residents of each such facility for which such board has received twenty-five or more applications for absentee ballots from voters who are eligible to vote by absentee ballot in such city or county at such election, may vote by absentee ballot only in the manner provided for in this section. Such board may, in its discretion, provide that the procedure described in this subdivision shall be applicable to all such facilities in such county or city without regard to the number of absentee ballot applications received from the residents of any such facility.

2. Such a board of elections shall appoint, in the same manner as other inspectors, one or more bi-partisan boards of inspectors, each composed of two such inspectors. Such inspectors may be regular employees of such board of elections.

3. Not earlier than thirteen days before or later than the day before such an election such a board of inspectors shall, between the hours of nine o'clock in the morning and five o'clock in the evening, attend at each such facility for the residents of which the board of elections has custody of twenty-five or more absentee ballots or, if the board of elections has so provided, each such facility for which the board has custody of one or more such absentee ballots, pursuant to the provisions of this chapter.

4. Each such board of inspectors may attend at more than one facility, provided, however, that no such board of inspectors shall be assigned to attend at more facilities than it reasonably can be expected to complete within the time specified by this section.

5. The board of elections shall deliver to each board of inspectors all the absentee ballots in the custody of such board of elections which are

addressed to residents of the facilities which such board of inspectors is assigned to attend, together with one or more portable voting booths of a type approved by the state board of elections and such other supplies as such board of inspectors will require to discharge its duties properly.

6. The board of elections, at least twenty days before each such election, or on the day after it shall have received the requisite number of applications for absentee ballots from the residents of any such facility, whichever is later, shall communicate with the superintendent, administrator or director of each such facility to arrange the day and time when the board of inspectors will attend at such facility. The board of elections shall keep a list of the day and time at which the board of inspectors will attend at each such facility as a public record at its office.

7. It shall be the duty of each such superintendent, administrator or director to assist the board of inspectors attending such facility in the discharge of its duties, including, but not limited to making available to such board of inspectors space within such facility suitable for the discharge of its duties.

8. The board of inspectors shall deliver each absentee ballot addressed to a resident of each such facility to such resident. If such resident is physically disabled the inspectors shall, if necessary, deliver the ballot to such voter at his bedside.

9. The board of inspectors shall arrange the portable voting booth or booths provided and effect such safeguards as may be necessary to provide secrecy for the votes cast by such residents.

10. If such a resident is unable to mark his ballot, he may be assisted in marking such ballot by the two members of the board of inspectors or such other person as he may select. If a voter is unable to mark the ballot and unable to communicate how he wishes such ballot marked, such ballot shall not be cast. No person who assists a voter to mark his ballot pursuant to the provisions of this section, shall disclose to any other person how any such ballot was marked.

11. Except as otherwise provided in this section, all ballots cast pursuant to this section shall be cast in the manner provided by this chapter for the casting of absentee ballots.

12. After such ballots have been cast and sealed in the appropriate envelopes, they shall be returned to such inspectors.

13. Upon completion of its duties, the board of inspectors shall forthwith return all such ballots to the board of elections.

14. Any person, political committee or independent body entitled to appoint watchers for the election district in which any such facility is located at the election for which such absentee ballots are cast, shall be entitled to appoint a watcher to attend such board of inspectors at such facility.

15. All ballots cast pursuant to the provisions of this section which are received before the close of the polls on election day by the board of elections charged with the duty of casting and canvassing such ballots, may be delivered to the inspectors of election in the manner prescribed by this chapter or retained at the board of elections and cast and canvassed pursuant to the provisions of section 9-209 of this chapter as such board shall, in its discretion, determine pursuant to the provisions of subdivision one of this section.

§ 8-408. [Repealed].

§ 8-410. Absentee voting; method of.

He shall make no mark or writing whatsoever upon the ballot, except as above prescribed, and shall see that it bears no such mark or writing. He shall make no mark or writing whatsoever on the outside of the ballot. After marking the ballot or ballots he shall fold each such ballot and enclose them in the envelope and seal the envelope. He shall then take and subscribe the oath on the envelope, with blanks properly filled in. The envelope, containing the ballot or ballots, shall then be mailed or delivered to the board of elections of the county or city of his residence.

4. Each watcher must be a qualified voter of the city or county in which he is to serve.

§ 8-502. Challenges; generally.

Such challenge may be made by an inspector or clerk, by any duly appointed watcher, or by any registered voter properly in the polling place. An inspector shall challenge every person offering to vote, whom he shall know or suspect is not entitled to vote in the district, and every person whose name appears on the list of persons to be challenged on election day which is furnished by the board of elections.

§ 8-504. Challenges; of voter at the polling place.

1. When an applicant is challenged, an inspector shall administer to him the following oath, which shall be known as "The preliminary oath": "You do solemnly swear (or affirm) that you will make true answers to such questions as may be put to you concerning your qualifications as a voter". You do further declare that you are aware that it is a crime to make any false statement. That all the statements you have made to the board have been true and that you understand that a false statement is perjury and you will be guilty of a misdemeanor."

4. If the applicant shall be challenged for the causes stated in section three of article two of the constitution of this state, which would exclude him from the right to vote, such inspector shall administer to him the following additional oath, which shall be known as "The Bribery Oath": "You do swear (or affirm) that you have not received or offered, do not expect to receive, have not paid, offered or promised to pay or contributed, offered or promised to contribute to another, to be paid or used; any money or any other valuable thing as a compensation or reward for the giving or withholding of a vote at this election, and have not made any promise to influence the giving or withholding of any such vote, and that you have not made, or become directly or indirectly interested in any bet or wager depending upon the result of this election."

5. If the applicant shall be challenged on the ground of having been convicted of a felony, such inspector shall administer to him the following additional oath, which shall be known as "The Conviction Oath": "You do swear (or affirm) that you have not been convicted of any felony, or if so convicted, that you have been pardoned, or restored to all the rights of a citizen, or the maximum term of imprisonment to which you were sentenced has expired, or you have been discharged from parole or your sentence has been suspended."

6. If the applicant shall be challenged on the ground of having been adjudged incompetent, such inspector shall administer to him the following additional oath, which shall be known as "The Incompetency Oath": "You do swear (or affirm) that you have not been adjudged incompetent by order of

competent judicial authority, or if so adjudged, that you have since been adjudged competent which fully warrants your right to vote.”

7. If any person shall refuse to take any oath so tendered he shall not be permitted to vote, but if he shall take the oath or oaths tendered to him he shall be permitted to vote.

8. The inspectors shall enter the challenge date in the space reserved therefor on the back of the voter’s registration poll record and shall make a record of each challenge on the challenge report as required herein. Where registration poll records are not being used, the inspectors shall in the remarks column for the election opposite the name of the voter enter a note of the challenge and shall make a record of each challenge on the challenge report.

§ 8-506. Challenges; absentee, military, special federal and special presidential ballots.

1. During the examination of absentee, military, special federal and special presidential voters’ ballot envelopes, any inspector shall, and any watcher or registered voter properly in the polling place may, challenge the casting of any ballot upon the ground or grounds allowed for challenges generally, or that the voter was not entitled to cast an absentee, military, special federal or special presidential ballot, or that the signature on the ballot envelope does not correspond to the signature on the registration poll record or that the voter died before the day of the election.

2. The board of inspectors forthwith shall proceed to determine each challenge. Unless the board by majority vote shall sustain the challenge, an inspector shall endorse upon the envelope the nature of the challenge and the words “not sustained”, shall sign such endorsement, and shall proceed to cast the ballot as provided herein. Should the board, by majority vote, sustain such challenge, the reason and the word “sustained” shall be similarly endorsed upon the envelope and an inspector shall sign such endorsement. The envelope shall not be opened and such envelope shall be returned unopened to the board of elections. If a challenge is sustained after the ballot has been removed from the envelope, but before it has been deposited in the ballot box, such ballot shall be rejected without being unfolded or inspected and shall be returned to the envelope. The board shall immediately enter the reason for sustaining the challenge on such envelope and an inspector shall sign such endorsement.

3. If the board of inspectors determines by majority vote that it lacks sufficient knowledge and information to determine the validity of a challenge,

the inspectors shall endorse upon the ballot envelope the words “unable to determine”, enter the reason for the challenge in the appropriate section of the challenge report and return the envelope unopened to the board of elections. Such ballots shall be cast and canvassed pursuant to the provisions of section 9-209 of this chapter.

§ 8-508. Challenge report; preparation of.

1. The board of elections shall furnish to the board of inspectors of election in each election district on each election day a challenge report. Such report shall be divided into four sections and shall contain the following information and space to insert the information herein required.

2. (a) The first section of such report shall be reserved for the inspectors of election to enter the name, address and registration serial number of each person who claims a change in name, or a change of address within the election district, together with the new name or address of each such person. In lieu of preparing section one of the challenge list, the board of elections may provide, next to the name of each voter on the computer generated registration list, a place for the inspectors of election to record the information required to be entered in such section one, or provide at the end of such computer generated registration list, a place for the inspectors of election to enter such information.

(b) The second section of such report shall be reserved for the board of inspectors to enter the name, address and registration serial number of each person who is challenged on the day of election, together with the reason for the challenge. If no voters are challenged, the board of inspectors shall enter the words “No Challenges” across the space reserved for such names. In lieu of preparing section two of the challenge report, the board of elections may provide, next to the name of each voter on the computer generated registration list, a place for the inspectors of election to record the information required to be entered in such section two, or provide at the end of such computer generated registration list, a place for the inspectors of election to enter such information.

(c) The third section of such report shall be reserved for the board of inspectors to enter the name, address and registration serial number of each voter given assistance, together with the reason the voter was allowed assistance, the name of the person giving such assistance and his address if not an inspector. If no voters are given assistance, the board of inspectors shall

enter the words "No Assistance" across the space reserved for such names. In lieu of providing section three of the challenge report, the board of elections may provide, next to the name of each voter on the computer generated registration list, a place for the inspectors of election to record the information required to be entered in such section three, or provide at the end of such computer generated registration list, a place for the inspectors of election to enter such information.

(d) The fourth section of such report shall be reserved for the board of inspectors to enter the name, address and registration serial number of each person who was permitted to vote pursuant to a court order, or to vote on a paper ballot which was inserted in an affidavit envelope. If there are no such names, such board shall enter the word "None" across the space provided for such names. In lieu of providing section four of such report, the board of elections may provide, next to the name of each voter on the computer generated registration list, a place for the inspectors of election to record the information required to be entered in such section four, or provide at the end of the computer generated registration list, a place for the inspectors of election to enter such information.

(e) At the foot of such report and at the end of any such computer generated registration list shall be printed a certificate that such report contains the names of all persons who were challenged on the day of election, and that each voter so reported as having been challenged took the oaths as required, that such report contains the names of all voters to whom such board gave or allowed assistance and lists the nature of the disability which required such assistance to be given and the names and family relationship, if any, to the voter of the persons by whom such assistance was rendered; that each such assisted voter informed such board under oath that he required such assistance and that each person rendering such assistance took the required oath; that such report contains the names of all voters who were permitted to vote although their registration poll records were missing; that the entries made by such board are a true and accurate record of its proceedings with respect to the persons named in such report.

(f) Upon the return of such report and lists to the board of elections, it shall complete the investigation of voting qualifications of all persons named in the second section thereof or for whom entries were placed on such computer generated registration lists in lieu of the preparation of the second section of the challenge report, and shall forthwith proceed to cancel the

registration of any person who, as noted upon such report, was challenged at such election and refused either to take a challenge oath or to answer any challenge question.

(g) The state board of elections shall prescribe a form of challenge report for use pursuant to the provisions of this section. Such form may require the insertion of such other information as the state board shall deem appropriate.

(h)-(i) [Redesignated]

§ 8-510. Challenge report; completion of and closing of registration poll ledgers.

1. Immediately after the close of the polls the board of inspectors of election shall verify the entries which it has made on the challenge report or at the end of the computer generated registration list by comparing such entries with the information appearing on the registration poll records of the affected voters or the information appearing next to the names of such voters on the computer generated registration list. If it has made no entries in section two, three or four of such report it shall write across such section the words “No challenges”, “No assistance” or “None”, as the case may be, as directed in this chapter.

2. After completing such report the inspectors shall sign the certificate at the end of such report.

3. The inspectors shall place such completed report, and each court order, if any, directing that a person be permitted to vote, inside a ledger of registration records or computer generated registration lists between the front cover, and the first registration record and then shall close and seal each ledger of registration records or computer generated registration lists, affix their signature to the seal, lock such ledger in the carrying case furnished for that purpose and enclose the keys in a sealed package or seal such list in the envelope provided for that purpose.

§ 9-100. Canvass; required.

At the close of the polls the inspectors of election shall, in the order set forth herein, lock the machine against voting, account for the paper ballots, canvass the machine, cast and canvass all the ballots, canvass and ascertain the total vote and they shall not adjourn until the canvass be fully completed.

§ 9-102. Canvass; general provisions for.

1. As soon as the polls of the election are closed, the inspectors of election thereat shall, in the order set forth herein; a.) lock the voting machine against voting; b.) sign a certificate stating the number of voters as shown on the public counters, the number on the seal, the number registered on the

protective counter, and that the voting machine is closed and locked; c.) account for the paper ballots used, if any; d.) canvass the machine vote; e.) cast and canvass all the ballots.

~~[(a) The inspectors shall canvass the machine vote by opening the counting compartments in the presence of the watchers and all other persons who may be lawfully within the polling place, giving full view of all the counter numbers. The chairman of the board of inspectors shall, under the scrutiny of an inspector of a different political party, in the order of the offices as their titles are arranged on the machine, read and announce in distinct tones the designating number and letter on each counter, the result as shown by the counter number, and then shall read the votes recorded for each office on the write-in ballots. He shall also in the same manner announce the vote on each ballot proposal. The vote as registered shall be entered on the returns of canvass in ink, by an inspector, other than the chairman, under the scrutiny of an inspector of a different political party, in the space which has the same designating number and letter, after which the figures shall be verified by being called off in the same manner from the counters of the machine by an inspector of opposite political faith from the chairman. The return of canvass, which shall show the total number of votes cast for each office, the number of votes cast for each candidate, as shown on his counter and the number of votes for persons not nominated shall then be filled out. Such return shall be signed by each inspector. The counter compartment of the voting machine shall remain open until the official returns and all other reports have been fully completed and verified by the board of inspectors.]~~

2. (a) *[Until July 10, 2009] The inspectors shall canvass the machine vote by opening the counting compartments in the presence of the watchers and all other persons who may be lawfully within the polling place, giving full view of all the counter numbers. The chairman of the board of inspectors shall, under the scrutiny of an inspector of a different political party, in the order of the offices as their titles are arranged on the machine, read and announce in distinct tones the designating number and letter on each counter and the result as shown by the counter number. If the voting machine records write-in votes on a register or roll in a separately sealed compartment, a board of elections may, by resolution adopted at least thirty days before the date of an election, determine to canvass the write-in votes cast for each office*

on the write-in register or roll either at the time of the recanvass conducted pursuant to section 9-208 of this article or direct that the chairman of the board of inspectors shall, under the scrutiny of an inspector of a different political party, read the votes recorded for each office on the write-in ballots at the close of the polls. He shall also in the same manner announce the vote on each ballot proposal. The vote as registered shall be entered on the returns of canvass in ink, by an inspector, other than the chairman, under the scrutiny of an inspector of a different political party, in the space which has the same designating number and letter, after which the figures shall be verified by being called off in the same manner from the counters of the machine by an inspector of opposite political faith from the chairman. The return of canvass, which shall show the total number of votes cast for each office, the number of votes cast for each candidate, as shown on his counter and the number of votes for persons not nominated shall then be filled out. Such return shall be signed by each inspector. The counter compartment of the voting machine shall remain open until the official returns and all other reports have been fully completed and verified by the board of inspectors.

(a) [Eff July 10, 2009] The inspectors shall canvass the machine vote by opening the counting compartments in the presence of the watchers and all other persons who may be lawfully within the polling place, giving full view of all the counter numbers. The chairman of the board of inspectors shall, under the scrutiny of an inspector of a different political party, in the order of the offices as their titles are arranged on the machine, read and announce in distinct tones the designating number and letter on each counter, the result as shown by the counter number, and then shall read the votes recorded for each office on the write-in ballots. He shall also in the same manner announce the vote on each ballot proposal. The vote as registered shall be entered on the returns of canvass in ink, by an inspector, other than the chairman, under the scrutiny of an inspector of a different political party, in the space which has the same designating number and letter, after which the figures shall be verified by being called off in the same manner from the counters of the machine by an inspector of opposite political faith from the chairman. The return of canvass, which shall show the total number of votes cast for each office, the number of votes cast for each candidate, as shown on his counter and the number of votes for persons not nominated shall then be filled out.

Matter in *italics* is new; matter in brackets [-] is old law to be omitted.

Such return shall be signed by each inspector. The counter compartment of the voting machine shall remain open until the official returns and all other reports have been fully completed and verified by the board of inspectors.

(b) If the machine is provided with a device for printing or photographing candidate and amendment counters, the printed or photographic record produced by the machine shall be the official return of the canvass and the result of the votes as shown thereon shall be proclaimed in the same manner as herein provided and ample opportunity shall be given to any person lawfully present to inspect such printed or photographic record. A printed or photographic record produced by such machine shall include a certificate which the inspectors shall sign, stating that the machine has been locked against voting and sealed; the number of voters as shown on the public counter; the number on the seal; and the number on the protective counter.

(c) If the machine is provided with a removable electronic or computerized device which records the total of the votes cast on such machine, such device shall be removed from the machine after copies of the printed record, sufficient to meet the requirements of this chapter and the regulations of the board of elections, have been produced. After the device is removed from the machine, the inspectors shall sign their names in the place provided on the seal on the outside of such device and then place such device in the envelope or other container provided for its return to the board of elections.

3. (a) During the canvass time any candidate or duly accredited watcher who may desire to be present shall be admitted to the polling place. The proclamation of the result of the votes cast shall be deliberately announced in a distinct voice by the chairman of the board of inspectors who shall read the name of each candidate, with the designating number and letter of his counter, and the vote registered on such counter; also the vote cast for and against each ballot proposal. During such proclamation ample opportunity shall be given to any person lawfully present to compare the results so announced with the counter dials of the machine or the numbers on the printed or photographic record and any necessary corrections shall then and there be made by the board, after which the doors of the voting machine shall be closed and locked. The first copy of the printed record for each voting machine which does not have counters shall be posted on the wall of the polling place forthwith provided however, that if only one copy of such printed record can be printed

by any such machine at any election, such copy shall be used in preparation of the statement of returns required by this title. Before adjourning, the board shall, with the seal provided therefor, so seal the operating lever of the machine that the voting and counting mechanism will be prevented from operation.

(b) Paper ballots and emergency ballots cast during voting machine breakdowns which have been voted shall then be canvassed and tallied, the vote thereon for each candidate and ballot proposal, announced and added to the vote as recorded on the return of canvass.

(c) Absentee and military, special federal, and special presidential ballots shall then be canvassed and tallied, the vote thereon for each candidate announced and added to the vote as recorded on the statement of canvass and a final proclamation made as to the total vote received by each candidate and ballot proposal.

(d) At a primary election, the ballots of the parties represented on the board of inspectors shall be canvassed before the ballots of other parties are canvassed.

4. All types of ballots, enclosed in properly sealed envelopes respectively, and properly endorsed shall be filed with the original return of canvass.

5. The inspector filing the returns shall deliver to the board or officer from whom received, the keys of the voting machine, enclosed in a sealed envelope having indorsed thereon a certificate of the inspectors stating the number of the machine, the election district, ward or assembly district where it has been used, the number on the seal and the number on the protective counter.

6. The room in which such canvass is made shall be clearly lighted, ingress and egress through the main entrance thereto shall be freely permitted, and such canvass shall be made in plain view of those entitled to be present. The ballots shall at all times be kept on top of the table and in plain view of all persons entitled to examine them, until they have been tied into bundles as elsewhere provided. If requested by any person entitled to be present the inspectors shall, during the canvass of any ballots, exhibit to him the ballot then being canvassed, fully opened and in such a condition that he may fully and carefully read and examine it, but no inspector shall allow any ballot to be taken from his hand or to be touched by any person but an inspector.

§ 9-104. Casting of ballot; absentee, military, special federal and special presidential ballots.

1. (a) Before opening the ballot box, or canvassing the paper ballots, any absentee, military, special federal or special presidential voters' ballot envelopes received at the polling place shall be examined by the inspectors.

(b) If a person whose name is on an envelope as a voter has already voted in person at such election, or if his name and residence as stated on the envelope are not on a registration poll record, or the computer generated list of registered voters or the list of special presidential voters, or if there is no name on the envelope, or if the envelope is not sealed, such envelope shall be laid aside unopened and returned unopened to the board of elections with the other returns of the election.

(c) If there is more than one ballot envelope executed by the same voter, the one bearing the earlier date of execution shall be accepted and the other rejected. If it cannot be determined which envelope bears the earlier date, then all such envelopes shall be rejected.

(d) If such person is found to be registered and has not voted in person, an inspector shall compare the signature, if any, on each envelope with the signature, if any, on the registration poll record, the computer generated list of registered voters or the list of special presidential voters, of the person of the same name who registered from the same address. If the signatures are found to correspond, such inspector shall certify thereto by signing his initials in the "Inspector's Initials" column on the last blank line of the spaces reserved for the voter's signature on the back of his registration poll record, or on the computer generated list of registered voters or in the "remarks" column as appropriate.

(e) If such person is found to be registered and has not voted in person, and if no challenge is made, or if a challenge made is not sustained, the envelope shall be opened, the ballot or ballots withdrawn without unfolding, and the ballot or ballots and stubs, if any, deposited in the proper ballot box or boxes, or envelopes, provided however that, in the case of a primary election, the stub, if any, shall be removed and the ballot and stub, if any, deposited in the box only if the ballot is of the party with which the voter is enrolled according to the entry on the back of his registration poll record or next to his name on the computer generated registration list; if not, the ballot shall be rejected without inspection or unfolding and shall be returned to the envelope which shall be endorsed "not enrolled" and returned to the board of elections

with the unopened envelopes, if any. At the time of the deposit of such ballot or ballots in the box or envelopes, the inspectors shall enter the words "absentee vote" or "military vote" in the space reserved for the voter's signature on the aforesaid last blank line or list or in the "remarks" column as appropriate, and shall enter the year and month of the election on the same line in the spaces provided therefor.

2. As each envelope is opened, if one or more of the different kinds of ballots to be voted at the election are not found therein, the clerks, or inspectors, shall make a memorandum showing what ballot or ballots are missing. If a ballot envelope shall contain more than one ballot for the same offices, all the ballots in such envelope shall be rejected. When the casting of such ballots shall have been completed the clerks or inspectors shall ascertain the number of such ballots of each kind which have been deposited in the ballot box by deducting from the number of envelopes opened the number of missing ballots, and shall make a return thereof in duplicate. The number of absentee voters' ballots deposited in the ballot box shall be added to the number of other ballots deposited in the ballot box, in order to determine the number of all ballots of each kind to be accounted for in the ballot box.

§ 9-106. Paper ballots; accounting for number used.

At the close of the polls and before any boxes or envelope containing voted ballots are opened, the clerks, or if there be no clerks, two inspectors representing different parties designated by the chairman, shall make up in duplicate in ink the ballot returns, which shall account for all of the paper ballots furnished to the election district, except the absentee, military and special presidential ballots accounted for pursuant hereto. They shall count and verify the number of each kind of unused ballots and enter it upon the ballot returns. They shall then open the box or envelope, for ballots cancelled before delivery and spoiled and returned by voters, separate them into their several kinds, count all ballots of each kind and enter the several results upon the ballot returns. They shall make the additions and subtractions called for by the returns and prove their figures. If adhesive pasters have been used for any office or party position, the return for the ballots for which the pasters were supplied shall contain a memorandum showing the number of pasters received, the number affixed to ballots and the number unused and returned. Such clerks or inspectors shall then tie securely in a separate package each kind of ballot and each kind of stub, counted as above provided, and shall plainly label, seal

and return the same to the box from which it was taken, and securely lock and seal the box. Such clerks or inspectors shall also securely tie all unused ballots in a sealed package. They shall also enter on the ballot return, the number of emergency ballots, if any, delivered to voters. They shall then sign such ballot returns.

§ 9-108. Canvass; ballots, verifying number cast.

1. The board of inspectors, at the beginning of the canvass, shall count the ballots found in each ballot box without unfolding them, except so far as to ascertain that each ballot is single, and shall compare the number of ballots found in each box with the number shown by the registration poll records, and the ballot returns to have been deposited therein.

2. If the ballots found in any box shall be more than the number of ballots so shown to have been deposited therein, such ballots shall all be replaced, without being unfolded, in the box from which they were taken, and shall be thoroughly mingled therein, and one of the inspectors shall, with his back to the box, publicly draw out as many ballots as shall be equal to such excess and, without unfolding them forthwith shall enclose them in an envelope which he shall then and there seal and endorse "excess ballots from the box for ballots for the general election, presidential electors, or party ballots or otherwise", as the case may be, and shall sign his name thereto, and place such envelope in the box for defective or spoiled ballots.

3. If two or more ballots shall be found in a ballot box so folded together as to present the appearance of a single ballot, and if the whole number of ballots in such box exceeds the whole number of ballots so shown to have been deposited therein, those ballots, or enough of them to reduce the ballots to the proper number, selected without examination of any voting mark thereon, shall be similarly removed as excess ballots.

4. If, however, there lawfully be more than one ballot box for the reception of ballots, no ballot found in the wrong ballot box shall for that reason be rejected, but it shall be placed in its proper box by the inspectors upon the count of the ballots before the canvass, and counted in the same manner as if it was found in the proper ballot box, if such ballot shall not, together with the ballots found in the proper ballot box, make a total of more ballots than are shown to have been deposited in such box.

5. No ballot that is not an official ballot prepared for the election shall be counted except for those ballots voted in accordance with the provisions for emergency ballots.

§ 9-110. Canvass; ballots; method of.

The method of canvassing ballots other than ballots upon ballot proposals shall be as follows: The inspectors shall unfold each ballot of the kind then to be canvassed and shall place all such ballots upon the table in one pile face down. The chairman then shall take up each ballot in order, turn it face up and announce loudly and distinctly the vote registered on each section, in the order of the sections upon the ballot, or that the ballot is void or the section blank, as the case may be. If more than one person is to be elected to the same office or party position the chairman, if the ballot is void or the ballot or section is wholly blank, shall announce as many void or blank votes as there are persons to be elected to the office or party position. On a primary ballot a "section," as the term is used above, shall mean the space occupied by the title of an office or party position, names of candidates therefor and the voting squares therewith. The canvass of each ballot must be completed before the next ballot is taken up except that in canvassing the ballots at a general election in an even numbered year the votes upon the first section of each ballot shall be canvassed first, and when the canvass of such section on each such ballot is completed the ballot shall be placed in a new pile. When the tallies of the votes on the first section of all such ballots are proven, and the results announced, the inspectors' returns of the vote thereon shall be filled out. The remaining sections of each such ballot shall then be canvassed, the canvass of each ballot to be completed before the next ballot is taken up.

§ 9-112. Canvass ballots; validity of ballot.

1. The whole ballot is void if the voter (a) does any act extrinsic to the ballot such as enclosing any paper or other article in the folded ballot or (b) defaces or tears the ballot except that a ballot card which is in perforated sections shall not be void because it has been separated into sections or (c) makes any erasure thereon or (d) makes any mark thereon other than a cross X mark or a check V mark in a voting square, or filling in the voting square, or punching a hole in the voting square of a ballot intended to be counted by machine or (e) writes, other than in the space provided, a name for the purpose

of voting; except that an erasure or a mark other than a valid mark made in a voting square shall not make the ballot void, but shall render it blank as to the office, party position or ballot proposal in connection with which it is made. No ballot shall be declared void or partially blank because a mark thereon is irregular in form. The term "voting square" shall include the voting space provided for a voter to mark his vote for a candidate or ballot proposal.

2. A cross X mark or a check V mark, made by the voter, in a voting square at the left of a candidate's name, or the voter's filling in such voting square, or punching a hole in the voting square of a ballot intended to be counted by machine, shall be counted as a vote for such candidate.

3. A vote shall be counted for a person whose name is written in under the title of an office or party position only if such name is written by the voter upon the ballot in the proper space provided therefor and only if such name is not printed under the title of such office or position. A voting mark before or after such written in name shall not invalidate the vote.

4. If, in the case of a candidate whose name appears on the ballot more than once for the same office, the voter shall make a cross X mark or a check V mark in each of two or more voting squares before the candidate's name, or fill in such voting squares or punch out the hole in two or more voting squares of a ballot intended to be counted by machine, only the first vote shall be counted for such candidate. If such vote was cast for the office of governor, such vote shall not be recorded in the tally sheet or returns in a separate place on the tally sheet as a vote not for any particular party or independent body.

5. If a voter makes a cross X mark or a check V mark in a voting square following the word "Yes" or the word "No", before a ballot proposal, or fills in such square, or punches out the hole in a voting square of a ballot intended to be counted by machine, such mark shall be counted in the affirmative or negative, as so indicated.

6. If the voter marks more names than there are persons to be elected or nominated for an office, or elected to a party position, or makes a mark in a place or manner not herein provided for, or if for any reason it is impossible to determine the voter's choice of a candidate or candidates for an office or party position or his vote upon a ballot proposal, his vote shall not be counted for such office or position or upon the ballot proposal, but shall be returned as a blank vote thereon.

§ 9-114. Counting ballots; objections to.

1. If objection be made to the counting of any ballot or as to any section of any such ballot, the board of inspectors shall forthwith and for canvassing any other ballot or section thereof, rule upon the objection. If the objection be continued after this ruling, the chairman shall write in ink upon the back of the ballot a memorandum of the ruling and objection. The memorandum of the ruling shall be in the words "Counted void", or "Counted blank", or "Counted for (naming the candidate or candidates or the presidential ticket)", or, in the case of a ballot proposal "Counted for Proposal No.....," or "Counted against Proposal No.....", as the case may be. The memorandum of the objection shall be in the words "Objected to", followed by a brief statement of the nature of the objection, the name and address of the challenger and the signature of the chairman.

2. Any ballot to which objection is not taken but which is wholly blank or is void shall be indorsed in ink by the chairman of the board of inspectors with the words "Wholly blank" or "Void", as the case may be, and signed by the chairman.

3. When all the ballots of any one kind shall have been canvassed, the inspectors shall ascertain the total number of wholly blank and void ballots and the number of ballots as to which any objection was taken and shall enter such numbers in the place provided therefor in the inspectors' returns of such canvass.

§ 9-116. Tallying ballots; generally.

1. As each vote for any office or position, or upon any ballot proposal, is announced, a clerk, or, if there be no clerks, an inspector, under the scrutiny of a clerk or inspector of opposite political faith immediately shall tally it in black ink, with a downward stroke from right to left upon the official tally sheet. Each such clerk or inspector, as he tallies a vote, shall announce clearly the name of the person for whom he tallies it, or that he tallies the vote blank or void as the case may be, or, in the case of a ballot proposal, that he tallies the vote "yes" or "no". When the name of a person voted for is not printed on the tally sheet, such clerks or inspectors shall write it in full thereon in ink in the place provided therefor.

2. When all the votes upon the same office, position or ballot proposal shall have been canvassed the tally thereof shall be verified by adding together

all the votes tallied thereupon. Whenever the total number of votes tallied (including blank and void votes) for any office or party position, divided by the number of persons to be nominated or elected thereto, or tallied for any ballot proposal, does not exactly equal the number of ballots cast (including blank and void ballots), a recanvass must be made immediately in order to correct the error.

In applying this section to a primary election the term "ballots" means the ballots of the party whose tallied votes for an office or party position are counted as above provided. Upon a recanvass the clerks or inspectors must keep the tally in ink from left to right across the previous tally marks.

3. When the errors if any have been corrected such clerks or inspectors shall indicate the last tally opposite each name by forthwith drawing in ink a long horizontal line immediately after the last tally mark opposite such name. Such tally sheets having thus been prepared, verified and closed, such clerks or inspectors shall sign their initials on each sheet, in any blank space thereof.

§ 9-118. [Repealed].

§ 9-120. Returns of canvass; generally.

1. Upon completing the canvass, the inspectors shall prepare their returns of the canvass. They shall use therefor the printed form supplied to them and, at an election which was not conducted on a voting machine which produces a printed or photographic record, they shall carefully insert thereon, in ink, the appropriate names, words and figures according to the directions printed in the form provided by this chapter. The printed or photographic record produced by the voting machine and the tally sheets for any office, party position or ballot proposal, if separate from the statement of return, shall be securely attached by the chairman to such statement of returns. A printed or photographic record or a tally sheet, when so annexed, or forming part of the same paper as the return, shall be treated as part of the return. The inspectors, and clerks, if any, shall subscribe in ink the certificate at the end of the set of returns. Each set of returns shall be securely sealed in an envelope properly endorsed on the outside by the inspectors. At an election at which voting machines are not used, the ballot boxes, if any, supplied by the board of elections, may when securely locked be used instead of sealed envelopes.

2. The form for the return or returns of the canvass shall be printed in a form approved by the state board of elections.

§ 9-122. Proclamation of result.

Upon the completion of the canvass and of the returns of the canvass, the chairman of the board of inspectors shall make public oral proclamation of the whole number of votes cast at the election at the polling place for all candidates for each office, or, if it be a primary election, the whole number of party votes of each party so cast for all candidates for each office or party position; upon each ballot proposal, if any; the whole number of votes given for each person, with the title of the office or party position for which he was named on the ballot; and the whole number of votes given, respectively, for and against each such ballot proposal, if any.

§ 9-124. Returns of canvass, procedure after.

1. After the returns of the canvass are made out and signed, the inspectors shall enclose the protested, void and wholly blank ballots and the ballots cast in affidavit envelopes in a separate sealed envelope or envelopes and endorse thereon a certificate signed by each of them stating the number of the district and the number of ballots contained in such envelope or envelopes. The inspectors shall then tie up and seal the other voted ballots and return them to the ballot box which contained them and securely lock and seal the box, except that at elections in which voting machines are used, absentee and military, special federal, special presidential and emergency ballots and stubs, if any, shall be sealed in the envelope or envelopes provided therefor.

2. Each box or envelope containing the ballots and stubs, if any, shall be deposited by an inspector designated for that purpose with the officer or board from whom or which the board of inspectors received it, together with the separate sealed package of unused ballots. In the city of New York, every box or envelope containing any ballots or stubs and the package of unused ballots shall be delivered at the polling place, at the conclusion of the canvass, to the police or peace officer, who shall deposit them with the board of elections.

3. The books, returns and other papers enumerated below shall be disposed of as follows, except as otherwise provided:

(a) In a city or town, except the city of New York and in a village in which elections are conducted by the board of elections, the registration poll records or computer generated registration lists, the returns with tally sheets annexed, the absentee and military, special federal, special presidential and emergency ballots, stubs and ballot envelopes, the challenge records and the package of protested, void and wholly blank ballots shall be filed with the board of elections, and the flag shall be returned to it.

(b) Records and supplies to be filed with a city, town or village clerk shall be so filed or delivered immediately after the completion of the returns of the canvass, by an inspector designated by the board of inspectors. Returns, papers and registration poll records or computer generated registration lists to be filed with the board of elections shall be so filed by the chairman of the board of inspectors within twenty-four hours after the completion of such returns. The person receiving such returns in the board of elections shall give to the person delivering the returns a receipt stating therein the date and hour of delivery, the name of the person making the delivery, and to whom said returns were delivered and shall keep a duplicate of said receipt on file in the office of the board of elections.

(c) The county legislative body of any county in the state except the counties comprising the city of New York may, by a resolution, ordinance or act as required, provide that all returns, papers, registration poll records or computer generated registration lists, books, records, documents, and other election supplies and materials shall be filed by the chairman of the board of inspectors of elections in a city or town and in a village in which elections are conducted by the board of elections, with the city, town or village clerk of such city, town or village in the county within eighteen hours after the closing of the polls at any primary, general, special or village election and the city, town or village clerk upon receiving such returns, papers, registers or lists, books, records, documents, and other election supplies and materials shall give to the person making the delivery, a receipt stating therein the date and hour of the delivery and the name of such person. Within twenty-four hours after the closing of the polls at any primary, general, special or village election, the city, town or village clerk shall file all returns, papers, registration poll records or computer generated registration lists, books, records, documents and other election supplies and materials filed with him by the inspectors of the election districts of the city, town or village, with the board of elections of the county and the board of elections shall give to the city, town or village clerk a receipt

therefor stating therein the date and hour of the delivery and the name of the person making the delivery and to whom it was made, and shall keep a duplicate of said receipt on file in the office of the board of elections.

(d) In the city of New York the board of inspectors, shall deliver to the police or peace officer at the polling place the registration poll records or computer generated registration lists, challenge report, records, keys, the flag, other election supplies, the returns of the canvass and the absentee and military, special federal, special presidential and emergency ballots, stubs and ballot envelopes. The police or peace officer shall file the returns, the package of void, protested and wholly blank ballots, if any, and the absentee and military, special federal, special presidential and emergency ballots, stubs and ballot envelopes, if any, within twenty-four hours after the close of the polls, in the office of the board of elections or its branch office within the borough, as the case may be.

(e) [Redesignated]

§ 9-126. Return of canvass; delivery of results to police and unofficial tally of election results.

1. In an election district of a city and of the county of Nassau, the chairman of the board of inspectors, upon the completion of the return of canvass, and the announcement thereof in a primary or general election, shall deliver to the police officer on duty at the polling place a statement signed by the board of inspectors stating the number of votes received by each person voted for and the number of votes cast for and the number of votes cast against each ballot proposal. Such officer forthwith shall convey the statement to the stationhouse of the police precinct in which such place of canvass is located, and shall deliver it inviolate to the officer in command thereof, who shall immediately transmit by telegraph, telephone or messenger, the contents of such statement to the officer commanding the police department of such city or county who shall immediately make the contents of such statement available for the press. In the city of New York and the county of Nassau the chairman of the board of inspectors in each election district shall make two copies of the statement hereinbefore provided for, which shall be taken to the police station, whence one such copy shall be transmitted without delay to police headquarters, or such other location as may be designated by the officer commanding the police department, where it shall be made immediately available to the press for purposes of tabulation. The other copy shall be transmitted within twenty-four hours to the board of elections. All statements

made pursuant to this section shall be preserved for six months by the police and shall be presumptive evidence of the result of such canvass.

2. (a) In an election district outside of a city, except in the county of Nassau, the chairman of the board of inspectors, upon completion of the return of canvass and the announcement thereof, in a general or primary election, shall immediately communicate such results by telephone, or delivery, to the county board of elections. Such results shall include the number of votes received by each person voted for and the number of votes cast for and against each ballot proposal.

(b) The county board of elections shall remain open after the close of the polls and shall receive and tabulate the voting results from throughout the county as they are received. The board shall post running totals in a public place as the results become known to it.

(c) The results made public pursuant to this section are to be released as the unofficial tally and shall not be admissible in evidence in any action or proceeding contesting the result of any election.

(d) Any police department of a city outside of the city of New York and the county of Nassau receiving statements as provided in subdivision one of this section shall immediately communicate the contents thereof to the county board of elections at a location designated by it. In lieu of requiring the delivery of statements to the police in cities outside of the city of New York and the county of Nassau as provided in subdivision one of this section, a county board of elections may require the chairman of the board of inspectors in each election district within such a city to make a return of the vote pursuant to the provisions of this subdivision.

3. (a) The board of elections of counties in which voting machines which have removable electronic or computerized devices which record the total of the votes cast on such machines are used, may establish procedures by which such devices may be used after the close of the polls to provide the unofficial tally of results required by this section.

(b) Such procedures may include: the installation, at the board of elections or at town or city halls, police stations, sheriff's offices or other public buildings, of machines which record and transmit the totals recorded in such devices to the board of elections or directly to a representative of the press; the delivery of the devices from the polling places to such locations and the removal of such devices, by at least two clerks or other agents of such board of elections of opposite political parties, from the containers or

envelopes in which they were sealed at the polling places and the insertion of such devices into such machines.

(c) The board of elections shall provide containers, at all such locations other than the offices of such board, into which all such devices shall be placed by the clerks or other agents of such board of elections after they are removed from such machines. Such containers shall be sealed by such clerks or agents who shall also enter on a certificate which shall be printed on each such container, the total number of such devices placed in such container and the election districts from which such devices came. Such clerks shall also sign such certificate in the places provided.

(d) Such containers shall be delivered to the board of elections by the public officials in whose offices such machines were installed within twenty-four hours after the closing of the polls and the board of elections shall give such officials a receipt therefor which states therein the date and hour of delivery, the name of the person making the delivery and the name of the person to whom such delivery was made. The board of elections shall keep a duplicate of such receipt on file at the office of such board.

(e) The cost of installing such machines at locations other than the board of elections and the cost of transmitting the results from such machines may be paid by the board of elections or by a representative of the press. If such results are transmitted from a location other than the board of elections directly to a representative of the press, such cost shall be paid by such representative of the press.

§ 9-128. Canvass; return of.

1. Returns of the canvass shall be printed in a form approved by the state board of elections. When voting machines are used the designating number and letter on the counter for each candidate shall be printed next to the candidate's name on the statements of canvass. The form of such return, for a general election, also shall provide for the entry of the number of votes for each candidate, or upon each ballot proposal, cast by absentee and military, special federal, special presidential and emergency ballots, the number of such votes cast by machine and the total number of such votes, cast by such ballots and by machine together.

2. One set of returns shall be used, in each such election district. Tally sheets shall be provided and used in each district for votes on paper, absentee and military, special federal, special presidential and emergency ballots cast

during voting machine breakdowns, and the state board of elections shall devise a form of talley sheet to be used for that purpose, with provision for making the tallies as to all offices, or all ballot proposals, on one sheet.

§ 9-200. Canvass of primary returns by board of elections; notices to delegates; certificates.

1. The board of elections shall canvass the returns of primary elections filed with it. It shall canvass first the votes of the delegates and alternates to judicial district conventions and complete such canvass at the earliest time possible. It shall complete the canvass otherwise within nine days from the day upon which the primary election is held. Upon the completion of

the canvass the board shall make and file in its office tabulated statements, signed by the members of such board or a majority thereof, of the number of votes cast for all the candidates for nomination to each public office or for election to each party position, and the number of votes cast for each such candidate. The candidate receiving the highest number of votes for nomination for a public office or for election to a party position voted for wholly within the political unit for which such board is acting, shall be the nominee of his party for such office or elected to such party position and the board, if requested by a candidate elected to a party position, shall furnish to him a certificate of election.

2. The board forthwith upon the completion of the canvass for members of a state committee and delegates and alternates to a national, state or judicial district convention, shall transmit to the state board of elections a certificate stating the name and residence of each member of a state committee and delegate and alternate elected from a district wholly within the jurisdiction of such board, except that, in respect to a judicial district convention in the first, second, eleventh and twelfth judicial districts, the board of elections, instead of transmitting such certificate, shall compile the roll of the convention and transmit it to the chairman or secretary of the committee which, by party rules, is empowered to fix the time and place of the convention. The board of elections shall send by mail to each delegate and alternate elected a notice of his election. The certificate or roll of the convention shall list the delegates and alternates elected at a primary in the order of the votes received by each delegate or alternate, with the delegate or alternate receiving the highest number of votes listed first. Tie votes shall be indicated in a manner prescribed by the state board of elections. If there shall have been no contested election for alternates, the names of the alternates shall appear on the certificate or roll in the order in which their names appeared on the petition which designated them.

3. The board forthwith, upon the completion of the canvass, shall file with the state board of elections a certified copy of its tabulated statement of the votes cast for each nomination or party position in a district extending beyond the political unit for which the board is acting.

4. The state board of elections, upon the request of the chairman of the state committee of any political party, shall furnish to him a list of the duly elected members of the state committee of such party.

5. There shall be included in the official compilation of the canvass of the returns, the names of the persons who shall have been nominated for public office or elected to party position without balloting, and in each such case the word "uncontested" shall be placed in such compilation wherever the vote cast for such a candidate is required to be stated.

§ 9-202. Canvass of primary returns by state board of elections; convention rolls.

The state board of elections upon receipt by it from boards of elections of the tabulated statements of votes at a primary election required to be filed with it shall proceed forthwith to canvass such statements. Upon the completion of the canvass it shall make, certify and file in its office tabulated statements of the number of votes cast for all the candidates for nomination to each public office or for election to each party position, and the number of votes cast for each such candidate. The candidate receiving the highest number of votes shall be the nominee of his party for such office or shall be elected to such party position, as the case may be, and the board, if requested, shall furnish to the elected candidates a certificate of election. From such certified statements of the votes for delegates and alternates elected to a state or judicial district convention of any party, other than a judicial district convention in the first, second, eleventh and twelfth judicial districts, the state board shall forthwith compile the roll of each such convention in duplicate and transmit it, if for a state convention, to the chairman and secretary of the state committee of the party, and if for a judicial district convention, to the chairman and secretary of the committee which, by party rules, is empowered to fix the time and place of the convention. The roll of the convention shall list the candidates elected at a primary in the order of the votes received by each candidate together with the number of votes received by each such candidate. If there shall have been no contested election for alternates, the names of the alternates shall appear on the roll in the order in which their names appear on the petition which designated them. The state board of elections shall transmit copies of the certified statements of the votes for delegates and alternates to a national convention of a party to the chairman and secretary of the state committee of such party.

§ 9-204. County boards of canvassers.

The board of elections of each county or city shall be the county board of canvassers of such county, or each county within such city. Such board also shall be the city board of canvassers of any city or cities within the county for a city election. Such board shall also be the board of canvassers of the towns of the county. Such board shall also be the board of canvassers of villages in which village elections are conducted by the board of elections. The secretary of the board of elections, or, if he is absent, or unable to act, a member or chief clerk designated by the board shall be the secretary of the canvassing board. Each canvassing board shall meet at the place where it usually meets in other capacities on the day following the election, but its duties may be performed in any or all of the offices of the board of elections.

§ 9-206. Canvass of election district returns of general and special elections.

The canvassing board shall canvass the votes cast within the county for state, county, city and town offices; also the vote cast on any ballot proposal. The canvass by the county board of canvassers relating to the offices of president and vice president of the United States, governor, lieutenant-governor, state comptroller, attorney-general, United States senator, member of the house of representatives, member of the state senate, member of the assembly and any ballot proposal shall show in each election district the total number of persons voting at such election, the number of votes cast for each candidate, the number of unrecorded or blank votes for each of the above-mentioned offices and each ballot proposal. Write-in votes cast for president or vice president for persons who were not certified by the state board of elections as write-in candidates for such offices shall not be canvassed for such candidates but such votes shall be canvassed as void votes. If, during the canvass, there shall clearly appear to be any omission or clerical mistake in the return for any district filed with the board of elections, the canvassing board may summon the election officers before the board, and such officers shall meet forthwith and make any necessary correction, in order that their canvass may be correctly stated, but they shall not alter any decision theretofore made by them.

§ 9-208. Provisions for recanvass of vote in every election district in the state; procedure in case of discrepancy.

1. Within fifteen days after each general, special or primary election, and within seven days after every village election conducted by the board of elections at which voting machines are used, the board of elections, or a bipartisan committee of or appointed by said board, shall in each county using voting machines, make a record of the number on the seal and the number on the protective counter, of each voting machine used in each election district in such general, special or primary election, shall open the counter compartment of each of such machine, and, without unlocking such machine against voting, shall recanvass the vote cast thereon or, if the machine is provided with a device for printing or photographing the counters, such board or committee shall recanvass such printed or photographic record or, if the machine is provided with a removable electronic or computerized device which records the vote cast on such machine and from which a printed copy of such vote may be made mechanically or electronically and also a device for printing or photographing such vote directly from the voting machine, such board or committee shall recanvass the vote by comparing the vote on the printed copy of the canvass made from such removable device with the printed or photographed copy of the canvass made directly from the voting machine at the close of the polls. No person who was a candidate at such election shall be appointed to membership on the committee. The said board or committee shall during such time, make a recanvass of any absentee and military, special federal, special presidential, emergency and write-in ballots which were canvassed at polling places on election night and delivered to the board of elections by the person filing returns. Before making such canvass the board of elections, with respect to each election district to be recanvassed, shall give notice in writing to the voting machine custodian thereof, to the state and county chairman of each party or independent body which shall have nominated candidates for the said general or special election or nominated or elected candidates at the said primary election and to each individual candidate whose name appears on said machine, of the time and place where such canvass is to be made; and the state and county chairman of each such party or independent body and each such individual candidate may send a representative to be present at such recanvass. Each candidate whose name appears on said machine, or his representative, shall have the right personally to examine and make a copy of the vote recorded on such machine and ballots.

2. If upon such recanvass, it shall be found that the original canvass of the returns has been incorrectly made from any machine or machines or upon the result of any absentee and military, special federal, special presidential, emergency or alleged write-in ballot, a statement in writing shall be prepared giving in detail for each such machine or total of such ballots or alleged write-in ballots cast, the result of the recanvass, and such statement shall be witnessed by the persons required to be present and shall be filed with the board of elections. Such recanvass of votes made pursuant hereto shall thereupon supersede the returns filed by the inspectors of election of the election district in which the canvass was made.

3. If upon such recanvass, it shall be found that a discrepancy still remains unaccounted for, the board of elections, or the committee thereof, with the assistance of the custodian of the machine, shall unlock the voting and counting mechanism of the machine and shall proceed thoroughly to examine and test the machine to determine and reveal the true cause or causes, if any, of the discrepancy in the returns from such machine. Before testing, the counters shall be reset at zero and each counter shall be operated at least one hundred times. After the completion of such examination and test, the custodian shall then and there prepare a statement in writing giving in detail the result thereof, and such statement shall be witnessed by the persons required to be present and shall be filed in the office of the board of elections.

§ 9-209. Canvass of absentee, military and special ballots and ballots cast by voters with registration poll records missing on days of election or voters who have not had their identity previously verified or who have moved after registering

Before completing the canvass of votes cast in any primary, general, special, or other election at which voters are required to sign their registration poll records before voting, the board of elections shall proceed in the manner hereinafter prescribed to cast and canvass any absentee, military, special presidential, special federal or other special ballots which were not cast and canvassed at the polling place, and any ballots voted by voters who moved within the county or city after registering, voters who are in inactive status, voters whose registration was incorrectly transferred to another address even though they did not move, or voters whose registration poll records were missing on the day of such election or voters who have not had their identity previously verified or whose registration poll records did not show them to be

enrolled in the party in which they claimed to be enrolled. Each such ballot shall be retained in the original envelope containing the voter's affidavit and signature, in which it is delivered to the board of elections until such time as it is to be cast and canvassed.

1. a. [*Expires and repealed Dec 31, 2009*] The board of elections shall designate itself or such of its employees as it shall deem appropriate as a set of poll clerks to cast and canvass such ballots, and fix a time and place for their meeting for such purpose, provided that such meeting shall be no more than thirteen days after a general election and no more than eight days after a special or primary election at which such ballots are voted. The board may designate additional sets of poll clerks and if it designates more than one such set shall apportion among all such sets the election districts from which such ballots have been received, provided that all such ballots from a single election district shall be assigned to a single set of clerks, and that each such set shall be divided equally between representatives of the two major political parties. Each such set of clerks shall be deemed a central board of inspectors for purposes of this section.

b. At least five days prior to the time fixed for such meeting, the board shall send notice by first class mail to each candidate, political party, and independent body entitled to have had watchers present at the polls in any election district in the board's jurisdiction. Such notice shall state the time and place fixed by the board for such canvass.

c. Each such candidate, political party, and independent body shall be entitled to appoint such number of watchers to attend upon each central board of inspectors as such candidate, political party, or independent body was entitled to appoint at such election in any one election district for which such central board of inspectors is designated to act.

2. a. 1. Upon assembling at the time and place fixed for such meeting, each central board of inspectors shall cast and canvass the envelopes and the ballots therein contained as nearly as practicable in the manner provided by this chapter for a board of inspectors to consider, cast, and canvass absentee ballot envelopes and ballots at the polling place.

2. If the board of inspectors determines that a person was entitled to vote at such election it shall cast and canvass such ballot if such board finds

Matter in *italics* is new; matter in brackets [-] is old law to be omitted.

CANVASS OF RESULTS

9-209

that ministerial error by the board of elections or any of its employees caused such ballot envelope not to be valid on its face.

b. 1. Such board of inspectors shall also cast and canvass any federal write-in ballots validly cast by an absentee, military or special federal voter for the offices of president and vice-president, United States senator and representative in congress.

2. Federal write-in ballots shall be cast and canvassed only if an application for an absentee, military or special federal ballot was received from the absentee, military or special federal voter at least thirty days before election day, if the federal write-in ballot was submitted from outside the United States, if such ballot is received by the board of elections not later than seven days following the day of election and if the absentee, military or special federal ballot which was sent to the voter is not received by the board of elections by the seventh day following the day of election. If such a federal write-in ballot is received after election day, the envelope in which it is received must contain a cancellation mark of the United States postal service or a foreign country's postal service, or a dated endorsement of receipt by another agency of the United States government, with a date which is ascertained to be not later than the day before election day.

3. If such a federal write-in ballot contains the name of a person or persons in the space provided for a vote for any office, such ballot shall be counted as a vote for such person or persons. A vote for a person who is the candidate of a party or independent body either for president or vice-president shall be deemed to be a vote for both the candidates of such party or independent body for such offices. If such a ballot contains the name of a party or independent body in the space provided for a vote for any office, such ballot shall be deemed to be a vote for the candidate or candidates, if any, of such party or independent body for such office. In the case of the offices of president and vice-president a vote cast for a candidate, either directly or by writing in the name of a party or independent body, shall also be deemed to be votes for the electors supporting such candidate. Any abbreviation, misspelling or other minor variation in the form of the name of a candidate or a party or independent body shall be disregarded in determining the validity of the ballot, if the intention can be ascertained.

c. The following provisions shall apply to casting and canvassing of all such ballots which are counted by machine and all other provisions of this

chapter with respect to casting and canvassing such ballots which are not inconsistent with this paragraph shall be applicable to such ballots.

1. Such ballots shall be counted by placing them, arranged by election district, in the counting machine.

2. Such ballots may be separated into sections before being placed in the counting machine.

3. Any write-in ballots and any ballots which cannot be counted by the machine shall be counted manually subject to all the applicable provisions of this chapter with respect to counting of absentee ballots.

4. The record of the vote counted by machine for each candidate and for and against each ballot proposal, printed by election district, shall be preserved in the same manner and for the same period as the returns of canvass for the election.

d. Any person lawfully present may object to the refusal to cast or canvass any ballot on the grounds that the voter is a properly qualified voter of the election district, or in the case of a party primary duly enrolled in such party, or to the casting or canvassing of any ballot on the grounds that the voter is not a properly qualified voter of the election district, or in the case of a party primary not duly enrolled in such party, or otherwise not entitled to cast such ballot. When any such objection is made, the central board of inspectors shall forthwith proceed to determine such objection and reject or cast such ballot according to such determination. If the board cannot agree as to the validity of the ballot it shall set the ballot aside, unopened, for a period of three days at which time the ballot envelope shall be opened and the vote counted unless otherwise directed by an order of the court.

e. Upon completing the casting and canvassing of ballots as hereinabove provided for any election district, the central board of inspectors shall thereupon, as nearly as practicable in the manner provided in this chapter for absentee ballots, verify the number of ballots so cast, tally the votes so cast, add such tally to the previous tally of all votes cast in such election district, and announce the result.

§ 9-210. Statements of canvass by canvassing boards.

Upon the completion of the canvass the canvassing board shall make statements thereof, showing separately the result for each office and ballot proposal. Each such statement shall set forth, in words written out at length, all votes cast for all candidates for each office; the name of each candidate; the

9-211

number of votes so cast for each, and, in the case of a candidate who was nominated by two or more parties or independent bodies, the number, separately stated, of votes cast for him as the candidate of each party or independent body by which he was nominated; and all votes so cast upon any ballot proposal, and all the votes so cast in favor of and against the same respectively. Such statements shall show the total number of unrecorded or blank votes and the total number of votes cast for each office and each ballot proposal.

Such statements shall be certified as correct over the signatures of the members of the board, or a majority of them, and such statements together with any tabulation sheets showing the vote by election districts from which such statements were made, shall be filed in the office of the board of elections. The separate statement relating to electors of president and vice-president shall be so filed immediately upon the making, signing and certification thereof. To facilitate its work, the board of elections may cause copies of such tabulation sheets to be printed in pamphlet form.

§ 9-211. Audit of voter verifiable audit records.

1. Within fifteen days after each general or special election, and within seven days after every primary or village election conducted by the board of elections, the board of elections or a bipartisan committee appointed by such board shall manually audit the voter verifiable audit records from three percent of voting machines or systems within the jurisdiction of such board. Voting machines or systems shall be selected for audit through a random, manual process. At least five days prior to the time fixed for such selection process, the board of elections shall send notice by first class mail to each candidate, political party and independent body entitled to have had watchers present at the polls in any election district in such board's jurisdiction. Such notice shall state the time and place fixed for such random selection process. The audit shall be conducted in the same manner, to the extent applicable, as a canvass of paper ballots. Each candidate, political party or independent body entitled to appoint watchers to attend at a polling place shall be entitled to appoint such number of watchers to observe the audit.

2. The manual audit tallies for each voting machine or system shall be compared to the tallies recorded by such voting machine or system, and a report shall be made of such comparison which shall be filed in the office of the state board of elections.

3. The state board of elections shall, in accordance with subdivision four of section 3-100 of this chapter, promulgate regulations establishing a uniform statewide standard to be used by boards of elections to determine when a discrepancy between the manual audit tallies and the voting machine or system tallies shall require a further voter verifiable record audit of additional voting machines or systems or a complete manual audit of all machines or systems within the jurisdiction of a board of elections. Any board of elections shall be empowered to order that any such audit shall be conducted whenever any such discrepancy exists.

4. If a complete audit shall be conducted, the results of such audit shall be used by the canvassing board in making the statement of canvass and determinations of persons elected and propositions rejected or approved. The results of a partial voter verifiable record audit shall not be used in lieu of voting machine or system tallies.

5. Notwithstanding subdivision four of this section, if a voting machine or system is found to have failed to record votes in a manner indicating an operational failure, the board of canvassers shall use the voter verifiable audit records to determine the votes cast on such machine or system, provided such records were not also impaired by the operational failure of the voting machine or system.

§ 9-212. Determinations by county canvassing boards.

1. The canvassing board shall determine each person elected by the greatest number of votes to each county office, and each person elected by the greatest number of votes to each city, town or village office of a city, town or village of which it is the board of canvassers. The canvassing board shall also determine whether any ballot proposal submitted only to the voters of the county, or only to the voters of a city, town or village of which it is the board of canvassers, as the case may be, has by the greater number of votes been adopted or rejected.

2. All such determinations shall be in writing and signed by the members of the canvassing board or a majority of them and filed and recorded in the office of the board of elections. Except in the city of New York and in the counties of Nassau, Orange and Westchester, the board of elections shall cause a copy of such determinations, and of the statements filed in its office upon which such determinations were based, to be published once in each of the newspapers designated to publish election notices and the official canvass.

The statement of canvass to be published, however, shall not give the vote by election districts but shall contain only the total vote for a person, or the total vote for and the total vote against a ballot proposal, cast within the county, or within the portion thereof, if any, in which an office is filled or ballot proposal is decided by the voters if the canvass of the vote thereon devolves upon the county board of canvassers. Such totals shall be expressed in arabic numerals.

3. The board of elections shall prepare and forthwith transmit to each person determined by the canvassing board to have been elected a certified statement, naming the office to which such canvassing board has declared him elected.

4. The appropriate state or local election official shall establish a free access system (such as a toll-free telephone number or an internet website) that any individual who casts an affidavit ballot may access to discover whether the vote of that individual was counted, and, if the vote was not counted, the reason that the vote was not counted.

§ 9-214. Transmission of statements of canvassing boards to state board of elections and secretary of state.

The board of elections shall transmit by mail or cause to be delivered personally to the state board of elections, a certified copy of the statement of the canvassing board relating to the offices of electors of president and vice-president of the United States, United States senator, representatives in congress and state offices, including members of the state senate and assembly, and to the votes cast on any ballot proposal submitted to all the voters of the state, within twenty-five days after the election. If any certified copy shall not be received by the state board on or before the twenty-fifth day following a general election, or a special election, it shall dispatch a special messenger to obtain such certified copy, and the board of elections, immediately upon demand of such messenger at its office, shall make and deliver a certified copy to such messenger who shall deliver it forthwith to the state board.

The board of elections shall transmit to the secretary of state within twenty-five days after a general election, and within ten days after a special election, a list of the names and residences of all persons determined by the canvassing board to be elected to any county office.

The board of elections shall transmit to the state board, on or before the tenth day of December following an election for governor, a certified tabulated statement, by election districts, of the official canvass of the votes

cast for candidates for governor, to include, in the case of a candidate who was nominated by two or more parties or independent bodies, a separate statement of the number of votes cast for him as the candidate of each party or independent body by which he was nominated and if the county contains more than one assembly district or parts of more than one assembly district, a statement of the number of votes cast for governor by assembly district.

§ 9-216. Canvass of statements of general and special elections by state board of canvassers.

1. The state board of elections shall be the state board of canvassers. The records of the state board of canvassers shall be kept in the custody of the state board of elections, which shall assign a deputy or other assistant to act as the clerk of said board of canvassers.

2. The state board of canvassers shall canvass the certified copies of the statements of the county board of canvassers of each county. They shall canvass first the statements, if any, for the offices of president and vice-president and next the statements, if any, for the office of member of the state senate, and next the statements, if any, for the office of member of the state assembly. Three members of the board shall constitute a quorum. The state board of canvassers shall meet on or before the fifteenth day, or, in a year when electors of president and vice-president are chosen on or before the first Monday after the first Wednesday, of December next after each general election, and within forty days after each special election, to canvass such statements. The board may adjourn from day to day, not exceeding a term of five days. If any member of the board shall dissent from a decision of the board or shall protest against any of the proceedings of the board as irregular, he shall state such dissent or protest in a writing signed by him setting forth his reasons and file it in the office of the state board of elections.

3. Upon the completion of the canvass the board shall make separate tabulated statements, signed by the members of the board or a majority thereof, of the number of votes cast for all the candidates for each office voted for, the number of votes cast for each of such candidates, the number of votes cast in each county for each of them and if the voters of any one district of the state voted for any such candidate, the name and number of such district, the determination of the board as to the persons elected to each office, the number of votes cast upon each ballot proposal, the number of votes cast in favor of

and against each respectively, and the determination of the board as to whether it was adopted or rejected.

4. Such tabulated statements shall be filed and recorded in the office of the state board of elections. Thereupon, the state board of elections shall transmit a certified copy of each such statement of votes cast for candidates for any office to the person shown thereby to have been elected to such office. The state board of elections shall prepare a general certificate under the seal of the state and attested by the members of the state board of elections, addressed to the house of representatives of the United States, of the due election of all persons chosen at that election as representatives of this state in congress, and shall transmit the same to the house of representatives. If any person so chosen at such election shall have been elected to fill a vacancy in the office of representative in congress, the statement of the state board of elections shall so specify.

§ 9-218. Proceedings by boards of canvassers to carry into effect a court order.

1. Upon the re-convening of the state board of canvassers or any county board of canvassers, or of the board of elections of the city of New York as a county or city board of canvassers, by order of a court of competent jurisdiction, for the purpose of correcting an error or of performing a duty imposed by law or by an order of the court granted pursuant to law, the meeting for that purpose shall be deemed a continuance of its regular session, and any new or corrected statement, determination or certificate which is made to give effect to the order shall stand in lieu of the original statement, determination or certificate.

2. When a new or corrected statement or certificate, to give effect to an order of the court, shall vary from the original statement or certificate respecting the votes cast for an office for which the state board of canvassers is required to canvass statements made by county boards, the board of elections forthwith shall transmit certified copies of the new or corrected statement or certificates to the state board of elections. The state board of canvassers shall meet within five days after such a certified copy has been received by the state board of elections. From such certified copy, such board shall make a new statement as to the votes for such office cast in the state or political subdivision in which such office is filled, and shall determine and declare what person or persons whose votes are affected by such new or corrected statement have

been, by the greatest number of votes, duly elected to the office or offices. The state board of canvassers and the state board of elections shall, respectively, have the same powers and duties in respect to new or corrected statements that they have in respect to original statements.

§ 9-220. Record in office of secretary of state of county officers elected.

The secretary of state shall enter in a book to be kept in his office, the names of the respective county officers elected in this state, specifying the counties for which they were severally elected, and their places of residence, the offices to which they were elected, and their terms of office.

§ 10-100. [Repealed].

§ 10-102. Military voters; definitions.

As used in this article the following terms have the following meanings.

1. "Military service" means the military service of the state, or of the United States, including the army, navy, marine corps, air force, coast guard and all components thereof, and the coast and geodetic survey, the public health service, the national guard when in the service of the United States pursuant to call as provided by law, and the cadets or midshipmen of the United States Military Academy, United States Naval Academy, United States Air Force Academy and United States Coast Guard Academy.

2. "Military voter" means a qualified voter of the state of New York who is in the actual military service, as defined in the preceding paragraph of this section, and by reason of such military service is absent from his election district of residence on the day of registration or election, or a voter who is

10-104**THE ELECTION LAW**

discharged from such military service within thirty days of an election and the spouse, parent and child of such voter accompanying or being with him or her, if a qualified voter and a resident of the same election district.

3. "Military ballot" means the ballot prepared, printed and supplied for use by the military voter for a general election, primary election or special election.

4. "Military address" means the mailing address of a military voter other than his residence address in his election district.

5. "Appropriate board of elections" means the board of elections in whose jurisdiction the military voter resides as a qualified voter.

§ 10-104. Military voters; right to vote.

A military voter of this state shall be entitled to vote as fully as if he were present at his polling place and to register and vote in the manner hereinafter provided except that the provisions of this article for absentee voting in primary elections shall not apply to the party positions of members of the ward, town, city or county committee.

§ 10-106. Military voters; registration and application for ballots.

1. On or before the thirty-fifth day preceding an election the names and addresses of all military voters who have filed applications for military ballots by such day and who were not already registered shall be registered by the board of elections in the election district of residence of such military voter as hereinafter provided.

2. Such board of elections shall cause such military voter to be registered in the manner provided by this chapter, and in the space designated "other remarks" shall be entered the military address of such voter or such military address shall be entered into the computer files from which the computer generated registration list is prepared. Such registration poll records shall be stamped or marked conspicuously with the legend "Military Voter" or the records of such military voters in such computer files shall be coded in a manner which distinguishes such voters from the other voters in such files. The foregoing provisions of this subdivision as to entry of the military address may be altered by the state board of elections to such extent as may be necessary to the security and safety of the United States. A military voter shall not be required to register personally. An application for a military ballot shall

VOTING BY MEMBERS OF ARMED FORCES 10-106

constitute permanent personal registration and a military voter shall be deemed registered under the rules and regulations prevailing under permanent personal registration upon the filing of his application and the entering of his name in the appropriate registration records.

3. [Repealed]

4. Not earlier than the ninetieth or later than the seventy-fifth day before each general election, each county or city board of elections shall send to each person who is registered as a military voter and to every other military voter in such county or city for whom it has a military address, an application for a military ballot for such general election in a form prescribed by the state board of elections, which shall include a place for such military voter to enroll in a party, on a postcard bearing the return address of such board of elections; provided, however, the county or city board of elections shall not send such an application to any person who has applied for a military ballot and is entitled to receive such ballot for such election.

5. The state board of elections shall forward to the appropriate board of elections all applications for military ballots received by it. An application from a military voter not previously registered must be received by the appropriate board of elections not later than ten days before a general or special election or twenty-five days before a primary election in order to entitle the applicant to vote at such election. An application from a military voter who is already registered must be received at least seven days before an election in order to entitle the applicant to vote at such election; except that an application from such a military voter who delivers his application to the board of elections in person, must be received not later than the day before the election.

6. The board of elections shall immediately add to such registration records the name and residence and military address of every military voter, who was not previously registered, pursuant to this chapter, from whom it receives a valid application for a military ballot. If a valid application for a military ballot is received by a board of elections from a person already registered, other than as a military voter, from the residence address set forth in such application, such board shall mark the registration records of such voter in the same manner as the registration records of other military voters.

7. The board of elections in each year shall cause a list of names, residence addresses and, for a primary election, party enrollments of military voters appearing on such registration poll records to be prepared not later than seven days preceding an election. One copy shall be kept at the office of the

board of elections for public inspection. The board shall transmit one copy to the chairman of each political party in the county, upon written request.

7-a. If a federal post card application form is received from a person who is qualified to vote as a military voter but who has not previously registered pursuant to the provisions of this article, such federal post card application form shall be treated in all respects as an application for registration and enrollment as a military voter and for a military ballot pursuant to the provisions of this article. If such a federal post card application form is received from a person already registered as a military voter pursuant to the provisions of this article, such application shall be treated in all respects as an application for a military ballot pursuant to the provisions of this article.

8. If the board of elections denies the application of a person in military service to register to vote or to receive a military ballot, such board of elections shall immediately send the applicant a written explanation for such denial.

9. [Repealed]

10. A qualified voter who shall have been inducted into or who shall have enlisted in the military service and who shall not have taken his oath of allegiance prior to thirty days preceding a general or special election, or the spouse, parent or child residing in the same election district as, and accompanying such voter, may register before the board of elections of his county of residence, on or before the tenth day preceding such election, provided he shall, on or before the day of such election, actually be in the military service. Such voter shall then receive a military ballot. Such registration record shall be stamped with the legend "military voter".

11. A board of elections may send to any spouse, parent, or adult child, brother or sister of a military voter serving outside of the continental limits of the United States, an application for a military ballot, in a form prescribed by the state board of elections. Such application shall be on a postcard addressed to the appropriate board of elections and shall include the statement "I understand that this application will be accepted for all purposes as the equivalent of an affidavit and, if it contains a material false statement, shall subject me to the same penalties as if I had been duly sworn." Such application may be signed by the spouse, parent or adult child, brother or sister of such military voter. Upon receipt of such an application from such a relative of a military voter, the board of elections shall mail a military ballot to such military voter together with an application for a military ballot and instructions

VOTING BY MEMBERS OF ARMED FORCES 10-108

that such application must be completed and returned together with the envelope containing the military ballot. No ballot sent to a military voter upon the application of a relative of such military voter shall be cast or canvassed unless a completed application for military ballot signed by such military voter is received with such ballot.

12. If the board of elections receives notice from a military voter that such voter has left the military service and is residing at his residence address, such board shall cross out or otherwise obliterate the "Military Voter" legend on such voter's registration records and thereafter treat such records in the manner provided by this chapter for regularly registered voters.

§ 10-108. Military voters; distribution of ballots to.

1. Ballots for military voters shall be mailed or otherwise distributed by the board of elections thirty-two days before a primary or general election ; twenty-five days before a New York city community school board district or city of Buffalo school district election ; and fourteen days before a village election conducted by the board of elections and twelve days before a special election. A voter who submits a military ballot application shall be entitled to a military ballot thereafter for each subsequent election through and including the next two regularly scheduled general elections held in even numbered years, including any run-offs which may occur; provided, however, such application shall not be valid for any election held within seven days after its receipt. Ballots shall also be mailed to any qualified military voter who is already registered and who requests such military ballot from such board of elections in a letter, which is signed by the voter and received by the board of elections not later than the seventh day before the election for which the ballot is requested and which states the address where the voter is registered and the address to which the ballot is to be mailed. The board of elections shall enclose with such ballot a form of application for military ballot. In the case of a primary election, the board shall deliver only the ballot of the party with which the military voter is enrolled according to the military voter's registration records. In the event a primary election is uncontested in the military voter's election district for all offices or positions except the party position of member of the ward, town, city or county committee, no ballot shall be delivered to such military voter for such election; and the military voter shall be advised of the reason why he or she will not receive a ballot.

2. In the event that the board of elections of any county shall not mail or otherwise distribute ballots to the military voters of such county by the date required by this section, such board shall notify the state board of elections in writing of the facts and reasons for such non-compliance.

3. Thereafter, ballots shall be so distributed to persons whose names and military addresses are added to the registration poll ledgers as military voters, except that the military ballots may be delivered by hand to military voters who personally file an application with the board of elections of their county of residence. The military ballot shall be delivered to such military voter together with a ballot envelope and a second envelope addressed to the appropriate board of elections on which is printed "Official Election Balloting Material--Via Air Mail".

§ 10-109. Military voters; cancellation of registration.

1. Voters registered pursuant to this article shall be eligible to vote in every election in which military voters are eligible to vote which is held more than ten days after the date of the receipt of their applications for such registration.

2. If any ballot, application form or other mail sent to a military voter at his military address by the board of elections is returned by the post office as undeliverable, the board of elections shall ascertain whether the military voter is residing at the address given on his registration records as his permanent address. If he is residing at such address, the board shall not send him any further military ballots unless he applies for them in the regular way, giving a new military address. If such military voter is not residing at such permanent address, the board of elections shall send a confirmation notice to such military voter at his last military address pursuant to the provisions of section 5-712 of this chapter and shall place the registration of such voter in inactive status. However, if such a voter notifies the board of elections that he has moved to a new military address, the board shall restore the registration of such voter to active status in the manner prescribed by section 5-213 of this chapter.

3. The board of elections shall process and preserve the records of such registrations, including the original applications for such registrations, in the same manner and for the same period of time as the records of other voters registered under permanent personal registration.

VOTING BY MEMBERS OF ARMED FORCES 10-114

4. A military voter whose registration is cancelled pursuant to the provisions of section 5-400 of this chapter shall be eligible to reregister in the manner provided by this article.

5. Upon cancelling the registration of a military voter pursuant to the provisions of section 5-400 of this chapter, the board of elections shall forthwith notify such voter at his last military address and at his permanent residence address of the fact of the cancellation, the reason therefor, and of his right to reregister pursuant to this article.

§ 10-110. [Repealed].

§ 10-112. Military voter; voting.

1. The military voter shall mark the military ballot provided for in this article in the same manner as an absentee ballot. After marking the ballot, he shall fold such ballot and enclose it in the ballot envelope bearing the military voter's statement and seal the envelope. He shall then sign the statement, with the blanks properly filled in. The envelope containing the ballot shall then be inserted in the envelope addressed to the appropriate board of elections, which shall be mailed or otherwise delivered to such board of elections of his county of residence.

2. [Repealed]

§ 10-114. Military ballots; deadline for receipt, and delivery to polling place.

1. *[Expires and repealed Dec 31, 2008]* The board of elections shall cause all military ballots received by it before the close of the polls on election day and all ballots contained in envelopes showing a cancellation mark of the United States postal service or a foreign country's postal service, or showing a dated endorsement of receipt by another agency of the United States government or are signed and dated by the voter and one witness thereto, with a date which is ascertained to be not later than the day before election and received by such board of elections not later than seven days following the day of a primary or special election and not later than thirteen days following the day of a general election to be cast and counted.

Matter in *italics* is new; matter in brackets [-] is old law to be omitted.

2. The board of elections shall thereafter process such ballots in the manner provided in this chapter for processing absentee ballots.

§ 10-116. Military ballots; determination of candidates thereon.

The state board of elections and the county boards of elections shall determine, three days before the first day for distribution of military ballots, the names of all candidates duly nominated for public office and the amendments, referenda, propositions and questions to be voted for on such ballots. If at a later date the nomination of any candidate named on a military ballot is found invalid, the ballot shall still be valid, but no vote cast for any such candidate on such ballot shall be counted at the election. The failure of the county board of elections to include the name of any candidate or any amendment, referendum, proposition or question on the military ballot shall in no way affect the validity of the election with respect to the office for which the nomination was made or the validity of the military ballot as to any other matter.

§ 10-118. Military voting; costs of.

The cost of printing, mailing, return postage, and all other costs and expenses incurred in connection with the administration of this article (other than those of the state board of elections), shall be a county charge, and in the city of New York, shall be a city charge, and shall be appropriated and paid in the same manner as all other election costs.

§ 10-120. [Repealed].

§ 10-122. Military voter; absentee ballot, right to.

Any military voter may vote by absentee ballot rather than military ballot provided that he complies with the provisions of this chapter relating thereto.

VOTING BY MEMBERS OF ARMED FORCES 10-126

§ 10-124. Military voting; state board of elections; regulatory powers.

1. The state board of elections is hereby authorized to take such steps and do such things as, in its opinion, are necessary to make effective the provisions of any other legislation, in order to utilize fully any federal or other facilities in the distribution of military ballots. The state board of elections shall have power to adopt and promulgate orders or regulations adopting, with respect to the military voters of this state, the provisions of that legislation.

2. The state board of elections shall be responsible for providing information regarding voter registration procedures and absentee ballot procedures applicable to military and special federal voters wishing to register or vote in any jurisdiction of the state.

§ 10-126. Military voting; applicability of general provisions.

The general provisions of this chapter shall apply to this article, except as they are inconsistent herewith. The provisions of this article shall be liberally construed for the purpose of providing military voters the opportunity to vote. The state board of elections shall have power to adopt and promulgate regulations to effectuate the provisions of this article.

TITLE I

SPECIAL PRESIDENTIAL VOTERS

- Section 11-100. REPEALED.
- 11-102. Special presidential voters; change of residence; special qualifications.
- 11-104. Registration and application for special presidential ballot.
- 11-106. Processing of application by board of elections.
- 11-108. Special presidential voters lists.

- 11-112. Application of other provisions.

§ 11-100. [Repealed].

§ 11-102. Special presidential voters; change of residence; special qualifications.

Any person who shall change his residence from this state to another state or from one county or city of this state to another such county or city, after the thirtieth day next preceding any presidential election shall be entitled to vote for president and vice president of the United States in such election, provided, however, that such person may not vote for any candidate for any other office or any question to be voted for at such election, and provided further that

- a. Such person was duly qualified and registered to vote in this state immediately prior to such change of residence;
- b. Such person is neither qualified nor able to qualify to vote for such electors either in the state, or in the county or city of this state, or at the

residence within the county or city of this state to which such person has removed; and

c. Such person has applied for a special ballot for president and vice president, as provided by this article.

§ 11-104. Registration and application for special presidential ballot.

1. a. A person who, pursuant to the provisions of this title, is qualified to vote for president and vice president of the United States may apply to the board of elections of his county of residence next preceding the place of his current residence for a special ballot for president and vice president. Such applications must be mailed to such board of elections not later than the seventh day before the election or delivered to such board not later than the day of such election.

b. Insofar as the provisions of this chapter providing for voting in person or by absentee ballot do not conflict with any provision of this section, such provisions apply to a person authorized to vote under this article. In the case of any such conflict, the provision of this section shall prevail and such other provision of this chapter shall not apply.

2. a. A form of application for a special ballot under this section shall be furnished by the board of elections to the applicant who shall request such form within the time prescribed therefor. In addition, application forms shall be supplied to the applicant's spouse, parent or child, a person residing with the applicant as a member of his household, or the applicant's duly authorized agent.

b. The board of elections shall mail a special presidential ballot to every qualified voter otherwise eligible for such a ballot, who requests such a special presidential ballot from such board of elections in a letter, which is signed by the voter and received by the board of elections not earlier than the thirtieth day nor later than the seventh day before the election and which states the address where the voter is registered and the address to which the voter has moved and the date of such move. The board of elections shall enclose with such ballot a form of application for special presidential ballot.

c. The application shall be made and signed by the applicant at the places thereon provided for such purpose and he shall set forth therein all of the facts required to establish his qualifications to register and vote under this article.

d. The form for use under subdivision one of this section shall be of a distinctive color and in the form prescribed by the state board of elections.

§ 11-106. Processing of application by board of elections.

1. The application forms shall contain a detachable portion for the applicant's signature, which portion shall be gummed on the back for pasting in the list of special presidential voters, or, in lieu thereof, the board of elections may cause to be made, under its supervision, a photostatic copy of the applicant's signature as it appears on his application, and in such case a photostatic copy of the applicant's signature shall be pasted in the list of special presidential voters in its proper place.

2. Upon receipt of the application, the board of elections shall determine upon such inquiry as it deems proper whether the applicant has answered all the questions contained in the application and whether the applicant is legally qualified to receive and vote a special presidential ballot, and, if it finds he is not so qualified, shall reject the application and shall notify the applicant of such rejection and give the reason or reasons therefor. All investigations by the board of elections shall be concluded and all determinations made not later than the sixth day before election.

3. If the board of elections shall determine that the applicant making the application provided for in this section is qualified to receive and vote a special presidential ballot, it shall, as soon as practicable after it shall have so determined, mail to him at the residence address shown in his application, or deliver to him, or to any person designated by him in writing for such purpose, at the office of the board, such a special presidential ballot and an envelope therefor.

4. The board of elections shall keep a register of the persons who have made and signed applications for special presidential ballots and of the applicants who have been determined to be qualified. The board shall keep open to public inspection such register of applicants with their names, addresses and application dates and shall give to the chairman of each political party in the county a complete list of applicants for special presidential ballots, containing their names and places of residence, including the election district and ward, if any, and, in the city of New York and the county of Nassau, the assembly district.

5. The board of elections shall file each original application filed with it and shall maintain an alphabetical index thereof for a period of three years after the election.

§ 11-108. Special presidential voters lists.

Prior to each general election at which presidential electors are to be elected, each board of elections shall prepare for each election district within its jurisdiction a list containing the names, alphabetically arranged, and the addresses of all persons whom the board of elections has determined to be qualified as special presidential voters in such election district, which list shall contain a column headed "remarks". Such list shall be designated "List of Special Presidential Voters" and shall include a photostatic copy or duplicate of the signature of each person on such list. In those counties in which special presidential ballots are delivered to the boards of inspectors to be counted, such lists of special presidential voters shall be delivered to such boards of inspectors with the election supplies.

§ 11-110. Special presidential ballots; deadline for receipt.

1. To be counted, any ballot cast under the provisions of this article must be received by the appropriate board of elections not later than the close of the polls on election day except that all ballots contained in envelopes showing a cancellation mark of the United States postal service, or a foreign country's postal service with a date which is ascertained to be not later than the day before election, shall be cast and counted if received by the board of elections not later than seven days following the day of election.

2. Special presidential ballots received by the board of elections before the close of the polls on election day may be delivered to the inspectors of election in the manner prescribed by this chapter for absentee ballots or retained by the board of elections and cast and canvassed pursuant to the provisions of section 9-209 of this chapter as such board shall, in its discretion, determine by resolution adopted at least thirty days before election day. § 11-200. Special federal voters; qualifications.

1. Every citizen of the United States now residing outside the United States whose last domicile in the United States immediately prior to his departure from the United States was in the state of New York, shall be entitled to vote from such last domicile, as a special federal voter in all primary, special and general elections for the public offices or party positions of president and vice-president of the United States, United States senator, representative in

congress and delegates and alternate delegates to a national convention, provided such citizen, at the time of such departure from the United States, could have met all the present qualifications of this chapter to vote in federal elections from such last domicile, except the qualification with respect to minimum voting age, even though such citizen does not now maintain a place of abode or domicile in the state of New York, and provided further that such citizen does not maintain a place of abode or domicile, is not registered to vote and is not voting in any other election district, state, territory or possession of the United States and provided further that such citizen has a valid passport or card of identity and registration issued under the authority of the secretary of state of the United States.

1-a. Every citizen of the United States of voting age, residing outside of the United States, who has never resided within the United States, and who has one parent who qualifies as a special federal voter under subdivision one of this section, may register and vote as a special federal voter, from the qualifying parent's New York address, provided that person is otherwise qualified and eligible to vote.

2. Every person registered pursuant to this title shall continue to be eligible to vote in all elections in which special federal voters are eligible to vote except that in order to vote at a primary election of a party, a voter registered pursuant to this title must have been so registered and enrolled in such party before the previous general election; or, if such voter was not registered in New York state for the previous general election, such voter must so register and enroll in such party not later than twenty-five days before such primary; or, if such voter was registered in New York state for the last general election, such voter must have had the same party enrollment with such registration as such voter sets forth on his application for registration and enrollment as a special federal voter.

3. A special federal voter who moves from one address outside the United States to another address outside the United States shall not have to reregister unless his registration is cancelled pursuant to the provisions of section 5-400 of this chapter.

§ 11-202. Registration and enrollment of special federal voters and application for special federal ballot.

1. a. A person, who, pursuant to this title, is qualified to vote as a special federal voter may, by application received by the state board of

elections or any local board of elections on or before the twenty-fifth day next preceding any election in which such person would be entitled to vote or the last day of local registration for such election, whichever is later, apply to the board of elections of the county in which he resided in person or by personal application by mail for registration and enrollment as a special federal voter. An application for registration and enrollment pursuant to this article shall be treated as an application for a special federal ballot for every election in which the applicant would be eligible to vote which is held through and including the next two regularly scheduled general elections held in even numbered years, including any run-offs which may occur.

b. A person who, pursuant to the provisions of this title, is already registered as a special federal voter, may, by application received by the state board of elections or any local board of elections, apply to the board of elections of the county in which he is so registered in person or by mail for a special federal ballot. Such an application shall entitle such a voter to receive a ballot for every election in which such voter is entitled to vote which is held through and including the next two regularly scheduled general elections held in even numbered years, including any run-offs which may occur, provided, however, such application shall not apply to any election held on or before the seventh day after receipt of such application.

c. Insofar as the provisions of this chapter providing for permanent personal registration and enrollment, and enrollment by mail or special enrollment, and voting in person or by absentee ballot do not conflict with any provision of this title, such provisions shall apply to a person authorized to register and vote under this title; in the case of any such conflict, the provision of this title shall prevail and such other provision of this chapter shall not apply. For the purposes of this title, any person eligible pursuant to the provisions of this chapter to vote by absentee ballot shall be eligible for absentee registration and enrollment.

2. a. A form of application for registration and enrollment as a special federal voter and for a special federal ballot or a form of application for a special federal ballot by persons registered pursuant to this title shall be furnished by the board of elections to the applicant who shall request such form within the time limited therefor. The application shall be made and signed by the applicant at the places thereon provided for such purpose and such applicant shall set forth therein all of the facts required to establish his qualifications to register and vote under this title.

b. The forms for use under this section shall be of a distinctive color and substantially in the form prescribed by the state board of elections and shall elicit all the information which may be necessary to determine eligibility to register and vote pursuant to the provisions of this title.

§ 11-204. Processing of applications by board of elections.

1. The registration application forms shall contain detachable portions for the applicant's signature. Such portions shall be gummed on the back for pasting on the registration poll records and central file registration records. In lieu of such gummed portions the board of elections may cause to be made, under its supervision, photostatic copies of the applicant's signature as it appears on his application. In such case, photostatic copies of the applicant's signature shall be pasted in the proper places upon such registration poll records and central file registration records.

2. Upon receipt of an application, the board of elections shall determine upon such inquiry as it deems proper whether the applicant has answered all the questions contained in the application and whether the applicant is legally qualified to receive and vote a special federal ballot. If it finds he is not so qualified, the board shall reject the application and shall notify the applicant of such rejection and give the reason or reasons therefor. All investigations by the board of elections shall be concluded and all determinations made not later than the twentieth day before election.

3. If a federal post card application form is received from a person who is qualified to vote as a special federal voter but who has not previously registered pursuant to the provisions of this title, such federal post card application form shall be treated in all respects as an application for registration and enrollment and a special federal ballot pursuant to the provisions of this title. If such a federal post card application form is received from a person already registered as a special federal voter pursuant to the provisions of this title, such application shall be treated in all respects as an application for a special federal ballot pursuant to the provisions of this title.

4. If the board of elections shall determine that the applicant making the application provided for in this section is qualified to receive and vote a special federal ballot, it shall, as soon as practicable after it shall have so determined, or not later than thirty-two days before each general or primary election and twelve days before each special election in which such applicant is qualified to vote, or three days after receipt of such an application,

whichever is later, mail to him at the residence address outside the United States shown in his application, a special federal ballot and an envelope therefor. The board of elections shall also mail a special federal ballot to every qualified special federal voter who is already registered and who requests such special federal ballot from such board of elections in a letter, which is signed by the voter and received by the board of elections not later than the seventh day before the election for which the ballot is first requested and which states the address where the voter is registered and the address to which the ballot is to be mailed. The board of elections shall enclose with such ballot a form of application for special federal ballot.

5. The board of elections shall keep a list of the persons who have made and signed applications for special federal ballots and of the applicants who have been determined to be qualified. The board shall keep open to public inspection such list of applicants with their names, addresses, party enrollments, and application dates and shall give to the chairman of each political party in the county fifteen days before each election, a complete list of special federal voters eligible to vote in such election. Such list shall contain the names, party enrollments for a primary election and places of previous residence including the election district and ward, if any, and, in the city of New York and the county of Nassau, the assembly district of all such voters.

§ 11-206. Special federal voters; preparation of registration poll records and central file registration records.

1. The board of elections shall prepare a registration poll record and a central file registration record for each voter registered pursuant to this title or shall enter the name of each such voter into the computer files from which the computer generated registration list is prepared. Each such registration record shall be endorsed on both the front and rear with the endorsement "special federal voter". The records of special federal voters in such computer files shall be coded in a manner which distinguishes such voters from the other voters in such files.

2. [Repealed]

3. The central file registration records of special federal voters shall be maintained in a separate file at the appropriate office of the board of elections.

4. The registration poll records of special federal voters shall be filed, in alphabetical order, by election district. At each election at which the ballots

of special federal voters are delivered to the inspectors of election in each election district, the registration poll records of all special federal voters eligible to vote at such election shall be delivered to such inspectors of election together with the other registration poll records or the names of such voters shall be included on the computer generated registration list. Such records shall be delivered either in a separate poll ledger or a separate, clearly marked section, of the main poll ledger or in a separate, clearly marked, section of the computer generated registration list as the board of elections shall determine.

§ 11-208. Special federal voters; cancellation of registration.

1. Voters registered pursuant to this title shall be eligible to vote in every election in which special federal voters are eligible to vote which is held on or after the thirtieth day after receipt of their applications for such registration.

2. If any ballot, application form or other mail sent to a special federal voter at his address outside the United States by such board is returned by the post office as undeliverable, the board of elections shall send a confirmation notice to such special federal voter at such address pursuant to the provisions of section 5-712 of this chapter and shall place the registration of such voter in inactive status. If the board of elections subsequently receives notice of a new address outside the United States for such voter, or notice that the voter is still at the same address outside the United States, the board shall restore the registration of such voter to active status in the manner prescribed by section 5-213 of this chapter.

3. The board of elections shall process and preserve the records of such registrations, including the original applications for such registrations, in the same manner and for the same period of time as the records of other voters registered under permanent personal registration.

4. A special federal voter whose registration is cancelled pursuant to the provisions of section 5-400 of this chapter shall be eligible to reregister in the manner provided by this title.

5. Upon cancelling the registration of a special federal voter pursuant to the provisions of section 5-400 of this chapter, the board of elections shall forthwith notify such voter at his last address outside the United States of the fact of the cancellation, the reason therefor, and of his right to reregister pursuant to this title.

§ 11-210. Special federal voters; distribution of applications for ballots.

1. Not earlier than sixty or later than forty days before each general or primary election in which special federal voters are eligible to vote, the board of elections shall mail to each voter who is eligible to vote in such election and who was registered pursuant to this title for the previous election at which such voters were eligible to vote, the application for a special federal ballot provided for by this title; provided, however, the board of elections shall not send such an application to any person who has applied for a ballot and who is entitled to receive a ballot for such election.

2. If a special election for representative in congress is called by proclamation of the governor, such an application shall be mailed to each voter registered pursuant to this title, who is eligible to vote in such special election, not later than three days after the issuance of the proclamation for such special election; provided, however, the board of elections shall not send such an application to any person who has applied for a ballot and who is entitled to receive a ballot for such election.

§ 11-212. Special federal ballots; deadline for receipt, and delivery to polling place.

All special federal ballots received by the board of elections before the close of the polls on election day may be delivered to the inspectors of the election districts in which the voters are registered, in the manner prescribed by this chapter for absentee ballots, or retained by the board of elections and cast and canvassed pursuant to section 9-209 of this chapter as the board of elections, in its discretion, shall determine by resolution adopted at least thirty days before election day. All ballots contained in envelopes showing a cancellation mark of the United States postal service or a foreign country's postal service, or showing a dated endorsement of receipt by another agency of the United States government, with a date which is ascertained to be not later than the day before election, shall be cast and counted if received by the board of elections not later than seven days following the day of election except that the special federal ballot of a voter who requested such ballot by letter, rather than application, shall not be counted unless a valid application form, signed by such voter, is received by the board of elections with such ballot. All ballots received by the board of elections between election day and the seventh day

after election day and all federal write-in ballots received from special federal voters, shall be retained at the board and shall be cast and canvassed in the same manner as other ballots retained by such board.

§ 11-214. Use of airmail.

All ballots, applications, notices or other mail sent, pursuant to the provisions of this title, to addresses outside the United States, Canada or Mexico, shall be sent by airmail.

§ 11-216. Forwarding of applications and ballots.

If the state board of elections receives any applications, requests for applications or ballots from persons who are or may be eligible to vote pursuant to this title, it shall forthwith forward such applications or ballots to the board of elections in whose jurisdiction such persons are or may be so eligible.

2. If a board of elections receives any applications, requests for applications or ballots from persons who are or may be eligible to vote, pursuant to this title, from an address in the jurisdiction of another board of elections, the board receiving such applications or ballots shall forthwith mail them by first class mail to the board of elections in whose jurisdiction such persons are or may be so eligible.

(C) the travel expenses of any individual who on his own behalf volunteers his personal services to any candidate or political committee to the extent such expenses are unreimbursed and do not exceed five hundred dollars in value.

10. “transfer” means any exchange of funds or any thing of value between political committees authorized by the same candidate and taking part solely in his campaign, or any exchange of funds between a party or constituted committee and a candidate or any of his authorized political committees.

11. “election” means all general, special and primary elections, but shall not include elections provided for pursuant to the education law, special district elections, fire district elections or library district elections.

§ 14-102. Statements of campaign receipts, contributions, transfers and expenditures to and by political committees.

1. The treasurer of every political committee which, or any officer, member or agent of any such committee who, in connection with any election, receives or expends any money or other valuable thing or incurs any liability to pay money or its equivalent shall file statements sworn, or subscribed and bearing a form notice that false statements made therein are punishable as a class A misdemeanor pursuant to section 210.45 of the penal law, at the times prescribed by this article setting forth all the receipts, contributions to and the expenditures by and liabilities of the committee, and of its officers, members and agents in its behalf. Such statements shall include the dollar amount of any receipt, contribution or transfer, or the fair market value of any receipt, contribution or transfer, which is other than of money, the name and address of the transferor, contributor or person from whom received, and if the transferor, contributor or person is a political committee; the name of and the political unit represented by the committee, the date of its receipt, the dollar amount of every expenditure, the name and address of the person to whom it was made or the name of and the political unit represented by the committee to which it was made and the date thereof, and shall state clearly the purpose of such expenditure. Any statement reporting a loan shall have attached to it a copy of the evidence of indebtedness. Expenditures in sums under fifty dollars need not be specifically accounted for by separate items in said statements, and receipts and contributions aggregating not more than ninety-nine dollars, from any one contributor need not be specifically accounted for by separate items in said statements, provided however, that such expenditures, receipts and contributions shall be subject to the other provisions of section 14-118 of this article.

CAMPAIGN RECEIPTS AND EXPENDITURES 14-102

2. Notwithstanding the provisions of subdivision one hereof, if the expenditures made and liabilities incurred in any calendar year by any political committee for the purpose of aiding or promoting the success or defeat of one or more ballot proposals are less than five thousand dollars and less than fifty percent of all the expenditures made and liabilities incurred by such committee in such year, then such committee shall be required to report only those contributions which are made to such committee exclusively for the purpose of aiding or promoting the success or defeat of such proposal or proposals, but such committee shall be required to report all expenditures made and liabilities incurred for such purposes. Nothing contained in this subdivision shall be construed to relieve any political committee aiding or promoting the success or defeat of a candidate from any of the reporting requirements imposed by this article.

3. The state board of elections shall promulgate regulations with respect to the accounting methods to be applied in preparing the statements required by the provisions of this article and shall provide forms suitable for such statements.

4. Any committee which is required to file statements with any board of elections pursuant to this article and which raises or spends or expects to raise or spend more than one thousand dollars in any calendar year shall file all such statements pursuant to the electronic reporting system prescribed by the state board of elections as set forth in subdivision nine-A of section 3-102 of this chapter. Notwithstanding the provisions of this subdivision, upon the filing of a sworn statement by the treasurer of a political committee which states that such political committee does not have access to the technology necessary to comply with the electronic filing requirements of subdivision nine-A of section 3-102 of this chapter and that filing by such means would constitute a substantial hardship for such political committee, the state board of elections may issue an exemption from the electronic filing requirements of this article.

5. Any committee which is required to file statements pursuant to this article with county boards of elections shall file in paper format to the county board of elections or in electronic format if the legislative body of any county provides, by local law, an electronic filing system and shall file such statements by electronic reporting process to the state board of elections.

§ 14-104. Statements of campaign receipts, contributions, transfers and expenditures by and to candidates.

1. Any candidate for election to public office, or for nomination for public office at a contested primary election or convention, or for election to a party position at a primary election, shall file statements sworn, or subscribed and bearing a form notice that false statements made therein are punishable as a class A misdemeanor pursuant to section 210.45 of the penal law, at the times prescribed by this article setting forth the particulars specified by section 14-102 of this article, as to all moneys or other valuable things, paid, given, expended or promised by him to aid his own nomination or election, or to promote the success or defeat of a political party, or to aid or influence the nomination or election or the defeat of any other candidate to be voted for at the election or primary election or at a convention, including contributions to political committees, officers, members or agents thereof, and transfers, receipts and contributions to him to be used for any of the purposes above specified, or in lieu thereof, any such candidate may file such a sworn statement at the first filing period, on a form prescribed by the state board of elections that such candidate has made no such expenditures and does not intend to make any such expenditures, except through a political committee authorized by such candidate pursuant to this article. A committee authorized by such a candidate may fulfill all of the filing requirements of this act on behalf of such candidate.

2. Statements filed by any political committee authorized by a candidate pursuant to this article which is required to file such statements with any board of elections and which raises or spends or expects to raise or spend more than one thousand dollars in any calendar year shall file all such statements pursuant to the electronic reporting system prescribed by the state board of elections as set forth in subdivision nine-A of section 3-102 of this chapter. Notwithstanding the provisions of this subdivision, upon the filing of a sworn statement by the treasurer of a political committee authorized by a candidate pursuant to this article which states that such committee does not have access to the technology necessary to comply with the electronic filing requirements of subdivision nine-A of section 3-102 of this chapter and that filing by such means would constitute a substantial hardship for such committee, the state board of elections may issue an exemption from the electronic filing requirements of this article.

CAMPAIGN RECEIPTS AND EXPENDITURES 14-108

3. Any committee which is required to file statements pursuant to this article with county boards of elections shall file in paper format to the county board of elections or in electronic format if the legislative body of any county provides, by local law, an electronic filing system and shall file such statements by electronic reporting process to the state board of elections.

§ 14-106. Political advertisements and literature.

The statements required to be filed under the provisions of this article next succeeding a primary, general or special election shall be accompanied by a facsimile or copy of all advertisements, pamphlets, circulars, flyers, brochures, letterheads and other printed matter purchased or produced and a schedule of all radio or television time, and scripts used therein, purchased in connection with such election by or under the authority of the person filing the statement or the committee or the person on whose behalf it is filed, as the case may be. Such facsimiles, copies, schedules and scripts shall be preserved by the officer with whom or the board with which it is required to be filed for a period of one year from the date of filing thereof.

§ 14-108. Time for filing statements.

1. The statements required by this article shall be filed at such times as the state board of elections, by rule or regulation, shall specify; provided, however, that in no event shall the board provide for fewer than three filings in the aggregate in connection with any primary, general or special election, or in connection with a question to be voted on and two of said filings shall be before any such election, including one such filing not less than thirty days nor more than forty-five days prior to such election and one such filing not less than eleven days nor more than fifteen days prior to such election. In addition, the board shall provide that every political committee which has filed a statement of treasurer and depository shall make at least one filing every six months between the time such statement of treasurer and depository is filed and the time such committee goes out of business. If any candidate or committee shall be required by the provisions of this section, or by rule or regulation hereunder, to effect two filings within a period of five days, the state board of elections may, by rule or regulation, waive the requirement of filing the earlier of such statements. If a statement filed by a candidate or committee after the election to which it pertains is not a final statement showing

satisfaction of all liabilities and disposition of all assets, such candidate or committee shall file such additional statements as the board shall, by rule or regulation provide until such a final statement is filed.

2. Each statement shall cover the period up to and including the fourth day next preceding the day specified for the filing thereof; provided, however, that any contribution or loan in excess of one thousand dollars, if received after the close of the period to be covered in the last statement filed before any primary, general or special election but before such election, shall be reported, in the same manner as other contributions, within twenty-four hours after receipt.

3. Each statement shall be preserved by the officer with whom or the board with which it is required to be filed for a period of five years from the date of filing thereof.

4. Each statement shall constitute a part of the public records of such officer or board and shall be open to public inspection.

5. The state board of elections or other board of elections, as the case may be, shall not later than ten days after the last day to file any such statement notify each person required to file any such statement which has not been received by such board by such tenth day in accordance with this article of such person's failure to file such statement timely. Such notice shall be in writing and mailed to the last known residence or business address of such person by certified mail, return receipt requested. Failure to file within five days of receipt of such notice shall constitute prima facie evidence of a willful failure to file. If the person required to file such statement is a treasurer who has stated that the committee has been authorized by one or more candidates, a copy of such notice shall be sent to each such candidate by first class mail. A copy of any such notice sent by a board of elections other than the state board of elections shall be sent by such other board to the state board.

6. A statement shall be deemed properly filed when deposited in an established post-office within the prescribed time, duly stamped, certified and directed to the officer with whom or to the board with which the statement is required to be filed, but in the event it is not received, a duplicate of such statement shall be promptly filed upon notice by such officer or such board of its non-receipt.

7. On the twentieth day following the date by which such statements were required to be filed, the state board of elections shall prepare and make

CAMPAIGN RECEIPTS AND EXPENDITURES 14-114

available for public inspection and distribution a list of those persons and committees from whom it has not yet received such statement.

§ 14-110. Place for filing statements.

The places for filing the statements required by this article shall be determined by rule or regulation of the state board of elections; provided, however, that the statements of a candidate for election to the office of governor, lieutenant governor, attorney general, comptroller, member of the legislature, delegate to a constitutional convention, justice of the supreme court or for nomination for any such office at a primary election and of any committee aiding or taking part in the designation, nomination, election or defeat of candidates for one or more of such offices or promoting the success or defeat of a question to be voted on by the voters of the entire state shall be filed with the state board of elections and in such other places as the state board of elections may, by rule or regulation provide.

§ 14-112. Political committee authorization statement.

Any political committee aiding or taking part in the election or nomination of any candidate, other than by making contributions, shall file, in the office in which the statements of such committee are to be filed pursuant to this article, either a sworn verified statement by the treasurer of such committee that the candidate has authorized the political committee to aid or take part in his election or that the candidate has not authorized the committee to aid or take part in his election.

§ 14-114. Contribution and receipt limitations.

1. The following limitations apply to all contributions to candidates for election to any public office or for nomination for any such office, or for election to any party positions, and to all contributions to political committees working directly or indirectly with any candidate to aid or participate in such candidate's nomination or election, other than any contributions to any party committee or constituted committee:

a. in the aggregate amount greater than: (i) in the case of any nomination to public office, the product of the total number of enrolled voters in the candidate's party in the state, excluding voters in inactive status, multiplied by \$.005, but such amount shall be not less than four thousand dollars nor more than twelve thousand dollars as increased or decreased by the cost of living adjustment described in paragraph c of this subdivision, and (ii) in the case of any election to a public office, twenty-five thousand dollars as increased or decreased by the cost of living adjustment described in paragraph c of this subdivision; provided however, that the maximum amount which may be so contributed or accepted, in the aggregate, from any candidate's child, parent, grandparent, brother and sister, and the spouse of any such persons, shall not exceed in the case of any nomination to public office an amount equivalent to the product of the number of enrolled voters in the candidate's party in the state, excluding voters in inactive status, multiplied by \$.025, and in the case of any election for a public office, an amount equivalent to the product of the number of registered voters in the state excluding voters in inactive status, multiplied by \$.025.

b. In any other election for party position or for election to a public office or for nomination for any such office, no contributor may make a contribution to any candidate or political committee and no candidate or political committee may accept any contribution from any contributor, which is in the aggregate amount greater than: (i) in the case of any election for party position, or for nomination to public office, the product of the total number of enrolled voters in the candidate's party in the district in which he is a candidate, excluding voters in inactive status, multiplied by \$.05, and (ii) in the case of any election for a public office, the product of the total number of registered voters in the district, excluding voters in inactive status, multiplied by \$.05, however in the case of a nomination within the city of New York for the office of mayor, public advocate or comptroller, such amount shall be not less than four thousand dollars nor more than twelve thousand dollars as increased or decreased by the cost of living adjustment described in paragraph c of this subdivision; in the case of an election within the city of New York for the office of mayor, public advocate or comptroller, twenty-five thousand dollars as increased or decreased by the cost of living adjustment described in paragraph c of this subdivision; in the case of a nomination for state senator, four thousand dollars as increased or decreased by the cost of living adjustment described in paragraph c of this subdivision; in the case of an election for state

c. At the beginning of each fourth calendar year, commencing in nineteen hundred ninety-five, the state board shall determine the percentage of the difference between the most recent available monthly consumer price index for all urban consumers published by the United States bureau of labor statistics and such consumer price index published for the same month four years previously. The amount of each contribution limit fixed in this subdivision shall be adjusted by the amount of such percentage difference to the closest one hundred dollars by the state board which, not later than the first day of February in each such year, shall issue a regulation publishing the amount of each such contribution limit. Each contribution limit as so adjusted shall be the contribution limit in effect for any election held before the next such adjustment.

2. For purposes of this section, contributions other than of money shall be evaluated at their fair market value. The state board of elections shall promulgate regulations, consistent with law, governing the manner of computing fair market value.

3. As used in this section the term “contributor” shall not include a party committee supporting the candidate of such party or a constituted committee supporting the candidate of such party.

4. For purposes of this section, a portion of every contribution to a party committee, expended as other than non-candidate expenditures, and a portion of every contribution to a political committee authorized to support more than one candidate, shall be deemed contributed to every candidate supported by such committee. That portion shall be determined by allocating the contributions received by the committee among all the candidates supported by the committee in accordance with any formula based upon reasonable standards established by the committee. The statements filed by such committee in accordance with this article shall set forth, in addition to the other information required to be set forth, the total amount received by the committee from each contributor on behalf of all such candidates and the amount of each such contribution allocated to each candidate by dollar amount and percentage. Nothing in this subdivision shall require allocating contributions expended on non-candidate expenditures to candidates.

5. No constituted committee may expend, in any twelve month period terminating on the day of a general election, other than as non-candidate expenditures, any portion of any individual contribution which exceeds, in the case of a state committee, one-half of one cent for each registered voter in the state, or, in the case of any other constituted committee, the greater of one cent for each registered voter in the district in which the committee is organized or five hundred dollars. The number of such voters shall be determined as of the date of such general election or as of the date of the general election in whichever of the preceding four years shall result in the greatest number.

6. a. A loan made to a candidate or political committee, other than a constituted committee, by any person, firm, association or corporation other than in the regular course of the lender’s business shall be deemed, to the extent not repaid by the date of the primary, general or special election, as the case may be, a contribution by such person, firm, association or corporation.

b. 7. For the purposes of this section, the number of registered or enrolled voters shall be determined as of the date of the general, special or primary election, as the case may be or as of the date of the general election in any of the preceding four years, whichever date shall result in the greatest number and candidates running jointly for the offices of governor and lieutenant governor in a general or special election shall be deemed to be one candidate.

8. Except as may otherwise be provided for a candidate and his family, no person may contribute, loan or guarantee in excess of one hundred fifty thousand dollars within the state in connection with the nomination or election of persons to state and local public offices and party positions within the state of New York in any one calendar year. For the purposes of this subdivision "loan" or "guarantee" shall mean a loan or guarantee which is not repaid or discharged in the calendar year in which it is made.

9. [Repealed]

10. (a) No contributor may make a contribution to a party or constituted committee and no such committee may accept a contribution from any contributor which, in the aggregate, is greater than sixty-two thousand five hundred dollars per annum.

b. At the beginning of each fourth calendar year, commencing in nineteen hundred ninety-five, the state board shall determine the percentage of the difference between the most recent available monthly consumer price index for all urban consumers published by the United States bureau of labor statistics and such consumer price index published for the same month four years previously. The amount of such contribution limit fixed in paragraph a of this subdivision shall be adjusted by the amount of such percentage difference to the closest one hundred dollars by the state board which, not later than the first day of February in each such year, shall issue a regulation publishing the amount of such contribution limit. Such contribution limit as so adjusted shall be the contribution limit in effect for any election held before the next such adjustment.

§ 14-116. Political contributions by certain organizations.

1. No corporation or joint-stock association doing business in this state, except a corporation or association organized or maintained for political

purposes only, shall directly or indirectly pay or use or offer, consent or agree to pay or use any money or property for or in aid of any political party, committee or organization, or for, or in aid of, any corporation, joint-stock or other association organized or maintained for political purposes, or for, or in aid of, any candidate for political office or for nomination for such office, or for any political purpose whatever, or for the reimbursement or indemnification of any person for moneys or property so used. Any officer, director, stock-holder, attorney or agent of any corporation or joint-stock association which violates any of the provisions of this section, who participates in, aids, abets or advises or consents to any such violations, and any person who solicits or knowingly receives any money or property in violation of this section, shall be guilty of a misdemeanor.

2. Notwithstanding the provisions of subdivision one of this section, any corporation or an organization financially supported in whole or in part, by such corporation may make expenditures, including contributions, not otherwise prohibited by law, for political purposes, in an amount not to exceed five thousand dollars in the aggregate in any calendar year; provided that no public utility shall use revenues received from the rendition of public service within the state for contributions for political purposes unless such cost is charged to the shareholders of such a public service corporation.

§ 14-118. Treasurer and depository of political committee; filing of name and address.

1. Every political committee shall have a treasurer and a depository, and shall cause the treasurer to keep detailed, bound accounts of all receipts, transfers, loans, liabilities, contributions and expenditures, made by the committee or any of its officers, members or agents acting under its authority or in its behalf. All such accounts shall be retained by a treasurer for a period of five years from the date of the filing of the final statement with respect to the election, primary election or convention to which they pertain. No officer, member or agent of any political committee shall receive any receipt, transfer or contribution, or make any expenditure or incur any liability until the committee shall have chosen a treasurer and depository and filed their names in accordance with this subdivision. There shall be filed in the office in which the committee is required to file its statements under section 14-110 of this article, within five days after the choice of a treasurer and depository, a statement giving the name and address of the treasurer chosen, the name and

CAMPAIGN RECEIPTS AND EXPENDITURES 14-118

address of any person authorized to sign checks by such treasurer, the name and address of the depository chosen and the candidate or candidates or ballot proposal or proposals the success or defeat of which the committee is to aid or take part; provided, however, that such statement shall not be required of a constituted committee and provided further that a political committee which makes no expenditures, to aid or take part in the election or defeat of a candidate, other than in the form of contributions, shall not be required to list the candidates being supported or opposed by such committee. Such statement shall be signed by the treasurer and all other persons authorized to sign checks. Any change in the information required in any statement shall be reported, in an amended statement filed in the same manner and in the same office as an original statement filed under this section, within two days after it occurs. Only a banking organization authorized to do business in this state may be designated a depository hereunder.

2. No candidate, political committee, or agent thereof may receive from any one person an aggregate amount greater than one hundred dollars except in the form of a check, draft or other instrument payable to the candidate, political committee or treasurer and signed or endorsed by the donor; except that such a candidate, political committee or agent may receive contributions in amounts greater than one hundred dollars which are made by credit card, provided that such candidate, political committee or agent preserves, together with the other accounts which such candidate, committee or agent is required to preserve pursuant to the provisions of this article, a copy of the document which was submitted to secure payment of the funds so contributed. All such checks, drafts or other instruments shall be deposited in the account of the candidate or committee in the designated depository. No candidate or political committee shall expend an amount in excess of one hundred dollars except by check drawn on the depository and signed by the candidate or person authorized to sign checks by him or in the case of a political committee, the treasurer or a person authorized to sign checks by him.

3. Every candidate who receives or expends any money or other valuable thing or incurs any liability to pay money or its equivalent shall keep and retain detailed, bound accounts as provided in subdivision a [1] of this section.

§ 14-120. Campaign contribution to be under true name of contributor.

1. No person shall in any name except his own, directly or indirectly, make a payment or a promise of payment to a candidate or political committee or to any officer or member thereof, or to any person acting under its authority or in its behalf or on behalf of any candidate, nor shall any such committee or any such person or candidate knowingly receive a payment or promise of payment, or enter or cause the same to be entered in the accounts or records of such committee, in any name other than that of the person or persons by whom it is made.

2. Notwithstanding subdivision one of this section, a partnership, as defined in section ten of the partnership law, may be considered a separate entity for the purposes of this section, and as such may make contributions in the name of said partnership without attributing such contributions to the individual members of the partnership provided that any such contribution made by a partnership to a candidate or to a political committee, shall not exceed, twenty-five hundred dollars. In the event that such partnership contribution to any such candidate or political committee exceeds twenty-five hundred dollars, the aggregate amount of such contribution shall be attributed to each partner whose share of the contribution exceeds ninety-nine dollars.

If such election is held on a date other than the date of the general election, only those persons registered to vote with the board of elections on the tenth day before such election shall be eligible to vote.

2. In any other village election, those persons registered to vote with the board of elections on the tenth day before such election and those persons whose names are placed on the village register pursuant to the provisions of subdivision seven of this section shall be eligible to vote.

3. The board of trustees of a village may adopt a resolution providing that there shall not be any village registration day for village elections. Such resolution shall be effective for all elections in such village which are held more than sixty days after such resolution is adopted and shall remain in effect until the board of trustees adopts a resolution providing that there shall be a village registration day for village elections held more than sixty days after adoption of such a resolution.

4. In villages in which there is a village registration day, the board of trustees shall post in each election district and publish a resolution at least ten

days prior to registration day which resolution shall be adopted at least twenty days before registration day which shall designate:

(a) The dates prior to registration day on which the inspectors of election shall meet to commence the preparation of the register.

(b) The place in each district where such meetings, registration and election shall be held.

(c) The hours for such meetings, registration and election; but in no event shall the hours for registration be less than the hours from noon until five o'clock in the afternoon.

5. Registration day shall be held on the tenth day prior to the general village election except in those villages which provide, by resolution adopted at least thirty-seven days prior to the date of the first election for which it shall be effective, for an additional day of registration to be held on the twelfth day prior to the general village election. Such resolution shall remain in effect for subsequent general village elections unless amended, modified or repealed.

6. The board of trustees of any village, by resolution or ordinance, subject to permissive referendum, may determine that personal registration shall be required for village elections.

7. (a) The register for the general village election shall be prepared in each village election district by the inspectors of election thereof at the times and place designated by the resolution of the board of trustees. Such register must be completed not later than the fourth day before the village election. In preparing such register the inspectors of election shall comply with the following procedure.

(b) In all villages wherein personal registration is not required, they shall adopt, use or copy from, the registration lists certified and supplied by the county board of elections the names appearing thereon of all persons, residing in the village and qualified to vote at such forth-coming general village election. In addition, if there is a village registration day in the village, they shall add thereto the names of all persons known to them who then are or who will at the time of such election be qualified to vote and the names of all persons proven to their satisfaction on the registration day to be then, or at the time of such election, qualified to vote.

(c) In villages wherein personal registration is required, they shall follow the same procedure set forth in paragraph (b) above, except that no names shall be added to the register other than the names of persons personally

appearing before them on the registration day, if any, and proving to their satisfaction to be then, or at the time of the election, qualified to vote.

(d) The register for each village election district shall include, as a minimum, space for the name of the voter, his address within the village and a space for his or her signature to be signed by the voter on election day. In villages wherein personal registration is required, such register shall also contain a space for the signature of the voter to be signed by such voter on registration day. The village clerk shall furnish a printed certificate to be signed by a voter who appears personally before the inspectors of election on registration day. Such certificate shall contain a statement that the person possesses all the necessary qualifications for voting in village elections. Such certificate shall be accepted for all purposes as the equivalent of an affidavit and if it contains a material false statement, shall subject the person signing it to the same penalties as if he had been duly sworn, and such provision shall be printed in bold type directly above the signature line of the certificate.

8. The village clerk shall furnish the inspectors of election, at village expense, with all necessary registration books, papers, equipment and supplies. The village clerk shall also deliver to the inspectors a list of all persons who have applied for absentee ballots for the election for which the registration meeting is being held.

9. Registration for special village elections for officers shall be held in the same manner as is provided herein for general village elections and the registration day therefor shall be the same as if said special village election were a general village election.

10. The board of trustees of any village, if it determines that more than one-half of the voters qualified to vote at a forthcoming village election for village officers were personally registered at the last preceding general election other than a village election for officers and that taking the registration for such forthcoming election will be accomplished more efficiently and economically thereby, may, in the resolution required by subdivision seven of this section, provide that for such election a single place and a single board of elections shall be used for taking the registration of two or more village election districts. If such action is taken the board of trustees shall, in the same resolution, appoint a single board of inspectors of election to conduct such registration for each such two or more village election districts.

§ 15-120. Absentee voting at village elections.

1. A qualified elector of a village may vote as an absentee voter under this section if during all the hours of voting on the day of a general or special village election he will be:

(a) Unavoidably absent from the county in which his residence is located because:

i. he is a member of the armed forces of the United States of America;

or

ii. he is a student matriculated at an institution of learning located outside such county; or

iii. he is a patient at a veterans administration hospital; or

iv. his duties, occupation or business require him to be so absent, provided, however, such absence is not caused by the fact that his regular and daily place of business is located outside of said county.

(b) Absent from the county in which his residence is located because he is on vacation outside said county.

(c) He is the spouse, parent or child of, and resides in the same household with, a person qualified under any of the foregoing paragraphs of this subdivision and will also be absent from said county by reason of accompanying the person so qualified.

2. Each person entitled to vote as an absentee voter pursuant to this section and desirous of obtaining an absentee ballot shall make written application therefor to the village clerk. Application forms for use pursuant to this section shall be in a form prescribed by the state board of elections. The use of any application which is on a form prescribed by the state board of elections shall be acceptable.

3. An application for an absentee ballot must be signed by the applicant. Such application may require that the applicant submit a certificate in lieu of any affidavit which shall state that the information contained in the application is true. Such certificate shall be accepted for all purposes as the equivalent of an affidavit and shall have the following language printed in bold face type above the signature line:

“I UNDERSTAND THAT THIS CERTIFICATE WILL BE ACCEPTED FOR ALL PURPOSES AS THE EQUIVALENT OF AN AFFIDAVIT AND, IF IT CONTAINS A MATERIAL FALSE STATEMENT, SHALL SUBJECT ME TO THE SAME PENALTIES AS IF I HAD BEEN DULY SWORN.”

4. An application must be received by the village clerk no earlier than four months before the election for which an absentee ballot is sought. If the application requests that the absentee ballot be mailed, such application must be received not later than seven days before the election. If the applicant or his agent delivers the application to the village clerk in person, such application must be received not later than the day before the election. The village clerk shall examine each application and shall determine from the information contained therein whether the applicant is qualified under this section to receive an absentee ballot. The clerk in making such decision shall not determine whether the applicant is a qualified elector, said determination being reserved to the inspectors of election as is hereinafter provided in subdivision eight of this section.

5. No later than six days before the election for which an application has been received and for which the village clerk has determined the applicant to be qualified to vote by absentee ballot the village clerk shall mail, by regular mail, an absentee ballot to each qualified applicant who has applied before such day and who has requested that such absentee ballot be mailed to him at the address set forth in his application. If the applicant or his agent delivers the application to the village clerk in person after the seventh day before the village election and not later than the day before the election, the village clerk shall forthwith deliver such absentee ballots for those applicants whom he determines are qualified to make such applications and to receive such ballots to such applicants or the agents named in the applications when such applicants or agents appear in the village clerk's office.

6. The absentee ballot shall be caused to be prepared and printed by the village clerk as provided by law for paper ballots or machine ballots, whichever are to be used in said election and appropriate modifications for the purposes of this section. He shall also cause to be prepared and printed return envelopes addressed to him, conforming so far as may be practicable to the provisions of this chapter stating thereon that in order for the ballot contained therein to be counted it must be received by the village clerk not later than the close of the polls on election day. On the reverse side of each return envelope there shall be written instructions for the voter to insert at designated places his signature, his name printed, his residence address within the village and his village election district if there be more than one district within the village.

7. The method of marking, preparing and mailing such ballot for voting shall conform, wherever practicable, to the methods used for absentee

ballots for a general election, except that the envelope in which it is contained shall be returned to the village clerk. On the day of the election, the village clerk shall deliver all such ballots, which have been returned to him, in the sealed envelopes to the board of inspectors of election of the proper election district. No such ballot shall be deemed to have been voted unless or until it shall have been delivered to the board of inspectors of election of the election district in which the elector casting the ballot resides and shall have been deposited by the chairman of such board in the box provided for receiving such ballot.

8. When such ballots shall have been delivered to the board of inspectors of election of the proper election district and shall have been duly determined by such board to have been lawfully cast by a qualified elector of such district, the chairman of such board shall, after the close of the polls, open the envelopes containing such ballots and, without unfolding such ballots or permitting the face thereof to be exposed to the view of anyone, shall deposit each such ballot in a box specifically furnished for such purpose by the village clerk. If the board of inspectors shall determine that any such ballot has been cast by an elector who would not be qualified under the provisions of this section, then such ballot shall not be counted.

9. After all the ballots shall have been deposited, the box shall be opened and such ballots canvassed in the same manner as other ballots cast at such election and shall be counted and included in the total of all ballots cast at such election.

§ 15-122. Absentee voting at village elections for persons unable to appear because of illness or physical disability.

1. A qualified elector of a village, who, on the occurrence of any general or special village election, may be within the county of his residence but unable to appear personally at the polling place in the village of his residence because of illness, physical disability or confinement either at home or in a hospital or institution, other than a mental institution may vote as an absentee voter under this section.

2. Any elector of a village to whom this section may apply shall make application to the village clerk for an absentee ballot. Such application shall set forth the name and village address of the applicant, that he is a qualified voter of the village or election district if any, and that he was advised by his physician, medical superintendent, administrative head of hospital or

institution, or Christian Science Practitioner that he will be unable to appear personally at the polling place within the village because of the reasons set forth in subdivision one. Such statement shall be accepted for all purposes as the equivalent of an affidavit, and if false shall subject the applicant to the same penalties as if he had been duly sworn. Such provision shall be printed in bold type directly above the signature line of the application.

3. Such statement, if made by an elector who resides in a village in which personal registration is required shall state that the applicant has registered, giving the date of such registration and his election district if any. If made by an elector who resides in a village in which personal registration is not required, it shall state that he has nevertheless registered; or that he has registered for the last preceding general election; or that he has voted in either or both of the two preceding general elections.

4. Any elector who is duly registered and who is permanently disabled may make application to the village clerk for a form which such clerk shall supply for the purpose of providing for the mailing of absentee ballots to permanently disabled voters. Such form shall contain an affidavit to be executed by the elector showing the particulars of his disability. Upon the filing of such application the inspectors of election shall investigate the facts stated therein and if satisfied as to the truth thereof may approve such application and in such event shall cause the registration record of the voter, if any, to be marked "PERMANENTLY DISABLED". The inspectors shall also cause to be marked "PERMANENTLY DISABLED", the registration poll records of those voters who are indicated as permanently disabled on the list of registered voters received from the board of elections. Thereafter, the village clerk shall send an absentee voter's ballot for each election to such elector by first class mail to his last known address with a request to the postal authorities not to forward such ballot but to return it in five days in the event that it cannot be delivered to the addressee. The mailing of such ballot or ballots for each election shall continue as long as the elector remains a qualified voter of the village and unless it appears that such person has failed to return such ballot for the last two successive general village elections. Upon the mailing of such ballot or ballots, the village clerk shall cause the fact and the date of such mailing to be recorded next to the name of the voter in the register of the village or appropriate election district. If the inspectors of election shall determine that such elector is not entitled to an absentee voter's ballot, or if they shall determine that such elector is no longer entitled to receive such

VILLAGE ELECTIONS

ballot without application they shall notify such elector in writing giving him the reason for such rejection or decision.

5. If a person entitled to an absentee ballot under this section is unable to sign his application because of illness or physical disability he shall be excused from signing upon making a statement, which shall be witnessed by one person, in substantially the following form: "I hereby state that I am unable to sign any application for an absentee ballot without assistance because I am unable to write by reason of my illness or physical disability. I have made, or have received assistance in making, my mark in lieu of my signature".

Such statement shall be included in the application blank form furnished by the village clerk.

6. Printed forms containing the application for the absentee ballot, in accordance with the requirements of this section, shall be in the form prescribed by the state board of elections and shall be provided by the village clerk and shall be available at the office of the clerk. Application forms for absentee ballots for use pursuant to this section shall be furnished by the village clerk upon request of the person authorized to vote under this section or by any such person's spouse, parent, child, authorized agent or any nurse charged with the care of such person.

§ 15-124. Duties of village clerk.

1. In addition to any duties of the village clerk specified in this chapter and the village law, the village clerk shall be the election officer of the village and shall have the responsibility for the general conduct of all village elections and shall have vested in him all authority, consistent with this chapter which may be reasonable and necessary to provide for the proper and orderly conduct of such elections and the proceedings preliminary and subsequent thereto.

2. The police department and the officers and members of such police department, if any, the office of the sheriff in a county in which a village or

part of a village is located or any police agency or department charged with the responsibility of law enforcement in any county in which a village or part of a village is located shall, whenever called upon by the village clerk, render to such village clerk all practicable assistance in the enforcement of this chapter. Such assistance shall be rendered to the village clerk at no charge to the village. Such assistance shall include, but not be limited to:

- a. the police telephone service;
- b. the investigation of any registrant or any applicant for an absentee ballot to determine his qualifications to be registered or vote, and
- c. the maintenance of order, regulation of traffic and the control of crowds on any day or days designated for voter registration and voting.

§ 15-126. Canvass of election.

1. The inspectors of election of each election district shall, immediately upon the closing of the polls at each annual or biennial election, proceed to canvass the votes cast thereat and shall complete such canvass without adjournment. They shall, before nine o'clock in the forenoon of the following day, file with the village clerk their certificates setting forth the holding of the election, the total number of votes cast for each office, the number of votes cast for each person for such office, the total number of votes cast upon each proposition voted upon, and the number cast for and against it. They shall also deliver to the village clerk at the same time and place all ballot boxes, if there be such, and all unused supplies and the American flag furnished for use in the polling place. If the village contains more than one election district, the board of trustees of such village shall meet at its usual place of meeting not later than eight o'clock in the evening of the day after the election. The village clerk shall produce at such meeting the returns of the inspectors of election, at which time the board of trustees shall canvass such returns and file in the office of the village clerk a certificate declaring the result.

2. a. The person or persons eligible and receiving the highest number of votes for an office shall be elected thereto.

b. In the event that more eligible persons than the number remaining to be elected receive for the same office or offices an equal number of votes, the board of trustees shall conduct a run-off election. Such run-off election shall be held on the first Tuesday at least ten days after the final certification of such tie result, subject to the provisions of paragraph b of subdivision three of

section 15-104 of this article, provided, however, that the only persons who shall be deemed nominated shall be those persons who shall have received such equal number of votes. The order of the candidates names on the ballot shall be determined by a drawing conducted by a village clerk, in the presence of all those persons who received such equal number of votes, or a representative of such persons.

c. Such run-off election may be waived and the selection made by lot as otherwise provided by this section if each person who shall have received such equal number of votes shall file with the village clerk, no later than two days after such final certification of such tie result, a written notice of consent that such selection be made by lot.

d. If a waiver of such run-off election shall occur, the village clerk, no later than two days after receiving written notice of consent that such selection be made by lot, shall certify such facts in writing to any supreme court justice within the judicial district in which such village is located and shall within three days summon the candidates before him or her and he or she shall by lot determine which of them shall be elected.

3. The village clerk may, and upon written request of any candidate received within two days of the date of the village election, shall cause a recanvass of the vote cast in any village election to be made. The recanvass shall be conducted by the county board of elections of the county in which the village is located. For the purposes of this section, a village shall be deemed to be located within a county if more than fifty per cent of the population of the village as shown by the last federal decennial, or special census resides in that portion of the village located in that county. The village clerk shall, within one day after the written request for a recanvass is received notify the county board of elections of such request, whereupon the board of elections shall assume the duty of such recanvass and shall take all steps necessary and consistent with this chapter to cause a recanvass of the vote. Such recanvass shall be completed within five days of such notice to the county board of elections. The institution of a recanvass shall immediately stay any further action by, or on behalf of, the village clerk with regard to further election procedures required by this section. Judicial review as provided by this chapter must be commenced no later than three days after the completion of the recanvass by the board of elections. Upon completion of the recanvass, the county board of elections shall notify the village clerk of the result. If no judicial proceedings have been instituted, the clerk shall proceed to notify the persons elected as

provided in this article. If judicial proceedings have been instituted, such notice shall not be given until completion of such review.

§ 15-128. Notice to person chosen to a village office.

The clerk of the village shall, within three days after the election of a village officer, notify each person elected of his election, and of the date thereof, and that, in order to qualify, he is required to file his oath of office with such clerk before entering upon the duties thereof; and, if an official undertaking be required of him by or in pursuance of law, that he is also required to file the same with such clerk and that upon his failure so to do he will be deemed to have declined the office. In the case of a village justice such notice shall further state that the filing of his oath with the county clerk of the county is also required. If an undertaking is required of a village officer after entering upon the duties of his office, the clerk of the village shall thereupon serve upon such officer, personally, a written notice that he is required to file such undertaking with the clerk within ten days after the service of the notice and that upon his failure to do so his office will become vacant.

§ 15-130. Election of trustees by wards.

The board of trustees of any village may, by resolution, and subject to a mandatory referendum, provide for the election of trustees by wards, alter existing ward boundaries or abolish wards and the election of trustees by wards. If a village elects trustees by wards separate ballot boxes or voting machines shall be provided for each ward.

§ 15-132. Votes upon propositions to be by ballot or voting machine.

All votes upon a proposition submitted at a village election shall be by ballot unless the board of trustees of the village has adopted voting machines as provided in this chapter, in which case machines may be used.

§ 15-134. Failure to designate terms.

No election of village officers, held in any village, shall be invalid on account of the failure of the electors to designate in their ballots the respective terms of office of persons to be elected thereat, for the same office, for

JUDICIAL PROCEEDINGS

15-138

different terms; but the persons so to be elected to such office, who are eligible and receive the highest number of votes, shall be elected. The person first named on a ballot containing the names of more than one person for such an office, and not designating their respective terms, shall be deemed designated for the longest term, the second, for the next longest term, and so on to the end; and the inspectors of election shall count the ballots and certify the result accordingly.

§ 15-136. Refusal of officer to surrender his office.

If a person who has been an officer of a village refuses or neglects to deliver to his successor in office, within ten days after written notification and request sent by order of board of trustees all the moneys, books, papers, records, property and effects of every description, which have come into his possession or under his control by virtue of his office and which belong to the village or pertain to the office, he shall forfeit and pay to the village the sum of twenty-five dollars for each and every day he shall so neglect or refuse, and he shall also pay all damages, costs and expenses caused by such neglect or refusal.

§ 15-138. Judicial review of matters relating to village elections.

The supreme court or any justice thereof within the judicial district and the county court or any judge thereof within the county, in which the village is located, shall have summary jurisdiction to determine any question arising and make such order as justice may require, in respect to village elections and registration therefor.

Identification numbers may be used only within the calendar year for which issued.

(d) The State Board of Elections shall promulgate an identification number application form, which shall be used by any board of elections. The application shall set forth:

(b) Petitions shall be filed with the applicable Board of Elections as set forth in the Election Law. The officer or Board shall endorse the day, hour and minute of receipt on such petitions. Such officer or Board shall keep a book, which shall be open to public inspection, in which shall be entered the name of the candidate, and volume or identification numbers of the petitions which have been filed and the time of their filing.

§ 6215.6 Construction of rules; substantial compliance.

(a) Except as specifically set forth herein, these rules shall be liberally construed and technical defects shall be disregarded where there has been substantial compliance and where a strict construction is not required for the prevention of fraud.

In such instances, the person or persons submitting the petition or petition volume for filing shall be deemed to be the applicant for the

(a) Within two business days of the receipt of the petition, the board with whom such petition was filed shall review the petition to determine whether the petition complies with the cover sheet and binding requirements of these regulations. Such review shall be limited to matters apparent on the face of the documents. Such review, and such determination, shall be without prejudice to the determination by the Board of objections and specifications of objections filed pursuant to the provisions of the Election Law.

(b) In the event that, upon the review conducted pursuant to subdivision (a) of this section, the board determines that a petition does not comply with these regulations, the board shall forthwith notify the candidate or candidates named on the petition of its determination and the reasons therefor.

Notification shall be given by overnight delivery or personal delivery only, unless the candidate shall have filed with the board written authorization, signed by the candidate, for the board to give notification by facsimile transmission. In the event that the candidate shall have authorized notification by facsimile transmission, then the board shall notify the candidate or the contact person, if designated, by facsimile transmission on the day of the determination to the number set forth by the candidate and shall, in addition, mail a copy of the determination to the candidate.

All correspondence required to be submitted to the SBOE pursuant to this paragraph must contain the complaint number and be submitted to: The New York State Board of Elections, Office of Enforcement Counsel, 40 Steuben Street, 3rd Floor, Albany, NY 12207.

(d) Hearings on Complaints

(1) Upon the written request of the complainant or respondent, there shall be a hearing on the record, unless prior to the hearing, the SBOE, in accordance with subdivision four of Section 3-100 of Article 3 of the Election Law, sustains the formal complaint as being uncontested. Any party to the hearing may purchase a transcript of such hearing.

(2) The complainant or respondent may withdraw his/her initial request for a hearing at any time. The parties may also agree, in the alternative, to resolve the complaint through an informal conference.

(3) The SBOE, Office of Enforcement Counsel, shall schedule a hearing if one has been requested by either the complainant or respondent, or if it is deemed by the SBOE, in accordance with subdivision four of Section 3-100 of Article 3 of the Election Law, as necessary to resolve the complaint. The SBOE shall attempt to schedule the hearing at a time convenient to all parties.

(4) The SBOE, Office of Enforcement Counsel, shall provide final written notice of the date, time and place of the hearing to the complainant and respondent, by certified mail, return receipt requested, or by commercial courier service with proof of delivery, not less than five (5) business days prior to the date of the hearing.

(5) Hearings shall be conducted by a panel of two Commissioners of the SBOE who are representatives of the two major Parties or senior staff members as selected by the Commissioners of that Party.

(6) Hearings shall be conducted at the SBOE Offices located at 40 Steuben Street, 4th Floor, Albany, NY 12207. An alternate location may be selected when deemed necessary upon agreement of the hearing panel.

(7) The complainant shall have an opportunity to present witnesses, documents or other evidence relevant to the allegations in the complaint, and to argue his/her position. The respondent shall also be given an opportunity to present witnesses, documents or other evidence and to argue his/her position in response to the complaint. The Hearing Panel may ask questions of both parties to elicit information relevant to a determination of the complaint. Any witnesses who testify shall be under oath. The Hearing Panel can request written materials or oral presentations by persons who are not parties to the matter if the panel determines that such materials or presentations would be helpful in its review of the complaint.

(8) The following rules of evidence shall be followed in the admission of testimony and exhibits in all hearings:

(I) Any oral or documentary evidence may be received, but the hearing panel shall, as a matter of policy, exclude irrelevant, immaterial or unduly repetitious evidence. Subject to these requirements and subject to the right of any party to cross examine, any testimony may be received in written form.

RULES AND REGULATIONS

6216.2

(ii) Documentary evidence in the form of copies may be received at the discretion of the hearing panel, if the original is not found readily available. Upon request by any party an opportunity shall be granted to compare the copy with the original, which shall be subject to production by the person offering such copies.

(iii) Cross examination may be conducted as the hearing panel shall find to be required for a full and true disclosure of the facts.

(iv) Any exhibit admitted as evidence by the hearing panel in a prior hearing may be offered as evidence in a subsequent hearing and admitted as an exhibit in such hearing. The hearing panel shall employ its experience, technical competence, and specialized knowledge in evaluating the evidence presented at the hearing for the purpose of making its finding of facts and arriving at a final determination.

(9) The hearing may be recessed and continued to a later time or day, at the discretion of the hearing panel.

(10) All hearings shall be electronically recorded, and a record of the proceedings shall be compiled by the SBOE. The record of the proceedings shall include:

(I) The electronic recording of the hearing;

(ii) A transcript of the hearing on the record if such a hearing was so requested in writing by the complainant or respondent;

(iii) Any documents or other tangible items introduced into evidence at the hearing, and a list of same in the order in which they were introduced;

(iv) The complaint and written response;

(v) All notices and correspondence between the SBOE, the complainant and the respondent; and

(vi) The results of any investigation conducted by SBOE staff in response to the complaint.

(e) Determinations

(1) If the hearing panel does not agree to sustain the complaint, the formal complaint shall be deemed dismissed and that shall constitute the determination of the panel.

(2) If no hearing has been requested in writing by the complainant or respondent, and if a hearing was not deemed by the SBOE, in accordance with subdivision four of Section 3-100 of Article 3 of the Election Law, as necessary to resolve the complaint, then a panel of two Commissioners of the SBOE who are representatives of the two major Parties or senior staff

members as designated by the Commissioners of that Party shall make a determination based on the written submissions of the complainant and respondent and any other relevant information obtained by the SBOE.

(3) The determination of a panel will be final unless changed by the SBOE pursuant to subdivision four of section 3-100 of Article 3 of the Election Law, within ninety (90) days of the Notice of Acceptance of Complaint being issued by the Office of Enforcement Counsel. A final determination shall be filed and published by the SBOE within ninety (90) days of the Notice of Acceptance of Complaint being issued by the Office of Enforcement Counsel, unless the complainant agrees to a longer period of time. When a violation has been found, the final determination shall include an appropriate remedy for any violation of Title III of the Help America Vote Act of 2002 (HAVA) found by the SBOE. A final determination dismissing a formal complaint may be filed by anyone member of the panel. Filing and Publication shall occur upon posting of the final determination on the SBOE web site — www.elections.state.ny.us. The SBOE shall mail a copy of the final determination to the complainant and respondent.

(4) The final determination shall include findings of fact regarding the alleged violations, based on a preponderance of the evidence standard, and shall specify an appropriate remedy if a Title III violation is found. If no violation is found, then the final determination shall dismiss the complaint. Any complaint that is not timely filed or does not allege a violation of Title III of HAVA that has occurred, is occurring or is about to occur with regard to a federal election may be dismissed by the SBOE in a written determination.

(5) The SBOE, Office of Enforcement Counsel shall provide copies of the final determination to the complainant and respondent.

(f) Remedies

(1) Remedies available under this procedure shall be directed to the improvement or correction of election procedures governed by Title III and must be consistent with state law. Remedies may consist of a directive to the local or state official(s) or entity/entities to undertake or to refrain from certain actions or to alter certain procedures pertaining to federal elections.

(2) A remedy provided for under this rule may not include any award of damages or payment of costs, penalties or attorneys fees, and may not include the invalidation of any election or a determination of the validity of any ballot or vote.

RULES AND REGULATIONS

6216.3

(3) No provision of this section shall be construed to impair or supersede the right of an aggrieved party to seek a judicial remedy including a judicial remedy concerning any final determination made pursuant to the Alternative Dispute Resolution procedure as outlined in 6216.3 below. The SBOE shall provide notice to all complainants of the provisions of this subdivision.

(g) Costs of conducting hearings

(1) The SBOE shall be responsible for the costs of administering hearings. This shall not include any expenses of any complainant or respondent to the hearing.

§ 6216.3 Alternative Dispute Resolution.

(a) Purpose and Overview

(1) Whenever a final determination of a formal complaint is not made within ninety (90) days of the date of acceptance as established in 6216.2(c)(3) above, or any other longer agreed upon time period, the SBOE shall refer the formal complaint to an independent, alternative dispute resolution (ADR) agency. Such hearings and determinations shall be conducted by the alternative dispute resolution agency pursuant to regulations as outlined below. Such agency shall have sixty (60) days, from the expiration of the original ninety (90) day time period, or any other longer agreed upon time period, to make a final determination. The SBOE shall contract, pursuant to subdivision four of section 3-100 of Article 3 of the Election Law with one or more such alternative dispute resolution entities for this specific purpose.

(b) Referral to ADR Agency

(1) As soon as the SBOE has exceeded the ninety (90) calendar day period as established in 6216.2(c)(3) above, or any other longer agreed upon time period, the complaint will be forwarded immediately to the administrative office of the ADR agency selected by the SBOE from those agencies under contract with the SBOE to provide such services.

(2) The materials forwarded shall include:

(i) The electronic recording of the hearing;

(ii) A transcript of the hearing on the record if such a hearing was so requested in writing by the complainant or respondent;

(iii) Any documents or other tangible items introduced into evidence at the hearing;

(iv) The complaint and written response;

6216.3

THE ELECTION LAW

(v) All notices and correspondence between the SBOE, the complainant and the respondent; and

(vi) The results of any investigation conducted by SBOE staff in response to the complaint.

(vii) Contact information for each party which will include addresses, phone numbers, fax numbers and email, if available;

(viii) Any other information relevant to the complaint, including any specific requirements for arbitration.

(c) Selection of Arbitrators for Inclusion on Panel

(1) The ADR agency selected by the SBOE shall select arbitrators who shall be evaluated for inclusion onto a panel from which they may be selected for each case submitted under this program.

(2) The ADR agency will approve an arbitrator for inclusion to the panel, based upon background, training and requisite experience. The arbitrator must have significant arbitration experience dealing with matters of legislation and law. A current resume will be kept on file by the ADR agency for all arbitrators included on the panel. Each arbitrator must have professional liability insurance coverage.

(3) The ADR agency panel recommendations will be sent to the State Board of Elections which may challenge inclusion based upon just cause.

(4) The panel shall include at least two (2) arbitrators able to perform hearings within each of the six regions currently established in New York State by the Election's Commissioners' Association of New York State.

(5) Arbitrators approved for inclusion on the panel will be required to attend an orientation for this program and issues relative to HAVA, conducted by the ADR agency and the SBOE.

(6) There will be periodic roster review by the applicable ADR agency and the SBOE, to occur at least every two (2) years, for continuation of an arbitrator to remain on panel.

(7) A training component may be added by the ADR agency and the SBOE if sufficient qualified arbitrators fulfilling the geographic representation cannot be obtained after an adequate search.

(d) Assignment of arbitrators to specific cases

(1) An arbitrator will be selected by the ADR agency for each case submitted under this program.

(2) Selection of an arbitrator shall be done geographically based upon the origin of the complaint from those panel members able to perform hearings

within the specific region. Selection will be determined on a rotating basis, constrained by arbitrator availability to provide services within the legislatively mandated sixty (60) calendar day period from the expiration of the original hearing request. First preference will be given to a local arbitrator in a region. To accommodate schedules and keep within the legislative mandate, an arbitrator from an outside region may be utilized.

(3) An arbitrator may be removed from serving on a particular case for bias or any financial or personal interest, or prior relationship to one or both parties or their representatives, and if their serving is objected to by one or both parties, based upon that prior relationship. An arbitrator shall disclose in writing any such bias, financial or personal interest or relationship immediately to all parties upon gaining knowledge of same. An arbitrator may also be recused if he/she cannot/refuses to abide by guidelines (i.e. ethics/standards) of either the SBOE or the ADR agency. An arbitrator may also be recused for another reason, if deemed valid by the SBOE.

(e) Case processing

(1) The ADR agency will conduct an expedited cost-effective process where complaints are decided in a timely manner, but not at expense of a full and complete investigation.

(2) The ADR agency will review the materials submitted by the SBOE, and forward a copy of the materials to the appointed arbitrator. Within a period of fifteen (15) to twenty (20) calendar days after receipt of the complaint and supporting documentation, the ADR agency and the arbitrator will schedule the hearing in a neutral, convenient, and accessible location to the complainant.

(3) The ADR agency will forward the following information to the parties:

- (I) Date of arbitration;
- (ii) Location of arbitration;
- (iii) Appointed arbitrator, and summary of arbitrator vitae when requested;
- (iv) Any disclosure statement the arbitrator may deem relevant;

(4) The parties will have seven (7) calendar days to object to the arbitrator on the grounds of a prior relationship or due to another reason deemed sufficient by the ADR agency and the SBOE. The parties will also have seven (7) calendar days to make a request for the arbitrator to subpoena another party/parties to attend the arbitration.

6216.3

THE ELECTION LAW

(5) An arbitration will be held, giving the parties full opportunity to present evidence and testimony.

(6) The arbitrator will then analyze all materials relevant to the complaint, and develop a written statement clearly explaining his/her decision and a remedy to the complaint, if applicable.

(7) The arbitrator's decision will be advisory in nature, not constituting a final and binding award. The arbitrator will forward his/her written arbitration decision to the ADR agency, which will forward a copy to both parties, as well as the State Board.

(8) The entire process from complaint forwarding to the ADR agency, to dissemination of the decision to the parties will take no more than sixty (60) calendar days, with the exception of an adjournment of the case beyond the sixty (60) day time frame as agreed to by the parties. Adjournments will be determined by the arbitrator.

(9) The procedures and relative elements of the Arbitration Program will be subject to review, at least annually.

(f) Arbitration remedies

(1) Recommended remedies available pursuant to arbitration shall be directed to the improvement or correction of election procedures governed by Title III and must be consistent with state law. Remedies may consist of a recommendation directing the local or state official(s) or entity/entities to undertake or to refrain from certain actions or to alter certain procedures pertaining to federal elections.

(2) A recommended remedy provided for under this rule may not include any award of damages or payment of costs, penalties or attorneys fees, and may not include the invalidation of any election or a determination of the validity of any ballot or vote.

(3) No decision of the arbitrator shall be construed to impair or supersede the right of an aggrieved party to seek a judicial remedy. The decision of the arbitrator must provide notice to all parties of the provisions of this subdivision.

(g) Costs of conducting arbitration

(1) The SBOE shall be responsible for the costs of administering arbitrations as the same are established in the agreement between the SBOE and the ADR agency entered into pursuant to subdivision four of section 3-100 of Article 3 of the Election Law. This shall not include any expenses of any complainant or respondent to the arbitration.
